INTRODUCTION.

---

A PRESSURE of affairs of a public nature for four years past has prevented me from giving to this fifth volume of the Documentary History of Maine the attention which the work demanded, hence what has appeared like unnecessary delay in its publication. As no one, however, was at hand who could relieve me of the labor of proof-reading, a not altogether inspiring task, as all know who are familiar with the vagaries in spelling which our illiterate forbears, it would seem, delighted to make as complicated as possible, the delay was unavoidable. What I have done I have tried to do thoroughly, and have carefully compared the proof-sheets with my copies of the original manuscripts, which I regard as most trustworthy, hence I believe that no material errors will be discovered.

To Mr. Edward Denham, of New Bedford, to whom our Society is so greatly indebted for unselfish labor in its behalf, am I under especial obligation for the excellent index which accompanies the volume.

To Isaac Addington Esq<sup>r</sup> :

Falmouth : 9<sup>br</sup> 16<sup>th</sup> : 1689

S<sup>r</sup> Yesterday in the Evening arived the Mary the Severall goods I have this Morning recd most of them on shore I could have been glad if more bread had been sent for our Stock was reduced to a little more than fñd and as for pease

we are quite out. I have been and Still am Endeavoring to purchase what Small peells I can get for mony or any other pay of my own that I have to make for them, our Meat was quite gon yesterday. And the Inhabitants not willing to bring in any without some redy payment, upon w<sup>ch</sup> haveing a written order from the Major I Employed the Constable to Impress a peell of beef w<sup>ch</sup> was on board a Shallop bound westward, belonging to One Wallace w<sup>ch</sup> he was careing to purchase cloathing for his family, it being about nine beves, I promised him that he Should be Speedily paid, w<sup>ch</sup> I desire may be fulfilled when he comes to Boston w<sup>th</sup> his noat for the same.

As for sending the Severall acco<sup>t</sup> of the Soldiers by Mr Alden I doubt I shall not be able to accomplish. I haveing been under great disadvantage by the Severall officers refusing to take up for thier companies, and to give me a perticular acco<sup>t</sup> of the Same. w<sup>ch</sup> if thay had so don I should have been able before this time to have transcribed each acco<sup>t</sup>, but it has been my work dayly to deliver to each man every trifle w<sup>th</sup> my own hand an acco<sup>t</sup> of w<sup>ch</sup> cannot be so soon sent as desired.

I Suppose If the Honored Gov<sup>r</sup> & Councell Should See cause to appoint Cap<sup>t</sup> Davis to receive what is left, and to Inspect and render an acco<sup>t</sup> of the disposall of the Same he would not refuse it, he being the fittest man as I Know of. I have Not time to Enlarge being in a greater hurry then your Selfe can redily be Sencable.

I desire that Either orders to draw bills for provisions or a more full Supply of goods be Sent to pay for them here. Some fall Shoes stockings Mettings and I doubt Some more linen will be wanting among the Soldiers all w<sup>ch</sup> w<sup>th</sup> what ever else may be thought need full I hope will be sent p the first opertunity

To the Honored Gov<sup>e</sup>

Province of Mayn, Falmouth 9<sup>br</sup>: 18<sup>th</sup>: 1689

S<sup>r</sup> Since I recd order p m<sup>r</sup> Alden I have done what I could  
in Settling and transcribing the acco<sup>t</sup> of as many of the Sol-  
diers as I could, those belonging to the Plimouth Soldiers  
comes p Cap<sup>t</sup> Basset though for want of time to compare &  
examin them makes me Some what doubtfull about them  
lest any acco<sup>t</sup> or p<sup>t</sup>icular Should be Omitted. Some of our  
English Soldiers acco<sup>ts</sup> are here Inclosed w<sup>th</sup> some Intema-  
tion to the Gentlemen of the Committee about them. I hope  
it will not be long before I shall receive Orders for my Come-  
ing home where I hope I shall be able to give as good an  
acc<sup>t</sup> of my Stewardship as the Circumstances which I have  
been under would admit, I Suppose if the Councell Sees  
cause Cap<sup>t</sup> Davis will be willing to take the charge of what  
remains In the Stoar for the present.

It will be needfull that Some more bread be Sent, the  
Corn w<sup>ch</sup> came will Stand in little Stead except it can be  
ground, w<sup>ch</sup> I doubt will Scarce be done here now so many  
of the Soldiers are drawn and drawing off, what goods are  
come I doubt will not be enough to Supply the Soldiers w<sup>th</sup>  
cloathing or but little of it can be Spared towards the pay-  
ing for or purchasing meat. if goods had come for that  
End it would have been convenient that I should have had  
Some Intimatio concerning the price of beef what to allow  
a<sup>l</sup> as mony. as for pease I Suppose the cheapest way will be  
to Send Some from Boston for I can hear of but few to be

had here : I have not time to Enlarge but hope that what is wanting will be considered of and Sent p the next and at present remayn

Falmouth : 21 : 1689

M<sup>r</sup> Isaac Addington

S<sup>r</sup> These may Serve to Inform Somthing of the present State of affaires here in Falmouth Those soldiers left here are most of them men of Ill behaviour and take little notice of thier Commander, Espeshally Since thier Cap<sup>t</sup> went hence, though for my part I am of opinion thier present disorder is the effects of the want of that due method of Strict Govern<sup>t</sup> w<sup>ch</sup> thay Should have Known before. I would not reflect upon any man, but I am fully pswaded that if thay are not Speedily und<sup>r</sup> a prudend Commander thier Cariage here will be dishonorable to God and to the Country, and Unsafe for this Town for many of them do often Swear that they will march away home, & it is hard for me to Keep any of that Supply of goods w<sup>ch</sup> came last for the other Garisons, thay many of them thretning to pull down the Stoar house and take what they please, I wish that Speedy care may be taken to rectifie what is amiss.

This day Some of them wer pswaded to go up to Guard the Mill while Corn is grinding, and it is Intended to Continue a gaurd thier (if pswation will do) untill a Sufficient quantity of Corn be ground for to last the Town the whole winter, and then wholly to leave off grinding, therefore if it be thought convenient to Send any more corn here, move

that it be chiefly Indian. Some ground and Some Unground as also Such a quantity of bread as may be thought Sufficient for the winter, here are now of Soldiers and listed Inhabitants Seaventy Nine men in this Town w<sup>ch</sup> eats of the Countrys bread besides those at Spurrwink, Blackpoint and Saco.

Some fall Shoes are desired & Expected by Some of the Solders as also Some Stockings & Some more Shirt cloath, as also Some more coats, breeches Neckcloaths &c: The want of a compleat Invoice of the Severall goods formerly Sent w<sup>th</sup> the price of each sort, is a great disadvantage, for w<sup>th</sup> out w<sup>ch</sup> I cannot send home the Severall Soldiers acco<sup>ts</sup> w<sup>ch</sup> are gon, nor leave the acco<sup>ts</sup> here of the severall soldiers w<sup>ch</sup> are left w<sup>th</sup> whom the councill shall apoynt to succeed in this charge when thay see cause to send for me home w<sup>ch</sup> I hope will be Speedily, w<sup>ch</sup> w<sup>th</sup> due respects to yo<sup>r</sup> Selfe is all at present from S<sup>r</sup> yo<sup>r</sup>

Joseph Prout/

Those soldiers now in the Fort and Capt Davis are most orderly and under the best command of any here, and therefore I would not be understood to reflect upon him or those under his charge./

dian enemies by supplying them with armes & amunition, which assures vs, y<sup>t</sup> by all wayes & meanes they can, they will endeavour y<sup>e</sup> hurt & destruction of their Majestyes subjects here, which while they have and considerable fortyfyed port or Harbour near vs they are y<sup>e</sup> more advantaged to doe; Wee y<sup>e</sup> Co<sup>m</sup>mission<sup>rs</sup> of the Colonys of y<sup>e</sup> Massachusets N Plimouth & province of New Hampshire, Doe therefore co<sup>m</sup>end it to y<sup>e</sup> hon<sup>r</sup>ble y<sup>e</sup> Gov<sup>r</sup> & Council & representatives of y<sup>e</sup> Massachusets Colony now assembled, & alsoe to y<sup>e</sup> rest of y<sup>e</sup> govern<sup>ts</sup> of y<sup>e</sup> Colony<sup>s</sup> & Provinces in these parts That his majestys Declaration of Warr against y<sup>e</sup> ffrench King & his Subjects be forthwith published in y<sup>e</sup> respective Colonies, And y<sup>t</sup> Due care be taken y<sup>t</sup> the Militia be wel settled & y<sup>e</sup> fortyfyacions in y<sup>e</sup> Seaport Towns be fitt for service, y<sup>t</sup> soe wee may be in y<sup>e</sup> best posture we can to defend ourselves from any Attack of y<sup>e</sup> enemy, & to assist each other wee farther co<sup>m</sup>end to y<sup>e</sup> Hon<sup>r</sup>ble y<sup>e</sup> Gov<sup>r</sup> & Council & Representatives here sitting y<sup>t</sup> a Co<sup>m</sup>itte<sup>e</sup> of meet persons be appointed to inquire into y<sup>e</sup> present state & condition of our said neighbours y<sup>e</sup> ffrench, & consider what may be proper & necessary for vs to doe respecting them, so as to prevent their being capable to make farther deperadations on vs, & their assisting & supplying our Indian enemies; & make report thereof to y<sup>e</sup> present Convention or in their absence to y<sup>e</sup> Gov<sup>r</sup> & Council

We Joseph Em̃erson & Jacob Whiticker both of Haverhil being y<sup>e</sup> last winter pressed as souldiers for S<sup>r</sup> Edm<sup>d</sup> Andross's Expedition to y<sup>e</sup> Eastward were put under the Coñmand of Capt: Lockart, & do testifie y<sup>t</sup> at o<sup>r</sup> first arrivall at Pemaquid, Leiv<sup>t</sup> Weems gave us & y<sup>e</sup> rest of y<sup>e</sup> Souldiers this welcome to Pemaquid, Hell is like to be youre winter quarters, & y<sup>e</sup> divel yo<sup>r</sup> Landlord; and at at other times his coñon ward was, Damn'd Sons of Whores, often beating us: Cap<sup>t</sup>: Miner also would often strike y<sup>e</sup> Souldiers w<sup>th</sup> his Cane, & sometimes w<sup>th</sup> his half pike most abusively, calling them according to y<sup>e</sup> aboves<sup>d</sup> Pemaquid complem<sup>t</sup>. Cap<sup>t</sup>: Lockhart w<sup>n</sup> he was at New-Dartmouth coñmanded us to stand to o<sup>r</sup> armes; One sould<sup>r</sup> said I am not able, then he beat that souldier w<sup>th</sup> his Cane, & kicked & abused him in such wise y<sup>t</sup> y<sup>e</sup> blood ran out of his mouth. The sould<sup>r</sup>: did say upon his death, w<sup>e</sup> was quickly aft<sup>r</sup>, y<sup>t</sup> The abuse he received of Cap<sup>t</sup> Lockarts hand, at y<sup>t</sup> time was y<sup>e</sup> imediate cause of his death. Another Souldier he compelled to carry a burthen

too heavy for him, notwithstanding his complaint to him; y<sup>e</sup> Souldier oft saying The carrying y<sup>e</sup> burthen would break his heart & yet he was forced to carry it till y<sup>e</sup> March was ended, thô: he was very sick, still complaining for seven or 8 dayes, & then died.

Aft<sup>r</sup> o<sup>r</sup> arrival at Pemaquid We were compelld on board a Vessel to go we knew not whither, Capt Lockart swearing, All should go, both Sick, & Well: Many Sick Souldiers were packt into y<sup>e</sup> hold w<sup>th</sup> y<sup>e</sup> rest: W<sup>n</sup> We came to Sea we could have no Victualls dressed till y<sup>e</sup> Seamen had dressed theirs; & if y<sup>e</sup> Wind was at o<sup>r</sup> Starn, y<sup>e</sup> smoke would offend o<sup>r</sup> Capt: & y<sup>n</sup> y<sup>e</sup> fire must be put out, & we must have no Victualls, &, w<sup>n</sup> we came on Shoar, many of them y<sup>t</sup> were sick, & forced on board, died in a few [days] after. Then Capt: Lockart comāded all to march vp Kenibeek river; One said, I am so sick, I am not able to march: God damn you for a dog, said Lockart, you shall go; & he went ab<sup>t</sup>: a day & half's march & died. At another time; being in o<sup>r</sup> armes one man chanced to look aside, & Cap<sup>t</sup>: Lockart w<sup>th</sup> his half pike knocked him down, so y<sup>t</sup> he fell from y<sup>e</sup> first to y<sup>e</sup> 2<sup>d</sup> or 3<sup>d</sup> rank. Capt: Maning also was often beating & abusing the men, breaking y<sup>r</sup> heads either w<sup>th</sup> his cane or half pike: Once we saw him strike one souldier w<sup>th</sup> it over y<sup>e</sup> head, & broke his half pike in two; y<sup>n</sup> he caught y<sup>e</sup> other half & struck y<sup>e</sup> Sould<sup>r</sup>: again & again upon y<sup>e</sup> head, till y<sup>e</sup> blood ran down amain & y<sup>e</sup> man remain'd stounded a considerable time. These kind of things, w<sup>th</sup> y<sup>e</sup> taking away one half of y<sup>e</sup> Kings allowance hath been our condition.

In witness to y<sup>e</sup> truth of all abovewritten We set our hands, & will swear unto w<sup>n</sup> called so to do.

Jacob Whiticker appeared before me, & upon Oath affirms y<sup>t</sup> w<sup>t</sup> is above written & signed by him, is truth, & y<sup>t</sup> Joseph E<sup>m</sup>erson did signe to y<sup>e</sup> same, thô : now by reason of sickness taken in S<sup>r</sup> Edmonds service, he is forced abroad to y<sup>e</sup> Phisitians.

The testimony of Isaack Miller aged about twenty yeares saith y<sup>t</sup> when I was at pemaquid along with the rest of the souldiers w<sup>ch</sup> were then Impressed out against the Indian enemie & being under the Co<sup>m</sup>and of S<sup>r</sup> Edmond Andros we sufered very much for want of prouission being allowed but one biskett Cake a Day & three pounds of flesh, for a weeke & 2 quarts of pease w<sup>ch</sup> was o<sup>r</sup> generall allowance 14 dayes after we had ten biscakes a weeke & this cutting us short of the Kings allowance brought us very low & weake & seuerall died : when there was prouission enough In the fort But after S<sup>r</sup> Edmond was under Confinem<sup>t</sup> at Boston & we had the Kings allowance we had a sufficient suply & to spare./

Peter Plimpton aged about three & twenty yeares testifieth to the abovewritten/.

peter plymton/

Also the s<sup>d</sup> Miller further saith that when Casteen a frenchman & being at that time looked at to be an enemy to the Interest of the Kings subjects & an aider & abetter of our enemies the Indians I went by order of Sir Edmond Andros in a sloop with M<sup>r</sup> John Alden to carry prouission to the s<sup>d</sup> Casteene & we deliuered a barrell of porek two hundred of Bread sixe or eight bushells of Corne & seuerall rundletts & after this prouission was deliuered to Casteene we suffered so as that for two dayes, we that were souldiers had no food

allowed us although there was enough before that was delivered to Casteene. —

*Proposals of John Nelson*

Boston January the 4<sup>th</sup> 1689

To the Gouvernor Councill & Representatiues now Assembled, the Proposals of your Subscriber Towards the Publique Safety and Tranquility of these Countries, as Circumstanced in regard of the Present Extremities Lying on us, Occasioned from the Warrs of the Natiue Neighboring Indians, & the french now our declared Enemies, and their Instigators and Abettors, which causes the offer of these following heads to your Consideration.

first that by a defensiu warr nothing but bare defence can be hoped for; and of which wee haue hither too failed to our greatt loss and Imporishment, and if only soe continued may proue an Irreparable ruine; for preuention of which, lett us butt Submitt to the common Rules of Prudence, which teaches that both in the Naturall and Politicall Body it is much better to preuent and meet an euil then to Attend or Waite it; all people or Nations haue always chosen to maintaine the Warr in their Enemies Countries, rather then their owne, but more especially when it has had the most Rationall Arguments both of Conquest and Peace to themselves, of which wee are now perhaps the most Proper Subjects to be discoursed of in that nature that I Know in the whole world, which that you may grant me, I must farther Prosecute from these reasons,

first that though Naturally the cause hath some Proportion to the Effect, yett here it is not soe, the Origine of our mischeife is from the french, whose Numbers are few, and Circumstances necessitus and weake, which Oblidges them to the Improuement of their Barborous freinds and now our Enemies, for their owne Safty, and our Destruction, for remoucall of which euills it doth highly behoue us to Improue our present oppertunity of this Winter Season, in our

preparations for the Spring, soe early as to prevent the Fortifying or vesting the Late recruits come unto Port Royall from France, which if wee giue Leisure unto, may and will be of such fatall Consequence unto this Land, both in regard of the fishery, and the Indian warr (as if not prevented Of Extraordinary Assistance from the crowne) will shake our uery foundations, but Presuming most men that haue knowledge or enquired after the Circumstances of this Country are conuincd and must Assent to what is said; I shall proceed and Lay downe what to me seemes most Necessary at this Juncture to be done, first whereas our late and Present charges are equall if not aboue what the Country is able to beare and from thence may be feared an Obstruction in that Publique way as might be desired, to remoue which Obstacle it hath bin the discourse and resolution of Diuers priuate Gentlemen to offer for y<sup>e</sup> Publique Benefit to carry on this enter prize at their owne charge, and in such methods as by a Comitty from you Joyned with our selues, may be thought most Conuenient, to which Purpose we Apply our selues unto you for Approbation and Countenance, in permitting Volunteers to be leuied and Comissions to be granted, to all Necessary and respectiue Officers, and such rules and Instructions as may be agreed on, and thought most conuenient for the conduct and good of this Expedition, Experience hath taught us how ineffectuall all our home endeauors has bin soe far from remedy as rather hath increased our miseries, and Incouraged the enemy, by this enterprize we shall not only diuert their Attempts the next Campaigne, but by the blessing of god posses our selues of those countries, which will at once ouercome our french, and reconcile our Indian Enemies, who seeing us masters of those parts, must of Necessity comply with us, or Abandon their country and Places, of which they haue as passionate a regard unto, as any nation in the world, by this we render our selues seruisable to the crowne, and Effectually Show our selues to

bee as we haue often professed, not only true and Loyall, but most ready to premote According to our Abilities the Intrest of the Protestant religion the Honor of our King, and Nation; which that these Proposals may Effect, and haue their desired Success is the Prayers of him who is

Gentlemen Y<sup>r</sup> most humble Servant

In answer to the Councell & Representatives desire of the 10<sup>th</sup> inst. Signified unto us: haveing discussed the severall particulars reco<sup>m</sup>ended to our considerations, relateing to an intended expedition against the french of Nova Scotia, of whose ill neighboured & influence being thorowly convinced—

Wee have joynd our assent unto these following heads which we reco<sup>m</sup>end and prefer to your better considerations/

- 1<sup>st</sup> That wee think it absolutely necessary to set forth sufficient forces for y<sup>e</sup> reduction of Fort Royall & places adjacent —
- 2<sup>y</sup> That the forces to be sent cannot be lesse than five hundred men effective —
- 3<sup>y</sup> That wee think it most convenient the designe be undertaken and the charges be defrayed by the country: the benefit being universall & such as i<sup>m</sup>mediately concerns the peace & safety of this Country & without which the charge of a defensive war with the Natives (which this we believe will prevent) will amount to a far greater sume without any probable successe —
- 4<sup>y</sup> That if the circumstances of the Country be Such as to render the enterprise impossible on the Publick charge Then you will be pleased to give encouragement & invitation unto Such private undertakers as Shall offer themselves on these following termes which wee presume to be most reasonable viz<sup>t</sup>:

1. That you permit Volunteers to be raised & Commissions to be issued out for all necessary officers —
2. That you will be pleased to lend or furnish the two Sloops now in y<sup>e</sup> Countrie<sup>s</sup> Service gratis —
3. That the Sole benefit & profitts of said french country be appropriated unto the undertakers or company (waiteing his Maj<sup>ties</sup> comānds & settlement for the future disposall) —

To say the Indian trade & what plunder may be reasonably made both of Stores of warr or otherwise (Saveing the performance of all such articles as may be concluded with the Inhabitants upon Surrender which wee expect)

And further That this Country will make some publick Act whereby to assure unto the Gentlemen that shall undertake, a full & real reimbursement of what the plunder &c shall fall short of the principall Summe, in case the french Country be wrested out of their hands by any accident before the first disbursement can be or is discharged —

5<sup>ly</sup> That one or both of the Sloops aforesaid be well fitted & prepared for the defence of our fishery along the Coast of Cape Sables (the Gentlemen concerned in s<sup>d</sup> fishery haveing generously offered the countenance and assistance of any Suitable Number of their Vessells for transportation &c

Lastly That your Resolves may be expeditious the Season coming on apace & the affair cheifly if not wholly depending (next under God) on expedition

To the Kings most Excell<sup>t</sup> — Maj<sup>ty</sup>

The humble peticōn & address of severall of yo<sup>r</sup> Maj<sup>ty</sup>s Loyall subjects (in behalf of themselves & others) the present & late Inhabitants of the Province of Maine & County of Cornwall in the Eastern part of yo<sup>r</sup> : Maj<sup>ty</sup>s : Territory & Dominion of New England in America. Sheweth/

That in y<sup>e</sup> Summer 1688 the Eastern Indians made Warr upon yo<sup>r</sup> pet<sup>ts</sup> & other yo<sup>r</sup> Maj<sup>ty</sup>s subjects in these parts and Seized & Carried away severall of them Captive, some of whom they killed & others perished by their hardship & Cruelty and plundered & spoiled their goods & Estates, & after burnt & destroyed severall of their Setlem<sup>ts</sup> & habitacōns, But so soone as his Excellency Sr Edmund Andross Kn<sup>t</sup> Our Governour returned from New Yorke, & had a full account and Informacōn thereof, he imediately raised & dispatched such forces to Our assistance as gave Protection to the Inhabitants there & security to their Estates, & put a stop to the further Rage & fury of the heathen, and in the following Winters service against them, where he was in person, reduced them to that want & necessity both for provision & amunicōn that in all appearance they would in a very short time have submitted at merey or been wholly subdued & overcome. And during that time Wee suffered not the least losse in our persons or Estates by them.

That to our great griefe & loss in Aprill following, a most unhappy insurrection or Rebellion broke forth at Boston (for what reason or Cause is to us unknowne) the people both of the Town & Countrey taking to Armes on y<sup>e</sup> 18<sup>th</sup> of the Month did violently Seize & imprison the Governour & other principall officers, tooke possession of the Forts & Garrisons, & wholly subverted the Governm<sup>t</sup> and instead thereof Erected & set up a Certaine Committee or Councill of safety, Consisting of severall of the principall Actors

therein, who soone Ordered all the Forces in the Eastern parts to Come home imediatly, drew them of from their severall Garrisons & stations, & left that Countrey without any succour or Defence, and imprisoned the Officers that Comanded yo<sup>r</sup> Maj<sup>ty</sup>s souldiers there./

That some short time after this change of Governm<sup>t</sup> the Indians were supplied w<sup>th</sup> stores of Warr & amunition by vessells sent by some in Boston to trade w<sup>th</sup> them, & there-upon tooke new Courage & resolution to Continue the Warr, and having got to their assistance other Indians who before were unconcerned they presently burnt and destroyed the several Fortificacōns which the Forces had deserted The Towne & Garrison at Pemyquid & severall Townes & places and ruinated & depopulated the whole County of Cornwall & great part of the Province of Maine before any help or assistance was sent from Boston. And also great Murthers & Spoiles were by them Comitted at Chacheebe on Piscattaway River, whereby (besides the loss of 300 of yo<sup>r</sup> Maj<sup>ty</sup>s subjects) yo<sup>r</sup> Pet<sup>s</sup> have received damage in their Estates & Trade to the value of 40000<sup>li</sup>: and it is to the utter Ruine and undoeing of many of them. And if not timely prevented by yo<sup>r</sup> Maj<sup>ty</sup>s special Grace & favour may be of like fatall consequence to many others yo<sup>r</sup> Maj<sup>ty</sup>s Subjects in those and the neighbouring parts wholly Exposed to the rage & fury of the heathen whensoever they shall attack them. The Forces (w<sup>ch</sup> after all the spoile & mischief was done this summer were sent out) being now returned home without any sort of Advantage against the Enemy.

And wee Cannot but very justly Conclude & Judge that all this misery losse and Calamity which hath befallen us & this Countrey hath bin Continued & increased upon us, by Occasion of the late Insurrection & alteracōn of the Governm<sup>t</sup> at Boston and the irregular proceedings & managem<sup>t</sup> of affaires there since that time./

### *Testimony.*

The testimony of Joseph Graves aged 46 yeares or thereabout, & Mary Graves aged about thirty yeares, of John Rutter aged 40 yeares or thereabout witnesseth,

That on the 2<sup>d</sup> day of January 1688. Solomon Thomas, Indian being at the house of Joseph Graves in the Towne of Sudbury, Said, That when the fight at the Eastward should be, if the Indians had the better of it, as the English did retreat the friend Indians were to shoot them downe; but if the English get the day we say nothing. And that in the Spring french & Irish would Come to Boston as many & all won Indians: for that was the first place that was to be destroyed: & after that the Country Townes would be all one nothing. And further the said Solomon That the Govern<sup>r</sup> had given him a booke w<sup>ch</sup> s<sup>d</sup> Goven<sup>r</sup> said was better

than the Bible, & all that would not turne to the Governour's religion and owne that booke should be destroyed: In w<sup>ch</sup> booke he the s<sup>d</sup> Thomas said was the picture of our Saviour & of the virgin Mary & of the twelve Apostells, & the Governour said when we pray, we pray to the Virgin Mary. & when the fight should be at the Eastward The Governour would Sit in his Wigwam & say O brave Indians. Wherevpon John Rutter told the Indian that he deserved to be hanged for Speaking such things, but the Indian replied it was all true: vpon the hearing this discourse we resolved to Come to Boston & acquaint Authority with it, but by reason of Sicknes of Joseph Graues we Could not p<sup>r</sup>esently, but as soon as conveniently we could we accordingly appeared at Boston w<sup>th</sup> our information w<sup>ch</sup> the said Joseph Graues carryed to m<sup>r</sup> Bullivant a Justice of the Peace.

“*Richard Curlings Testimony.*”

Boston in New England Jan<sup>ry</sup> 1688<sup>2</sup>

Being desired, I thought very Convenient without y<sup>e</sup> least respect to Either parties, herein to give a brief Compendium, of what passed in letters from L<sup>t</sup> John Jordane to S<sup>r</sup> Edmund Andros from new Dartmouth in y<sup>e</sup> Eastern parts of New England in America; imprimis L<sup>t</sup> John Jordane finding it to be very requisite & necessary to march by night with a party throw y<sup>e</sup> woods to desery y<sup>e</sup> Enemie by thier fire, Earnestly & frequently wrote to S<sup>r</sup> Edmund for permission, but always received a revlvs: severall other letters passed between y<sup>m</sup> but I remember nothing in y<sup>m</sup> which

tended to y<sup>e</sup> prejudice of y<sup>e</sup> County. y<sup>e</sup> last letter y<sup>t</sup> L<sup>t</sup> John Jordane received from S<sup>r</sup> Edmund was from Piscatiway. y<sup>e</sup> contents whereof are these, S<sup>r</sup> Edmund haveing left his sloops with an Intention to goe for Boston by Land by reason of some rumours y<sup>t</sup> ware Spread abroad, he wrote this letter to m<sup>r</sup> Jordane, y<sup>e</sup> Contents of which are these :

After acquainting M<sup>r</sup> Jordane y<sup>t</sup> y<sup>e</sup> Mary sloop was sent to make a Treaty with y<sup>e</sup> Enemy, to which he expected y<sup>e</sup> Enemy whould Concede, & soe desired M<sup>r</sup> Jordane y<sup>t</sup> he whould treat y<sup>m</sup> with all manner of Civillity, & accommodate y<sup>m</sup> with what his Store afforded : if they came to those parts : finally after y<sup>e</sup> Councill of Boston had sent Major Savage with orders to displace S<sup>r</sup> Edmunds Officers : m<sup>r</sup> Jordane received a letter by Cap<sup>t</sup> Manning from Pemaquid : Signed by James Weems : Anthony Brokholes, John Brokhaven, y<sup>e</sup> consequence whereof is as followeth, since S<sup>r</sup> Edmund Andros was imprisoned & there had hapned a revolution in y<sup>e</sup> Government they must needs Expect noe Provisions from Boston, wherevpon they had sent Cap<sup>t</sup> Manning to desire M<sup>r</sup> Jordane to help y<sup>m</sup> with some planck, to repaire a Catch y<sup>t</sup> they had at Pemaquid, in like manner y<sup>e</sup> letter informed m<sup>r</sup> Jordane y<sup>t</sup> there ware 30 men at Pemaquid y<sup>t</sup> whould Stand sure by y<sup>m</sup> & y<sup>t</sup> thy had a great boat which they could send up to bring m<sup>r</sup> Jordane & his things of y<sup>e</sup> place, Soe y<sup>t</sup> thy might transport y<sup>m</sup> selves for new france, or els where.

M<sup>r</sup> Jordane haveing caused me to read this letter twice over resolved to write answer, but upon Second Considerations tooke a resolution to goe him self to Pemaquid Soe Comeing out of y<sup>e</sup> room he sent me to call y<sup>e</sup> 3 Corpralls y<sup>t</sup> ware under his Command y<sup>t</sup> he might know how y<sup>e</sup> people Stood affected, after haveing desired y<sup>m</sup> to sit down after a small conference one of y<sup>e</sup> Corpralls told him y<sup>t</sup> y<sup>e</sup> men kept a murmuring a mong y<sup>m</sup>selves & said they would not fight against Boston men whereat m<sup>r</sup> Jordane being moved at y<sup>e</sup> responce, Said y<sup>t</sup> if he had known thier resolutions before

he had served y<sup>m</sup> with provision, he whovld have sent y<sup>m</sup> away without one morsell of bread & moreover he said he whovld take a bible & swear y<sup>m</sup> soe y<sup>t</sup> night thy surprised him & tooke him Prisoner : all this I can testifie & affirme, without ye least blemish of partiality :

Vpon Examination of the frenchman taken at Salmon ffalls, he saith

Their Company that Attackqu’d Sallmon ffalls consisted of sixty men 30 french & 30 Indians who came from Can-

ady the begining of fleubr. from a Town called three rivers laying above Cabeek, that they have not been near any English Plantation since they came out till now but waited about twenty or thirty miles off severall dayes for a party of 20 or 30 Indians who promised to meet & Joyn w<sup>th</sup> them but came not, that they have lived wholly upon hunting. y<sup>t</sup> they came by ord<sup>r</sup> of the ffrench Gov<sup>r</sup> at Canada & that both ffrench & Indians are in pay at ten Livers p month..

The said Gou<sup>r</sup> is Count Fontenack y<sup>t</sup> arrived from ffrance last year in A man of warr w<sup>th</sup> severall merchant ships w<sup>ch</sup> went away again in 8<sup>ber</sup>: only two ships remain in Canada of Twenty five Guñs apeice.

That two parties of ffrench & Indians of three hundred men in a Company came about the same time they came, but whether they were design'd he saith he knows not. That he knows nothing of the Mischiefe done near Albany, that they intended to carry their Captives to Canada & there sell them y<sup>t</sup> their design was not against this place when they came forth but principally against Monsuir Tyng & the place where he lived but he saith the Indians who were their principle pilots did often Vary in their Opinions about w<sup>t</sup> place to fall upon Wee can't understand whether it were m<sup>r</sup> Tyng of Merrimack river or Casco Bay, That they saw no Considerable Company of Indians in their March only a few in some places hunting, that they brought out w<sup>th</sup> them two pound of powder & sixty bullets a peice, that there are sundry English captives at Canada but he saw only three two girdles & a boy, that the ffrench are able to raise four or five thousand men in Canada able to bear armes, & y<sup>t</sup> they have Thirty two Companies of fifty men in A company in constant pay. that the ffrench Cap<sup>ts</sup> name of this Company is Monsiur Aretall: his son being his Lieut/

Yesterday we gave acco<sup>t</sup> of y<sup>e</sup> dreadfull destruction of Salmon falls the perticulers whereof please take as followeth ;

The enemy made their onset between break of the day & sunrise — when most were a bed & no watch kept neither in fort nor house they presently took possession of y<sup>e</sup> fort to prevent any of ours doing it & so carried all before them by a surprize, none of our men being able to get together into a body to oppose them, so that in the place were kild & taken between fourscore & 100 persons, of w<sup>ch</sup> between twenty & Thirty able men, the fort & vpartds of twenty houses burnt, most of the Cattle burnt in the houses or otherwise kil'd which were very considerable from thence the Enemy proceeded to Quamphegon where lived onely Thomas Holmes who upon the Alarm retired from his house to a small Garrison built near his saw mill wheither also some of Salmon falls y<sup>t</sup> made their Escape fled, about 30 of the Enemies surrounded Holmes house, but met w<sup>th</sup> noe opposition there till fourteen men of ours came up from y<sup>e</sup> lower parts of y<sup>e</sup> Town, & vndiscryed by y<sup>e</sup> Enemy, made a shot upon y<sup>t</sup> party of Indians at Holmes house, Sundry of y<sup>m</sup> standing before the door, at w<sup>ch</sup> shot they say three of the Enemy fell, y<sup>e</sup> rest run into the house & broke through y<sup>e</sup> backside threof, & being more numerous than ours forced our men to retire, nine of them got safe home & five Escaped to Holmes Garrison, only one of ours wounded in the Encounter, then the Enemy burnt Holmes house & proceeded about a a mile lower down & burnt the minist<sup>s</sup> house w<sup>th</sup> two more & Assaulted Spencers Garrison but were repel'd & so retir'd. James Plasted who was taken at Salmon falls was sent by Hope Hood (Co<sup>m</sup>and<sup>r</sup> in chief of the Indians)

w<sup>th</sup> A flag of Truce to Tho: Holmes for y<sup>e</sup> surrend<sup>r</sup> of his Garrison — promising liberty to depart upon his soe doing, but Plaisted returned not nor was y<sup>e</sup> Garrison surrendered.

The s<sup>d</sup> Plaisted who was in y<sup>e</sup> Enemies hands many houres Informed y<sup>t</sup> he saw of y<sup>e</sup> Enemy one hundred & fifty men well accoutred & Guesses them to be about one half french; upon their taking possession of y<sup>e</sup> ffort he saith that ten of them french & Indians made A dance w<sup>ch</sup> Hope hood told him were all officers, he also told him y<sup>t</sup> his Brother Gooden who liv'd in Loves house was going to be try'd for his life by A Councill of Warr, for y<sup>t</sup> in their takeing Loves house the said Gooden had kil'd one french man & mortally wounded another & further that there was Eight french ships design'd for Pascataqve River to destroy y<sup>e</sup> same.

The Alarm being given to all adjacent Towns in ord<sup>t</sup> to their releife we sent about thirty men from this Town, as many went from Dover, & a party from Yorke together w<sup>th</sup> w<sup>t</sup> could be got from their own town, but before they could unite their force it was neare night & then they marcht w<sup>th</sup> about 100 men under Comānd of Cap<sup>t</sup> Jo: Hamond Comānd<sup>r</sup> of y<sup>e</sup> uper part of Kittery, the scouts y<sup>t</sup> went before just as they came w<sup>th</sup> in sight of salmon falls discovered one of y<sup>e</sup> Enemy who was binding up his pack & staying behinde his Company fell into our hands w<sup>ch</sup> proved to be a frenchman whose examination in short we herew<sup>th</sup> send you & to morrow morning intend to send the persons towards you by land, none by Water being just ready to goe: our fforces proceeded in pursuit of y<sup>e</sup> Enemy & about 2 mile above y<sup>e</sup> ffort of Salmon falls at the farther house up in the woods there discovered them about y<sup>e</sup> setting of y<sup>e</sup> sunn, our men presently fell upon them & they as resolutely oppos'd them, in short the fight lasted as long as they could see friends from Enemies, in w<sup>ch</sup> we lost two men, one of York another of Cochecho kil'd upon y<sup>e</sup> place & 6 or 7 wounded some is feared mortally: w<sup>t</sup> damage we did the Enemy we can't at

present say. This is all y<sup>e</sup> acco<sup>t</sup> we can at present Give : to

Boston; March 24. 1689

Hon<sup>ble</sup> Gent

Here is Cap<sup>t</sup> Blagg from N. York, and Mr. Levingston from Albany confronting each other. We have shewn our Resentm<sup>t</sup> of the undue Treatm<sup>t</sup> you have met with from York in our Letter to y<sup>e</sup> Gov<sup>r</sup> & by word of Mouth to s<sup>d</sup> Blagg, telling him that not you onely, but y<sup>e</sup> United Colonies sent Cap<sup>t</sup> Bull when their contests about Governm<sup>t</sup> were unknown to us Yet we are sorry y<sup>t</sup> Cap<sup>t</sup> Lieslers harsh Usage has made such impression on you as to put you on calling off Capt. Bull's Comp<sup>a</sup> at this time of extream danger And we are perswaded that tis of absolute necessity that Albany lay

down the Cudgels, and submit to York. And then we pray you to take speedy order that Cap<sup>t</sup> Bull be continued at Albany, or sent thether again if come home; or som body in his room, that so Reputation may be gained with the five Nations, when they shall take notice that we mind the same thing & venture on the same Bottom. Albany is a strong & well fashioned Curb for o<sup>r</sup> Enemies, which if it should be broken they would run at a prodigious Rate, Albany is the Dam, w<sup>ch</sup> should it through neglect be broken down by y<sup>e</sup> weight of y<sup>e</sup> Enemy, we dread to think of the Inundation of Calamities y<sup>t</sup> would quickly follow thereupon. Certainly in reinforcing of it we do most industriously consult our own Safety and Interest. On Tuesday y<sup>e</sup> 18<sup>th</sup> Ins<sup>t</sup> about 60½ French, ½ Indians fell upon Salmon-Falls ab<sup>t</sup> Break of day kill'd & carried away seventy nine persons. We know not of above 2 Fr. killd & 2 Indians & one Fr. taken who says are in pay from y<sup>e</sup> Fr. K. & several other parties out Name of y<sup>r</sup> Cap<sup>t</sup> Mons<sup>r</sup> Artel — Surprised our People finding y<sup>m</sup> without any watch; burnt many Houses Cap<sup>t</sup> Wincoll & y<sup>e</sup> Plaisteds are safe. Our pursu'd but had not success one of y<sup>r</sup> men shot down by y<sup>e</sup> Reer-Scouts. We find that hardly any Garrison has been taken except by Surprize.

'Twere much to be desired that some of yo<sup>r</sup> men might accompany the Maquas and keep y<sup>e</sup> French alarm<sup>d</sup> at their own Quarters that so they might not be at Liesure to fall upon o<sup>r</sup> Frontiers & make N. E. y<sup>e</sup> Seat of warr which would prove very ruinous to us our Lienes of Co<sup>m</sup>unication are so vastly Extended that tis Impossible for us to have Souldiers every where to defend them. A few Garrisons well appointed seems to be o<sup>r</sup> Safety. We find hardly any one has been taken but by surprise through the deadly Security of Souldiers and Inhabitants.

Our Drums are beating for Volunteers to go ag<sup>t</sup> y<sup>e</sup> French this 25. March 1690. the begining of the year is full of awfull trouble and disquietment. The Lord so bless yo<sup>r</sup>

and our Counsels and Succeed o<sup>r</sup> Endeavours as may be for the peace and Safety of this distressed people.

Hon<sup>ble</sup> Sr./.

Cap<sup>ne</sup> Blagg<sup>s</sup> Stay here longer than was Expected gives us another Opportunity of adding unto what we have already written unto you by him with reference to the Gent<sup>n</sup>. & people of Albany, who have represented and laid before us the distressed and present dangerous State of that place of being exposed unto the rage of the Enemy: The differing Sentiments we perceived y<sup>t</sup> have been between yo<sup>r</sup> Selfe & them Occasioning no small divisions there: which we did not before so fully understand. Unto whome we have now written to perswade to a compliance with yo<sup>r</sup> reasonable demands and that all animosities and former differences may be laid aside, that there may be an Uniting and combining

as one to withstand and Oppose the coñon Enemy which advice we are Encouraged (by some Gentlemen of that place at present with us) to hope wilbe complied withall; And Entreat that Such Moderation and Lenity may be Exercised towards them as may Oblige and win them to a cheerful activity & vigorousness in intending their own Safety and preservation of their Ma<sup>ties</sup> Interest in those parts That being so considerable a Post the Loss thereof may Endanger the whole; Besides their Interest in and Influence upon the Indians is a matter of no little Reguard, the disobliging of whome at this time may be very fatal. We are at present forwarding an Expedition against the French at Nova Scotia and L'Acadie, our Success therein will Encourage to an Attempt upon Canada wherein we must desire the joint concurrence & Assistance of all the Governments in these their Ma<sup>ties</sup> Colonys And to that End have proposed to desire a Meeting At Rhode Island of Coñission<sup>es</sup> from the Severall Governments on the last Munday in April next; whereof wee have thought meet to Acquaint yo<sup>r</sup>. Hono<sup>r</sup> & desire that you would please to forward the notice thereof unto the Governments of Maryland and places Adjacent that so the Advice and Assistance of the whole may be had in so great an Affayre; whereto we perswade our Selvs you will readily contribute yo<sup>r</sup> help and shall accordingly await yo<sup>r</sup> Answer in Expectation of yo<sup>r</sup>: Speedy Notice of yo<sup>r</sup> appointment of some Gent<sup>n</sup> Coñissionated to that Service.

We have had the Sight of a Protestation drawn up by yo<sup>r</sup> Selfe and councill against the Governm<sup>t</sup> of Connecticutt, which we cannot but admire at, being very Sensible what high reflections and Severe charges are therein laid against them, which must needs have an ill resentment by them and doth likewise reflect upon the Government here, who joyned with them of Connecticutt in ordering Cap<sup>ne</sup> Bulls Company to y<sup>e</sup> Assistance of Albany for their Ma<sup>ties</sup> Service to Enforce y<sup>t</sup> Garrison — and we fear the Gent<sup>n</sup> of Connecticutt wilbe

discouraged; Unless you see reason to do something to Ease and accomodate that matier.

*Letter Gov. & Council to the Major, Recorder & Alder-  
men of Albany.*

Boston March 25<sup>o</sup> 1690./

Hon<sup>ed</sup> Gent<sup>n</sup>/.

Yours by the hand of M<sup>r</sup> Livingstone &c. are before us we have also had Consideration of the Memoriall presented by the said Gentlemen wherein they represent the present dangerous State and Condition of Albany which we perceive to be principally occasioned by the unhappy dissensions and Contest arising among yo<sup>r</sup>selves and dissatisfaction with the present Government of New Yorke who expect you should be subject to Orders from thence as being alwayes an appendix to that Province: whatever yo<sup>r</sup> sentiments or apprehensions may be Concerning the Government of York (although we have not been made acquainted with his Majesties particular Commands to them) yet we are of Opinion considering the present Conjuncture of Affairs, it will be most conducing to their Majesties Interest that there be rather a concession on your parts than by maintaining contention to be out of a Capacity of securing yo<sup>r</sup> selves and resisting the Common Enemy thereby Endangering the whole, and the falling off of the maquas and other nations of Indians now Engaged with us when they take notice of our divisions, to take part with the Enemy: who doubtless

are not wanting in their unwearied Sollicitations and restless Endeavours by all imaginable cunning to draw them to their side; which if they obtaine will prove very pernicious to their Majesties Interest in all these Collonies. What measures have been taken by the Gentlemen of New York with reference unto your selves that you apprehend to be hard or unreasonable we think it most advisable that you await a settlement from England for yo<sup>r</sup> satisfaction and redres thereof. And that there be a present accomodation and composure of all differences and laying aside animosities on either side that so you may unite and combine against the common Enemy whereto we are willing to contribute what assistance we are capable of and to Endeavour a mediation betwene you.

We have written unto L<sup>t</sup> Gou<sup>e</sup> Leisler intreating him to use all moderation and hope he will be perswaded thereto and take no such measures as may be justly prouokeing unto yo<sup>r</sup> selves. It would heartyly rejoyce us to hear that there is a good Understanding betwixt him and your selves.

The Proposals offered by m<sup>r</sup> Livingstone and the other Gentlemen as to the supply<sup>s</sup> of men provisions and moneys from the Collony we are in no present capacity of granting being Infested by the Enemy upon our Towns and Plantations Eastward and Northward And are setting forward a nauall Expedition against the French of Noua Scotia and Beside the preparation necessarily called for to our defence against the Attack of the French by sea, If it shall please God to succeed this present Expedition we shall be Encouraged forthwith to bend our Force against Canada the necessity whereof (if Judged ffeasable) we are alike sensible with your selves. To which End we haue proposed to desire a meeting of Coñission<sup>rs</sup> from the severall Governments to consult and aduise thereof, and shall speedily notify all our neighbours of our motions thereto that so there may be a joint concurrance and Assistance. And a good appearance prouided both of Christians and Indians to disrest and annoy

the Enemy by Land through the Country whilst our Forces by sea do Attack them at Quebeck, we desire you would Acquaint the Maquas of our present Expedition against the French and Endeavour by all meanes to hold them and the other nations firm to their promises and assurances lately given of their Fidelity and Assistance of the English in prosecuting the Enemy.

We have written as Effectually as we can to stir up our Neighbours and Confederates of Connecticut to yeild their succor and Assistance to Albany which without a composure of your differences and better understanding betwixt New York your selves and them we cannot Expect will be attended) and to send some Forces from thence to joine the Indians in prosecution of the Coñon Enemy, we perceive by what hath occurred to our veine of a declaration put forth in the name of the L<sup>t</sup> Govenour and Councill &c of New York the Gentlemen of Connecticut have been misrepresented there in that which was intended both by themselves and us as a seruice to their Ma<sup>ties</sup> and for the Coñon safety in sending Cap<sup>t</sup> Bull with his Company to Enforce and strengthen the Garrison at Albany, which we cannot but think they must needs highly resent to be so Entreated for their good will; But hope it will not discourage from duty and intending the good of the whole. We heartily condole the awfull desolation lately made at Schenectady; which is accompanied with the more sorrowfull aggrauation that it was cheifly occasioned thrô their own carelesness and want of Vigilance, the like whereof hath hapned at Salmon Falls a Plantation in the prouince of Maine the Enemy being French an Indians surprizing of them there being not so much as one man attending duty upon the watch, and killed and carried captiue about seventy nine persons; may these Instances be warnings to us to the more vigilance; And stir up all their Majesties subjects in every place of the Country unto a hearty union for their own security and Engagem<sup>t</sup> against the treacharous and barbarous Enemy: We do again

refresh our aduice unto you that you cease all farther anni-

Honourable S<sup>rs</sup>

We being at a losse with our selues how to understand your resolves as to the time when o<sup>r</sup> souldiers should March so as they may haue the company of yours with them, is the occasion of this Expresse as also to Informe your Hono<sup>rs</sup> the state of o<sup>r</sup> affaires at present We haue about seventy or eighty of o<sup>r</sup> souldiers with Capt<sup>n</sup> Johnson at Green Bush neer Albany & they haue as we suppose, by this time removed their Station about Twelue Miles aboue Albany by reason of the Small pox, which at this time, we are informed is very breife there about one hundred & thirty are now visited with the distemper, & it was suspitious that one of our Souldiers was vissited with that sickness when o<sup>r</sup> last post cam from thence: which was last week, as also the Com<sup>rs</sup> when they last mett at yorke left it (as you know) with Capt<sup>n</sup> Leisler to appoynt the Major<sup>r</sup> whoe is to be the chiefe feild officer, which is very unpleasent to o<sup>r</sup> Souldiers, & the rather Because it is said Jacob Milborne is thought to be the Man that will be employed, which will much disgust the souldiers that are to goe from these partes, also o<sup>r</sup> post informes vs that the nine Indians & two dutchmen that went to Canada lately were returned & that they were at Shemlee & neer the walls of the forte they killed a french man & took one prisoner, whome they Brought to Albany who In-

formed them that the French are but lowe on their stores of prouission & that the Magezeen at Mount Royall by an accident was lately blowne up, but the truth of that is not otherwise knowne: It is Judged now is the time to be doing with them If it were possible to obteyn a Good strength to goe by water to stop prouissions from comeing to them It would be a great Incouragement to our Souldiers that are to goe by land. Gent<sup>n</sup> we pray you to Informe us what Tydeings you haue from your Fleet that is goun to porte Royall, & whether they are Intended for Canada, as also please to informe vs when your souldiers will be up in these partes, & ready to March from thence, allso let vs Know your oppinions, who you thinke may be a suitable man for a feild officer that o<sup>r</sup> souldiers may know who shall command them, we have been desireous to Imploy Majo<sup>r</sup> Fitz John Winthrop & haue sent to see where we can procure him, but we fear it will be fruitlesse If your selues please to let us know your oppinion fully & plaine in these affayres we desire it & we thought meet to mention it to you to consider If you cannot finde a more suitable person for that Service, whither Majo<sup>e</sup> Gregoram may not be a suitable person either to command or be a pilote in this Service: a suitable cheife commander is of great necessity on all acco<sup>ts</sup> & we desire you to prouide him & we shall not dissent but he must be of some emenency & we desire you will urge it on L<sup>nt</sup> Governo<sup>r</sup> Leishler to accept him & we shall doe the same or If you canot please your selues in a person for that command we shall prouide one more acceptable to o<sup>r</sup> soldiers than m<sup>r</sup> Milborn allso we desire your consideration/ what directions is best for this Expedition, whither onely to giue the french what trouble we can to keep them at Home & distresse them (till a force can allso go by Sea to put it to the utmost distresse) or to venture the utmost against Mount Royall, we Incline to the first as most safe for our army & thinke that till we can scoure Canada riuer with vessells we can but

Bicker them also it is necessary to haue a better certainty of the resolues of the fiue nations of Indians than yet we haue & would haue your Conjunction with vs in Setleing that matter that o<sup>r</sup> forces when at Albany be not detain'd: Hono<sup>rd</sup> Gent<sup>n</sup> we shall giue you no farther trouble but with our best respects take leaue & commend you & all your waighty Concerns to the Guideance & blessing of God & are your affectionate freinds & seruants the Gov<sup>r</sup> & Councill of their Ma<sup>ties</sup> Colony of conecticot p their order signed

According to the Agreement of the Coñmission<sup>rs</sup> when in yo<sup>r</sup> parts our men are this day to Randevouz in order to

We are given to understand that there is a full Supply of Provisions for all the Forces, lodged at Albany, and that it may be taken up there at reasonable Rates on the generall Acco<sup>t</sup> our proportion whereof we shall readily pay, and to that end have sent up a Co<sup>m</sup>missary, with a Letter of Credit for the furnishing him with what shalbe needfull for our men lookeing at it as more Expeditious than to have sent provisions from hence, which might have been long in comeing and disappointed the designe, We hope o<sup>r</sup> Credit will be good and that yo<sup>r</sup> selfe will write to the Co<sup>m</sup>mission<sup>r</sup>s and Gentlemen there that it may be of Effect. We are given to understand by Letters from Connecticut that they have invited Col<sup>o</sup> Fitz John Winthrop to serve his King and Country in that Expedition, who seemes inclinable to accept that Service; which if so, he wilbe the most suitable person can be thought of to take the Co<sup>m</sup>mand of the whole, in which we shall readily concur and cannot thinke he should have any inferiour Co<sup>m</sup>and; whereto we doubt not of yo<sup>r</sup> free Consent that he be Co<sup>m</sup>ander in Chiefe, which we are sensible wilbe the good acceptance of all the souldiers and the severall Governments from whence they come, and hope it wilbe acceptable to your Selfe notwithstanding the condescension of the Co<sup>m</sup>mission<sup>r</sup>s being a person of Honour and worthy of a greater Co<sup>m</sup>and.

We have received intelligence from S<sup>r</sup> William Phipps of the Success it hath pleased God to give him, he having the Possession of Port Royal with the Garrison and Stores thereof, though our rejoyceing therein is mixt with an Alloy of sorrow that the Enemy hath prevailed (as we are Informed) to the gaining of Casco and are prosecuting to make farther depra-dations on the Eastern parts which necessitates our sending of aid to them and puts us on the greater hurry<sup>s</sup> We have a Ship lately arrived from London, but

nothing from his Majesty to the Governm<sup>t</sup> have a Rumour here that some ships from London are since arrived with you: but doubt of y<sup>e</sup> certainty thereof We pray that you would please to coñmunicate any thing that may occur for his Majesties Service, you may Expect the like from us. *Answer to Sr Edm<sup>d</sup> Andross's Account of Forces raised, &c.*

An Answer to Sr Edmond Andross's Account of Forces raised in New England for Defence of the Country against the Indians &c in the Yeare 1688.

Humbly offered by the Agents of the Massachusetts Colony to the Right Hou<sup>ble</sup> the Lords of the Comittee for the Plantations.

Begging your Lordships leave to Observe in the preamble of Sr Edmond Andross's Account the words (subversion of the Government) and afterwards Insurrection) which with submission We take to be Expressions of Disaffection to the p<sup>re</sup>sent and a vindication of the late soe Illegall and Arbitrarye Government And Doe most humbly beseech yo<sup>r</sup> Lordships That what was Done by the People of New England with soe much Zeale and Good Affection to secure the Government there to Their p<sup>re</sup>sent Ma<sup>tyes</sup> may be favourably accepted and vindicated from such vnworthy and vnjust Reflections.

Vpon The Whole Wee humbly represent to your Lordships That the New fforts built by Sr Edmond Andross were meer fancies of his owne vseless. (And soe Esteem'd by the Experienced Officers of the army and others well acquainted with the Country) to any purpose of Defence as was p<sup>re</sup>tended and may be easily made appeare vnto yo<sup>r</sup> Lordships by the Mapp of that Country, And Consequently the drawing the souldiers from thence hath been no prejudice to the Country nor hath any loss or Damage happened thereby But our ffrontier Townes Strenghtned which in Sr Edmonds time were not onely left Naked But also severall persons threatned for ffortifyeing their houses.

As to the perticulars in the Account We Declare as followeth.

Peñnaquid, Was a Garrison Settled by Sr Edmond Andross whilst Governor of New Yorke, and in the Beginning of the p<sup>re</sup>sent Warr put vnder the Coñmand of Cap<sup>t</sup>

Brockholes A Papist and for that reason was Ordered home vpon the happy Revolution Which order he never Observed But afterwards being suspected to be in a plott for deserting and running over with the Sloop Mary to the french Was Seized by the Inhabitants of Dartmouth and brought to Boston And the Leiftenant Weems at the request of the Inhabitants left in his Roome with all the Garrison not a man drawne off. The other souldiers were Dispersed by Coff Tyng and the rest of the Cheife Officers, Those that were sick to their owne homes Those that were fitt for service to posts that required their Assistance there being force sufficient Left as they Judged to Defend the ffort. True it is that afterwards that ffort and about Twenty houses were taken and Destroyed by the Indians But it was Imputed to the Careless security of the Garrison and not want of Men The Towne being Surprized att noonday and noe scout abroad.

Was Destroyed all but four or five houses, And  
 New Dartmouth  
 New Towne— New Towne all but one by the Indians in the time  
 of S<sup>r</sup> Edmond Andross's Government, Done as  
 was supposed in revenge of S<sup>r</sup> Edmonds seizing Monsier  
 Casteens house and takeing thence all his Armes and Mer-  
 chandize and household Goods in time of profound peace  
 The said Casteen haveing Married an Indian Sachems daugh-  
 ter And so the Indians were allyed to his interests. The  
 Townes being Destroyed and the inhabitants sent to Boston  
 by S<sup>r</sup> Edmond A ffort was needless there being nothing to  
 preserve.

There being no Inhabitants there after that  
 Redoubt on  
 Damrascotty  
 River Dartmouth was Destroyed and Deserted Coff  
 Tyng and Major Thomas Savage Officers in S<sup>r</sup>  
 Edmonds Army and one of them of his Councell Advised  
 the deserting that place And the Insignificant fforts of ffort  
 ffort Ann  
 pegipscott Ann pegipscott &c as vseless there being no plan-  
 tation in many Miles of them Coff MackGregory

was seized by his owne Souldiers in regard of his Cruelty and Severity towards them, Severall for that reason having Deserted him before the Revolution.

*Sagadehock* Being a ffort Erected att the Charge of the ffishermen they with drawing their ffishery in the fall of the yeare the Garrison was with drawne att their Owne Instance.

*Falmouth in Cascoe Baye* A ffort built formerly by the Massachusetts Colonye is still Continued and better furnished and provided then in S<sup>r</sup> Edmonds time Cap<sup>t</sup> Lockheart a reputed papist was by order of Councell for that reason dismiss and Silvanus Davis an Inhabitant of that place and formerly Coñander of that ffort put in his roome, here it was the Indians Career was stopt and they defeated by the forces raised since the Revolution by the vnitd Colonyes.

*Sacoe River* ffort was deserted in S<sup>r</sup> Edmonds time for want of necessaryes and provisions for the souldiers and Cap<sup>t</sup> floyd himselve made A prisoner by S<sup>r</sup> Edmond vpon his Comeing to Aske provision for the necessary subsistance of that Garrison.

*Kennebunk— Wells—* We know of no ffort there. is still well Inhabited and many houses there ffortified and Cap<sup>t</sup> Willard with his Company posted there by order of the Councell for their Securitye—

*Merimack River* And Many other places vpon the Revolution changed the officers they could not Trust But Major henchman keeps both his station and Comand there All our ffrontier Townes hane had recruits sent them by order of Councell for the security of the Country which was much neglected and weakned in s<sup>r</sup> Edmonds time by Drawing Souldiers thence to build and supply the Trifling fforts before mençoned.

*Connecticott River.* Continues as it was only Coll Treatate finding no occasion for so great force as was sent Thither by S<sup>r</sup> Edmond drew them off before the Revolution After

which that Colony reassumed their ancient Government. Chose the said Coll Treatate Governor and hath suffered no Damage by the Indians. The sloop and Brigantine with other vessells pretended to be prest for his Ma<sup>ties</sup> vse in the service of the Country, were chiefly employed to cary Souldiers to and fro att S<sup>r</sup> Edmonds pleasure Wee know not that they were att all made use of for the security of the Coast or ffishery or that they were fitt for that purpose or need be so employed att that season of the yeare, True it is there was great Complaint that those who served with them were never payed which made s<sup>r</sup> Edmonds Government more uneasy. The standing fforces s<sup>r</sup> Edmond was reputed to have brought with him to New England were about 120 Men which he posted att penãquid, Boston and the Castle. Some of Which dyed, Some deserted in S<sup>r</sup> Edmonds time And when the warr with the Indians broke out he took part of them att Boston and att the Castle with him for that service what became of them S<sup>r</sup> Edmond can best tell we are well assured not a man perished by the hands of the Indians nor any Indian was hurt by them or any of his forces.

We have not an exact Inventory of the provisions and stores found in the Garrisons att the time of the happy Revolution But can averr that the principall Garrisons were supplied from Boston And the Men that were sent out for the Reinforcement of the Army were furnished with necessaryes for warr att the Charge of perticular persons and not one penny from the Treasury.

All which Account aforesaid we have either by our owne knowledge or the best Informaçõs which were from time to time transmitted to the Government during our aboade in New England.

The Occasion of our present Distress is the warr between the two Crownes of England and ffrance which prevents all our supplies from England and by the Act of Navigation we cannot have them elsewhere That as our stores are less-

ened so our necessities are Increased the ffrench being a potent Enemy and a near Neighbour Wee need not labour vnder greater Inconveniencies And the Mischeifes of the Interruption in our antient Government not yett recovered Wee therefore humbly propose that for a present Releife the Vessell may be dispatched with Convoy and leave given to merchants to shipp armes and Amunition as followeth Viz<sup>t</sup> 1000 fluzies 200 Barrells pistoll powder 50 Barrells Common Powder 20 Tunn Lead. Whereby We shall be able (God blessing Endeavors) to Defend our selves And if his Ma<sup>ty</sup> shall think fitt to attempt the Reduction of Canada (now soe prejudiciall to their Ma<sup>ties</sup> Colonyes in America) we shall with all chearfullness and resolution give our vtmost assistance thereto Not Doubting But his Ma<sup>ty</sup> will of his Inviolable Justice and Royall Bounty Continue and Establish to vs our Ancient Rights and priviledges.

May 30<sup>th</sup> 1690./

*Letter from Cyprian Southack to his Father and Mother.*

S<sup>t</sup> Johns in Newfoundland June 18<sup>th</sup> 1690

Hono<sup>rd</sup> Father and Mother

S<sup>r</sup> Having this Oppertunity to give an Account of my Voyage; the 29<sup>th</sup> day of April I set saile from Boston under the Coñand of S<sup>r</sup> W<sup>m</sup> Phips, he having a Ship with 42 Guns, and 300 men, and my Ship 119 men 20 Guns, and 4 Pattereroes, and three Katches and One Bark with Sixty five men in each to Atack Port Royal. May 11<sup>th</sup> at eight a Clock in the morning we arrived at Port Royal and Landed our men, so they Surrendered up the Fort without firing One Gun at us; We sent the Gov<sup>r</sup> and Souldiers and two Priests to Boston, which being in Number in all Eighty four; and Sixty four Planters which have taken the Oath of

Allegiance to their Maj<sup>ties</sup> we left there, and setting up the Kings Jack for them to govern all that shall come there by a Power from S<sup>r</sup> W<sup>m</sup> Phips to Six of them: 22<sup>d</sup> May having sent all the Am<sup>n</sup>ition, and all the Stores of Warr, and all other Plunder for Boston in the Fleet; The Generall gave me a Discharge from him so he went for Boston, and I steered for Cape Sables, and the 25 Instant we came to Bathechr Harbour; with my Ship and a Tender, and at 4 a clock in the afternoone, there came off 40 French Indians in Cano's which we fought, and killed 2 and wounded me 4 men, so we set saile that Night and, the 29<sup>th</sup> Instant, we got at Leave haufe, and at 12 a clock at night I sent up my Long boat with 15 men, and tooke them all, and the Planters swore allegiance to their Maj<sup>ties</sup> so we left them there and sent the Souldiers to Boston, and so set Saile for Cansaw, and the 3<sup>d</sup> of June I Arrived here at 5 a Clock in the Afternoone, the 4 Instant I putt 50 men into my Tender with my self, and left my Lieu<sup>t</sup> with the Ship at Cansaw; so I made Saile for Shaboeter Fort, which being 7 Leagues from my Ship, and at 4 a clock in the Morning, I landed my men and they fired a Gun for to Alarme the Indians, and at 5 a Clock in the Morning I came within great Gun shot of the Fort, so they fired Eight Great Guns, and 3 Pattereroes at us, comeing over a Sandy beach, and when we came to their Beach, which was within Pistol Shot of the Fort, no more than One man at a time Could go over so we sallyed up at the Fort at Once and they killed me three men, and wounded me Six, so we fought them Six houres, and they beat us off from the Fort, and about Pistol shot from the Fort, we gott into a Great house, where I found 4 barrells of Gun Powder, and I made fire balls and Arrows, and we sallyed up againe to the Trenches, and there got in my self with 4 men more, so that their Great Guns could not hurt us, and we threw severall balls into the Fort, at last it got into the House of Gaurd and set Fire, and in One houres time the

Fort was all on Fire. And then the Gov<sup>r</sup> struck the Flag, and he with his Souldiers and the Priests came out, and then the Fort in One half houres time blew up with the Powder that was in it, and the Granado shells too, so I was 5 days demolishing of it; which the Gov<sup>r</sup> now Affirms on board my Ship that the Fort stood the French King in 3000£. Sterling within these two Yeares building, which was of Stone and Plaister of Paris, it was built with Stack Ared all round, and Trenched; I have seized severall Ships of the French which I will give a full account of by the first Oppertunity.

Dear Father give a full Account of my Voyage to the Lords of the Admiralty, or whome it may concerne. I will send a full Account of all my Voyage by Aug<sup>st</sup> I had sent the full now, but haveing no Oppertunity but by Bilboa which is a long way about; by the first Oppertunity I will send the Gov<sup>r</sup> of Shackbocker for London, and severall Souldiers which I have on board my Ship now. I have cleered all the French from Nova Scotia and some parts of Newfoundland. Per chance is taken this Winter by the English; for the English hearts are all brisk in this Cold Country. S<sup>r</sup> I am very well, thanks be to God for it, I had a small wound in my Belly, but is almost well againe; and at this Harb<sup>r</sup> here is 5 Saile of Merchants Ships bound to Bilboa and Lisbon, and I intend to convoy them 100 Leagues of the Shore, for the 11<sup>th</sup> of June there was at the Bay of Bulls a French man of Warr and has plundered them all, but I have cruised all about the Coast, and cannot find him, so I desire your Prayers to Almighty God. S<sup>r</sup> I would have you give an Account to the Lords of the Admiralty that I have 5 Great Guns to the Fort of S<sup>t</sup> Johns weighing 2300 weight each Gunn, and severall things for mounting of them with my Owne men, for out of three hundred men belonging to the Harbour no more than 15 I could see for to help me to mount them; and the 11<sup>th</sup> of May the Bay of Bulls was plundered by a French man of Warr, and 2 English Ships,

and 1 Katch Loaden with provisions was taken out of the Harbour, and this Winter Great Perchance was taken by some English, but the French have it againe and it is very Strong by Reason of Ships that are there; But as soon as my Men are Refreshed I will (an't please God) make a Vigorous Attempt in taking Great Perchance from the French againe with Gods Assistance, if no strength comes from France again, which Newfoundland is much afraid of, having a Great Many Enemies amongst themselves, and Irish men a great many. I shall give an Account of all my Proceedings to the Lords of the Admiralty by the first Opportunity.

Dear S<sup>r</sup> let me hear by the first Oppertunity from your self, and send how all things are there, and direct your Lett<sup>r</sup> for me to Sam<sup>l</sup> Checkley in Boston, and there it will be safe.

So I rest

Your Dutifull Son till Death

vnto the french, the Indians dayly making destruction vpon our English, S<sup>r</sup> Edmund Androus Raised forsses and marched throw the Cowntrey to the Estward in his march hee did Rebuche the officers because thay did Get to Geather into Garisons to defend them selfs how hee maneged his a faiers & what meshures hee did take with his instruments to impovrish this country & with other nations to Bringe vs to our wooden shooes i leave to the Information of those that tooke a more perticuler accompt but it pleased God vpon the happy chainge in England the harts of Gods people was stvred vp to adventure for the Like chainge amongst vs: & Arested the Instruments of our misserys takeing the Gouo<sup>r</sup>ment into their hands & accordingly did Indevor to their

power for the defence of the Country against the Common enemy the Heathen & french whoe Joyned with in Cruell Barberous manar During our Towns Destroying their majestys subjects with fier & sord & all cruelty Imaginable my selfe heving Comand of a garrison in fallinoth for the defence of the same a party of french from Canida Joyned with : a : Company of Indians to the number of betwixt 4 or 500 french & Indians set vpon our forte the 16<sup>th</sup> of May 1690 about daing began our fight the 20<sup>th</sup> about 3 Clok after noone wee ware takn. They fought vs 5 days & 4 nights in which time thay kild and woonded the Greatest parte of our men Burned all the howses & att last wee ware forst to have a perly with : them in order for a surender wee not knowing that there was Any french amongst them wee set vp a flag of truse in order for a parly wee Demand if there was any french amongst them & if thay wold Giue vs quarter thay Answred thay ware french men & that thay wold Giue vs Good quarter — vpon this Answer wee sent ought to them againe to know from whence thay Came & if thay wold Giue vs Good quarter Both for our men wiming & Children. Both wonded & sound & that wee shoold have liberty to march to the next English towne & have a gard for o<sup>r</sup> defence. The Chefe of the Indians that Came against vs was thoes Indians that wee had in hould that S<sup>r</sup> Androus ordred to bee clered & S<sup>r</sup> Castene & Madakewando : with their Ester forses — & safty vnto the next English towne then wee wold surrender & all soe that the Command of the french shoold hould vp his hand & sware by the Greate & ever Living God that the seurell Artecules shuld bee performed all which hee did solomly sware to perforem but as soone as thay had vs in their Coustady thay Broke their Articcuel sufred our wiming & Children and our men to bee mad Capttifs in the Hands of the Heathn to bee Cruelley murdred & Destroyed many of them & espetishal our wonded men, only the french kept my self & 3 or 4 more & Carried

vs ouer Land for Canada I did desire the french that seeing they woold make vs Captifs that they woold Carey vs all for Canada or keepe vs to Geathr & that I might have the Liberty to send to Boston to the Gouno<sup>r</sup> & Councell in order that Care might be taken for our Ransom but they woold not Heere to any such terems but Tould mee that wee ware all Rebels and allso Boston aganst our King in that wee had proclaimed Will & Mary King & Quene: & that they waer vssarpers to the Crowne & that they did fight for King James as Being vnder the procettion of the french Kinge. The Chefe of the Indians that Came against vs was thoes Indians that wee had in hould that S<sup>r</sup> Androus Ordred to bee Clered & Sr Castene & Madakewando with their Ester forses — abought 24 Days wee ware marching throw the Country for queacke in Kanada by Land & wauter Carring our Conacs with vs.

The french that tooke vs Came from Canada in febery Last past Desingud for the Destruction of ffallmoth by order from the Gouno<sup>r</sup> there the earle of frentonach the Comanders name was monsir Burnif his Left<sup>s</sup> name Monsier Corte te: march who was at the taking of Senecttade they Brought seurall Indians with them from Canada & mad vp the Rest of there forses as thay marchd throw the woods i had a very hard travell throw the woods for Canada but i must say thay was kinde to mee in my travells throw the Country our provetions was very shorte Indian Corn & aorens Hunger mad it very Good & God Gave it strength to norrish.

I arrived at quabaque the 14<sup>th</sup> of June 1690 where i was civilly treated by the Gentry & was soone Carried to the forte before the Gouno<sup>r</sup> the Earle of ffrontonack he Received me sevely and discorsed mee viz.

hee tould mee that ou<sup>r</sup> English at New Yorke was the Cause of the war in this Country betwixt the french & English, for the Gour<sup>r</sup> of new Yorke had Hired the New Yorke

Indians to Com over Land tooke & kild their peopel & Destroyd their Country & they were willing to pass it by rather then to make a war with the English but still they did Contenew & hired the Indians to Baeren seurell of their peopell that they had Taken which was a most Cruell thinge for one Christian to doe to another and that they would doe noe such Cruell practis i Towld him that New yorke & Boston was tow distincte Gouourments and that the Gounour of New York must Giue a perteculer accompt to our King for his actions and our Gounour of Boston must giue a perteculer acc<sup>p</sup><sup>t</sup> to our King for his Actions each for him selfe he said wee were one nation i tould him it was true but tow distinct Gouerments all soe i tould him that the Last Indian war wee had a frindly Conuerse with the french & for ought i know it might have bin soe still had not they Joynd with the Indians & Com over to our Country destroying our Towns & peopell & that the Gounour of Boston had only Raised forces to defend their majestys subjects & Intrest aganst the Heathn was and had not moued ought of oure B but beeing first there vnto by their Joyning with the Indians for the destruction of our Country.

Hee said wee were all Rebels aganst our King in proclaiming the prince of Orring to bee our King & hee was but an Vserper & that King James was our King & the Kinge of france was his procettor in breefe they tould me if the Gouernment had not bin Chainged & that S<sup>r</sup> Edmund Androus had Contenued go<sup>r</sup> whee should have had noe wars betwixt vs: but wee should have bin all as one peopel —

which i doe beleve there was a papist desinge aganst the prodestant Intrest in New England as in other parts of the world/

I Tould him: that the Condetion was with vs viz wee were only vpon our Gard in our owe townes: for the defence of our wifs & Child: our Countrey & that Littell Estate that God had Given vs aganst a heathen Barbarous enemy & that

they had Joynd with them & i said thay ware Like Robbers that meets with honest men vpon the High way who fight to save thaire mony & when thay are not able to Defend them selfs any Longer thay Bag for quarter & gladly deliuer their purse to preserue their Lives which is promised but as soone as the purse is deliuerd the Robbers Cut the poor mens throts is our Condetion for wee war promised Good quarter & a gard to Conduet vs to or English but now wee are mad Capttiffs slafs & prisnors in the Hands of the Heathen.

I thought I had to doe with Christians That woold have bin Carfull of there Ingagements & not to violate & Brake their Oaths — whare vpon the Gouno<sup>r</sup> shaked his head & as i was towld was very Angrey with Burnife.

The gouno<sup>r</sup> Bed mee bee Corragõ for i should be vsd well i thankd and tould him i did not valie for my selfe but did greeve for the Rest of the Captifs that was in the hands of the Indians he said he wold take Care that all that was takn with mee should be got ought of the hands of the Indians for thay did Loocke vpon vs vnder an other surcomstance then those that had bin sturring vp the Indians against them i was very Kindly vssed whilest my abode at quabaeque & all soe seurall Capttiffs that was takn with mee that the Indians Brought in: the french bought them & was Kind to them i was at quebaque 4 months & was Exchaingd for a french man S<sup>r</sup> Will phips had taken the 15<sup>th</sup> of octobr 1690.

whilest my abode was at quabaque I did Indevor to aquante my selfe with the streanght of the place & the meashurs thay take for the mannigment of their war, viz.

I find thay will not bee wanting by all menes posible to have the poossetion of all new England where our English are settled in order theare vnto thay doe Indevor by presents & sending peopell throw the Country with their friers by their delutions to bringe all Indians to bee at their Comand for war: thay Commonly pas buy Land in to the

N west bay wheare our English factory is to set the Indians against the English thare they have taken all our English factory thare except port Nelson which they doe intend to take this winter in order thare vnto they have sent 2 ships they tooke in the Nor west from Cap<sup>t</sup> Bond & Capt Jn<sup>o</sup> Outslan & others of our English whome they keepe in prison at quabaque the said 2 ships saild from quabaque in June Last past for the Nor west & they have sent a party of french ouer Land to Joyne with Indians & the said 2 ships for the destroying all our English factory theare: they have Comerse all soe with the Indians 6 or 700 Leags throw the Country toward the Rivers of Maxico & desine, if possible: by presents & other means to bringe the maquis & those Indians that are frindship with our English, to bee on their side that they may have them all soe to Joyne with them: the Jesuits & friers will speare noe Coste to Bring thire Cruell treacherys about which if thay Can accomplish they will be in a faire way to subdue new England: thay had desinged to send ought seurell partys of their french (that can & doe Live in the woods as the Indians & which Grate parte of their people Can doe) in small partys throw the Land in the winter to Joyne with the Indians for to Ruen our frontere towns in new England But it may bee S<sup>r</sup> Will hath put a stope to that desinge at present but I know they will vse all means possable to Indevor the destrurition of their majest<sup>s</sup> Interest in New England & New York & if so: thay will not stope thare but thay will aime at all their majesty<sup>s</sup> Intrest in America (: I giue my thoughts & vpon Good Grounds) if there is not Care to prevent & I humbly Conceve the only way to prevent them from their bloody desing is to subdue their Country Remove them of & settell it with English before there bee a peace settled betwixt the 2 nations for if a peace be thay will strangthen them selfs & secure the favors of all Indians & fight vs in time of peace with Indians & vpon the first Breach of a peace fall

vpon the English with all their forces & also all Indians on their sides : as they are at present Judge they Cannot make in Canada about 6 : or 7000 fighting men & they disperse at several small townes at Great distance their Living is most by the Indian Trade which is of a mighty value everly besides what they have from the Nor west sense they have taken our English factory.

Their Land is very fertile but they have not made such Large Improvements as our English have in New England for I finde the trade with the Indians brings them in sufficient profit there is Good Land & Good Timber if well improved & they say at moriall a towne about 60 Leagues up the River to the southward from quabaque all fruits will Grow there as well as in France & that way they desire their Great farming & soe will settle through the Country farther & farther upon the Backs of the English But I hope God will prevent their Jesuiticall Bloody desire.

They say their King does maintain 1500 or 2000 soldiers & sends over supplies & pay for them everly for the defence of the Country & that all fortification with stores : ammunition & all publick worke are done upon their Kings account & not by the Inhabitants all soe they say the french King sends over money everly to defraye other publick Charges that may Arise & there is noe publick duties paid but by the Companies of the peltry which makes mee Judge the Incomes is Great where such publick Charges is Expended.

The Gentry at quabaque are very Courteous & Civill & Live very Splendid only by the trade but they have abundance of poore amongst them for betwixt the Church men & Gentry they are oppressed but in such a subtle way that the poore people are not sensible of the Cause of their misery neither dare they complain if they were.

the french when they take any Indians or Maquis that are their Enemies they do not kill them but keepe them very safe Give them Clothes & vittells & Give them their Lib-

erty such meshurs thay take to Bring all Indians to bee there freinds thay have Carried soom Maquis & other Indians that thay have taken for france to see the state thare & have Brought them backe to quabaque Clothed them gaue them their Liberty to Live amongst them or Goe to their owne Country to show their freinds how Kindly the french have vsed them.

Reporte of an Army of English and Indians being at or Nere Moriall Caused the Gounour with what forsess could be raised at quabaque to imbarque for Morrill vpon July 12<sup>th</sup> 1690 & Lefte in quabaque about 200 : men Gentellmen marchants & tradesmen to Gard the towne there was 6 a night vpon the Gard soe that all the men in the Towne Came vpon the Gard onse in 3 nights & their douting that our English & Indians woold bee about them thay Roght every day to fortifie the towne Round which is with Stockades in the Ground & a banke Breast high Caste vp against it & vpon every Angle flankes of Good stone & Lime that will entertain 8 or 10 men to fight in ech flanker.

there Cam often newes from Moriell of our army which put the Country in Greate feare.

August 10<sup>th</sup> nues Came to towne that our English had taken 6 french ships at the Ile of pearsy which set the Greatest parte at their wits ends what to doe douting that our English was Coming by Land and walter nuse was Carried to Morriall but the Gounour Coold not Com downe from thence thay had their hands full.

18<sup>th</sup> nuse from Morriall that English & Indians had met with soom of their french & had slaine about 3 men.

7<sup>ber</sup> 3. — nuese from moriall that the Maquis only had slaine 30 french men wimming & Children.

Newes that our ships was Gon from the Ile of persy which much Rejoiced the people.

7<sup>ber</sup> 19<sup>th</sup> Nues from Morriall that the Maquas had slaine one of the Kings Cap<sup>tt</sup> & about 17 Souldirs & 3 or 4 Inhab-

itance which put all in grate feare bewayling their frends at Moriall and all soe their owne danger.

21<sup>th</sup> Nuse that 2 french men of war had met with 5 of our English ships vpon the Cost of Acada which made the very Bells Joyfull

24 this day newes brought to towne sartaine of our English fleet being in the River now the Joy of our ships being taken was drowned with Greif to thinke what woold bee Com of their ships that they did expect from france y<sup>t</sup> they ware in sum hopes that it might have bin a french fleete but sartaine Nuese Came to Towne that our English had bin ashore and Beaten of: the Cartaine nuse put all in very Great fears they sent up to Moriall to the Gouno<sup>r</sup> for Relefe all the Countrey peopell nere to quabaq<sup>e</sup> Came in which was not many their numbers being vp at Moriall seurell of the Inhabitation of quabaq<sup>e</sup> did speake of surrendring vp to the English & i doe Judge they woold have don soe if the Lord had Gave oportunity for our fleete to got vp to the towne before their strangth of souldies had Com downe from Morrill the Gouno<sup>r</sup> had sent ought seurell partys to discover the moshion of the Maquis his partys Returnd with sartan nues that they ware Gon Back ouer the Lake & that there was noe enemys by Land where vpon the Gouno<sup>r</sup> ordred the forsses from Morrill & other places for quabaq<sup>e</sup>//

Octob<sup>r</sup> 1<sup>st</sup> The seurell troops began to Com to town & soom Indians which was dispatchd oute to Goe downe the River to discover the ships & keepe our men from Landing at the Bisheps & the Ile of Orlance & else wheare.

4<sup>th</sup> The Gounõ Arived with seurell troops of men.

5<sup>th</sup> there Arived troops of men so with: what was in the Towne before about 2700: besids a party vpon Orlance.

6<sup>th</sup> Mond morning our English fleete was Riding before the towne & then there was in the towne about 2700 Brisk men well aremd & this day there Came betwixt 3 or 400 more by land: in the time of our fleite Leying at quabaq<sup>e</sup>

provisions was very scarce very Littell Bread or Coren & very Littell meate only a persell of Cattell drove into towne which thay did kill to suploy theire souldiers. If it had plesed God that the Land army as was supposed to bee above had staid about Morriall or our ships had Come sooner or weather had been such that thay might have staid Longer with ought doute wee shoold have bin masters of Canada —

I Hope the Lord will find ought a way for the subduing those Blood thirsty Reches : that have Joynd with the Cruell heathen to: Bucher soe many poore Innosent sovles whoes blood is Crying ought (how Long o Lord how Long holy & trve dost thou not Judge and avenge our Blood on them &c

Instructions for Major Robert Pike, Major Elisha Hutchin-  
son &c<sup>a</sup>

Let not your place of Treaty be without the bounds of  
Wells, and be very carefull to prevent any Surprise by  
Treachery. —

You are in the first place to Satisfy yo<sup>r</sup> Selves concerning  
the persons that present themselves to treat w<sup>th</sup> you, and in  
w<sup>t</sup> capacity they come, and in case you find them Sagamores

or appoint<sup>d</sup> by them You are to demand of them what Proposals they have to make; And Acquaint them that the Warr was begun neer Nine months before the Governm<sup>t</sup> came into our hands, and for ought we know, themselves or Accomplices were first Aggressors therein; And Endeavour to make them sensible of the Resentment we have of their perfidiousness, and bloody cruelty exercised towards the English. —

Let them understand that as we were not the beginners of the Warr, So we are not averse to Peace in a just and Righteous way.

Let them understand, It is but just that they render Satisfaction for the innocent blood, which they have Shed, and depredations made upon the Country. —

That you insist upon the Return of all the English Captives in their power, and their Quitting of the English Possessions, and Interest.

That in case there be any conclusion of Peace, Endeavor to gain Hostages for Security on their part; And if any Injury be hereafter offered unto them by the English, that they first make complaint thereof to the Governm<sup>t</sup> before they seeke any revenge.

In the Managem<sup>t</sup> of this Afflayre of so great concernm<sup>t</sup> much must be left to yo<sup>r</sup> good sound discretion upon the place; But let nothing be done, so as to give the Enemy Advantage to ensnare us, by being over credulous of them.

*Letter to the Agents of the Massachusetts Colony in  
England.*

Boston. Novemb<sup>r</sup> 29<sup>o</sup> 1690.

Hon<sup>rd</sup> and Worthy S<sup>rs</sup>/.

It's now more than nine months from the time of our Agents departure sent from hence, with our humble Addresses to their Majesties for our Settlement, Since which we have not been made happy with the receipt of a Line from yo<sup>r</sup> Selves, that might have been of direction in the Conduct of our Publick Affayres, circumstanced with so many & various difficulties ; Although some not well affected to the put Governm<sup>t</sup> have not been wanting to insinuate as if they had Intelligences of the Issue and ill Success of our Affayres in England, and to spread abroad divers false Rumours respecting the same to amuse the People, and make them uneasy, and thereby to render the Administrations of the Governm<sup>t</sup> more difficult : We do not herein intend the imputation of any neglect to your Selves, or Omission of Opportunity<sup>s</sup> for Convayance ; being sensible that those so acting have not been better furnished with intelligences ; But to intimate the Spirit that is found among us, and that the delay of a full Settlement, Especially considering the conjuncture of our Affayres, hath been of no little disadvantage. We have not knowingly omitted any Convayance to Impart unto you, what from time to time hath occurred with us in matters of moment particularly referring to the Warr, and the Expeditions set forth against the french and Indian Enemy, A Narrative of that to Port Royal, and of God's Smiles upon us therein hath been forwarded unto you, and hope is come safe to hand, with our Letters advising of our preparations to set forth for Canada, which was accordingly put in Execution ; The awfull Frowne of God in the disappointment of that chargable and hazardous Enterprize, you will have a particular Account of in the Narrative accompanying of these ; wherein, whatsoever, Some may

charge as matter of blame upon these or those Instrum<sup>ts</sup> Employed in the Conduct of that Affayre; Yet is the providence of God, appearing against us in the same, to be specially remarked, and taken notice of, partly by the long continuance of contrary winds at their Entring the River, retarding their Voyage that they were neer three times so long going up, as their passage was to the Rivers mouth, and Notices thereby given to the Enemy to prepare, and opportunity to draw down their fforges to oppose them. As also the withdrawing of the Land fforges, notwithstanding our pressing the necessity of a Reinforcement of that Expedition to keep the Enemy alarm'd, and buisy above, Endeavouring all we could the prosecution thereof; Although the Indians (as is said) fell so greatly short of appearances, as they had promised, Count Frontenac comeing with his Souldiers to Quebeck but three dayes before our Ships got thither, and then the unseasonableness of the weather after their arrival there and several other particular providences concurring in this disappointm<sup>t</sup> gives us plainly to see the finger of God therein and shall our ffather Spit in our Face, and we not be ashamed, God grant we may be deeply humbled, and inquire into the cause, and reforme those Sins that have provoked so great Anger to smoke against the prayers of his people, and to answer us by terrible things in Righteousness; And no less of Gods anger hath appeared against us in the loss of so many of our ffriends sent out in that Expedition, in and at their return by the contagion of the small Pox, Fevers and other killing distempers, which upon a modest computation (with those Slain, and dead of their wounds) we cannot reckon up less than Two Hundred men in the whole, or thereabouts, whereof neer fifty are Indians. God is holy and righteous in all his waies, and forever to be adored in his wisdom and Sovereignty. We are sensible there will not want those who will Endeavour to traduce and misrepresent us in the designe and managem<sup>t</sup> of this so

chargeable and hazardous an Undertaking, whereto it being by most apprehended we were Enforced through necessity for our own Safety, we can truly Say, we had no other Ends therein, but the glory of God, the preservation of their Ma<sup>ties</sup> Interest, and defending of their good Subjects of these Colony<sup>s</sup> against the Incursions and depredations of cruel Antichristian and Heathen Enemies, who were the first Assailants, and made their inrodes upon us both in the East and West the last Spring, And are using all their jesuitical policy utterly to root us out, as you will see by the inclosed Narrative of Captain Davis, accounting us (as the English Nation in general) Rebels for our Loyalty to their present Ma<sup>ties</sup> We may not Expect to live in peace, nor can their Ma<sup>ties</sup> Interest in these parts be Secured, but by the Subduing and bringing under these Malicious and bloody Enemies, who are wickedly designing and unweariedly industrious, spareing no costs, and bearing with the most insufferable injuries offered them by the Indians to proselyte and bring them over unto their side, that so they may have the fairer advantage to Infest and lay waste the English Plantations, Nor Can our Sea Coast, Fishery or Navigation be defended against their Invasions, without his Majesty shalbe pleased to afford us some Assistance of Shipping and other Supplies which we desire you would humbly lay before his Majesty: And if his Ma<sup>ty</sup> shall see cause to Order the setting forth any ffrigatts for the reduceing of Canada, our Souldiers (who generally want neither Spirit, nor resolution) are ready to offer themselves again to that Service.

It is not unlikely that you may meet with some Complaints of our countenancing or connivance at irregular Trading, and not giving due Encouragement to a private Ship of Warr, that Seised upon & brought in two English Ships from Newfoundland that came thither from France; You may truly Answer that we do not apprehend that we are justly to be taxed in the one or other of such Complaints,

and have not been wanting to our power to prevent irregular trading, by Employing of Officers to inspect and informe, as also to Seize upon any such, and upon particular Occasions granting forth special warrants for the taking hold of any acting in that kind, and shalbe alike carefull to proceed against them according to the direction of the Law, One Ship is at present under Seisure in order to Tryal on that Account; And for the ships brought from Newfoundland, one was Seised being wholly discharged of any ffrench Goods, (if she brought any) and reladen with fish, the other was Seised with ffrench goods on board, the Captain laid his Informations and joyned Issue against both, upon breach of his Maties Declaration of Warr, Inhibiting of his Subjects holding of communication or correspondence with y<sup>e</sup> ffrench King or his Subjects. In which Declaration there is no penalty Set down, nor Rule given how to proceed against any Ships or Vessells that come from ffrance and this was an English Ship brought there as the merchant alledged to bring off himselfe and other English Prisoners, and not trading from or to ffrance within the meaning of the Kings Declaration, She was acquitted of that Information, but afterwards reSeised by the Country<sup>s</sup> Officer for breach of the Acts of Trade, which being done as is alledged in Newfoundland, Security is taken for the Answering of it in England; The case of the other Ship being differently circumstanced from the ffirst, is transmitted to the High Court of Admiralty to be there determined, of which you may have a farther Account.

In the beginning of this month, seven or Eight of the Eastern Indian Sagamores sent in a writing by the hand of a Captive, and came themselves to Wells to make Overtures for Peace, Some Gent<sup>n</sup> from hence were appointed to discourse them, but e're they came thither, the Indians were all gone (save onely one) pretending the time assigned for their return was neer out, and if they out stayed that, their men would

either apprehend they were either kild, or detained Captive, and so mischiefs might ensue thereupon, our Gentlemen discoursed him that remained and agreed about the Exchange of Captives and that those who came to fetch the Captives should be instructed to receive what further Overtures the Sachems (who would then be together) should make concerning a Treaty, and agree of time and place for the same Captain Alden, Captain Convers, and some Gent<sup>n</sup> of Piscataqua are Employed in this Affayre, an Account whereof we may Expect within a weeke or Ten dayes at their Return, the English Captive that came in Saith, they are very poor and low, have lost a considerable number of their men, and some of principal Note among them, Express themselves weary of the Warr, and have this several months been meditating how to mediate, and bring about a peace with the English, the Success of this, as all other our Affayres is with God, who we hope in all these darke dispensations of his providence, will at length cause light to breake forth upon us on whome alone is our dependance and Expectations.

Thus may you see the Sea of trouble we are Swiming in, Nor are we altogether unsensible of the great paines and difficulties yourselves are labouring under on our behalfe, their Ma<sup>ties</sup> ffavourable Aspect towards us and direction for the future Management of our publick Affayres, & Gracious Settlement of the Governm<sup>t</sup> is absolutly necessary to be hastned unto, which we are humbly awaiting with longing Expectations, and desire you to Sollicit: We are greatly thoughtfull about the discharge of our Debts at home, and the makeing of Supply<sup>s</sup> to your Selves abroad, there wilbe soon other Opportunity<sup>s</sup> for writing to you; which we shall be carefull to improve and possibly then be able to give a more particular Accompt of the issue of the late great Expedition, wherein we doubt not you will not be wanting to Endeavour their Ma<sup>ties</sup> ffavourable Resentm<sup>t</sup> of our sincere Intentions for their Service. Giving our hearty Respects

and Service unto your Selves, and other friends with you that wish our welfare, we commend you to the gracious Protection and guidance of God both in yo<sup>r</sup> personal and publick affayres you are Engaged in on our behalfe and begg yo<sup>r</sup> prayers for direction to our Selves in a right manageing of the Arduous Concerns under our hands

Right Hono<sup>ble</sup>

May it please your Lords<sup>pp</sup>

We haue dispatched this Express with the duplicates of our Addresses and letters about Six weeks sence by the hands of our Agents (who we hope are safely arrived) and farther to lay before their Majesties the present state and condition of their Colony's and plantations in these parts, being annoyed and infested with both french and Indian Enemys, the first (tho formerly more Secret in the animating and supplying the Indians against Majesties Subjects) have of late openly appeared and joyned to their Assistance in the Actual assaulting and desolating some more remote Villages and Plantations of the English, as Schenectady

upon Hudsons River about Twenty Miles above Albany, and Salmon falls a Plantation upon a branch of Piscataqua River (altho the losse of both must principally be attributed to their own deadly Security and treachery of the Enemy (The Enemy having killed and captivated at both places 150 thereabouts men women and Children. We have not been wanting on our part to doe our utmost to Intend the safety and preservaton of the whole of their Maj<sup>ties</sup> Interest and had men in Garrison at both places sufficient with their own Inhabitants to have repelled the force of the Enemy. We are certainly informed by Examination of some french Prisoners lately brought in that the french from Canada have five or six hundred joyned with the Indians in severall partys towards this Country Eastward and Westward which hath necessitated our consideration of the most effectual means to resist and repell the further Attack of that Violant and restlesse Enemy; And together with the enforcing of our ffrontiers, exciting of the Maqua's and other Indians ingaged with us to Alarme and molest the Enemy by Land) have resolved upon an Expedition against them by Sea to Port Royal and other places adjacent, where they have taken severall of our fishing Vessells: and are setting forward the same under the condut of S<sup>r</sup> William Phips. It being the general opinion of the whole Countrey that there is no expectation of the putting an Issue to the Indian Warr; nor will their Majesties Subjects here ever live in Peace; but by the dislodging and removal of those ill neighbours the french; their Increase and Strengthening themselves in these parts being judged utterly inconsistent with the interest of the Crowne of England. God succeeding this present Attempt it will greatly encourage to an Attack upon Canada; if his Ma<sup>ty</sup> be pleased to countenance the same, and to afford some Assistance of Shipping with a Speedy Supply of A<sup>m</sup>unition of which we are in great Want, and can hardly spare sufficient to furnish the present Expedition.

We have been humbly bold to supplicate his Majesty to Order a supply of Arms and Ammunition for us. And that this small Vessel chiefly sent on that Occasion may be permitted speedily to returne that we may not be unprovided for our Necessary defence and to resist the Assault of the Enemy —

Right Hono<sup>ble</sup>

We humbly pray the Hon<sup>r</sup> and advantage of your Lords<sup>pp<sup>s</sup></sup> favourable Representation of the premises on our behalfe unto his Majesty, and your Lordsp<sup>s</sup> assistance and furtherance of our Agents; whome we have directed to wait upon his Majesty on occasion of this and other our Publick Affaires: Praying for your Lord pp<sup>s</sup> Prosperity

Hon<sup>ble</sup> S<sup>r</sup>

I was glad by the Receipt of yo<sup>rs</sup> of the 20<sup>th</sup> Instant to understand you were safely arrived, And am heartily greived to hear of the Mischief hapning at New Yorke just before. Not doubting but such Measures have been since taken by yo<sup>r</sup> prudent Conduct, as have ere this disposed the Affaires of that City in a perfect Settlement.

Rendring you thanks for the kind expression of your Intentions to maintaine a good Understanding at all times, and joint defence in the present War with the french to which shall willingly contribute my utmost. I have nothing at

present worthy yo<sup>r</sup> Remarke: It having pleased God for severall months now past to give us quiet from the Annoyance of the Enemy both ffrench and Indians; the Indians some time since sollicitated a Peace and seem still desirous of the same, a Truce was agreed upon until the first of May next and possibly there may be a Consent to enlarge the time thereof, but they are so perfidious a People, and have so basely began a Warr, and barbarously murdered the English, that it will be hard for them to offer such Terms of peace as may be just and hono<sup>ble</sup> to accept of, besides Confidence to be reposed in their promises that it is necessary notwithstanding to make suitable provision for our defence ag<sup>t</sup> any Invasion by the ffrench; which I shall strenuously Intend.

I shall take care to Answer yo<sup>r</sup> desire in the stay of the Ships bound for London, during the time proposed, And as any thing shall Occur for their Maj<sup>ties</sup> service shall give advice thereof.

*“Letter to Gov. Nicholson of Virginia.”*

Hono<sup>ble</sup> S<sup>r</sup>

I have yo<sup>rs</sup> of the 11<sup>th</sup> of March Ult. before me wherein you are pleased to Remarke unto me the Hon<sup>r</sup> done you by their sacred Maj<sup>ties</sup> in appointing you their Maj<sup>ties</sup> L<sup>t</sup> Gov<sup>r</sup> of Virg<sup>a</sup> and the desires of your being informed of the state of this Country with reference to the Co<sup>m</sup>on Enemy ffrench and Indians; As I am studious at all times in all things to approve my duty and Loyalty unto their Maj<sup>ties</sup> so likewise to maintaine a good Intelligence and correspondence with their Maj<sup>ties</sup> Governm<sup>nts</sup> of the Neighbouring Colonys and Plantations in whatsoev<sup>r</sup> may conduce unto their Maj<sup>ties</sup> service; The unhappy disappointm<sup>nt</sup> of our last Summers enterprize ag<sup>t</sup> the ffrench of Canada, and the loss of men sustained therein (far more by sickness than by the Sword) has laid us under no small disadvantages; In w<sup>ch</sup> the Providence of God by a long continuance of contrary winds and tempestuous weather is more to be taken notice of; than any preparations or strength of the Enemy in frustrating of that designe; An account of that affair is long since transmitted to England to be laid before their Maj<sup>ties</sup> and S<sup>r</sup> William Phips (who had the cheif comand of those fforges) is in person gone home to Attend their Maj<sup>ties</sup> with a particular Narrative thereof.

Since Octob<sup>r</sup> last we have not been alarm<sup>d</sup> by any motion of the Enemy; but thro Gods Goodness have been free from

their Molestations all this winter; not understanding that either the french or Canada Indians have come over on this side the Lake; The Eastern Indians have held a Truce these severall months, and earnestly sollicite they may be at peace; their former treacherys make the English more jealous of them; and Scouts are constantly abroad on the head of the frontiers to be observant of their motions; what will be further done w<sup>th</sup> relation unto them is yet undetermined; what troubles y<sup>e</sup> ensuing Summer may ordaine is alone with God; our present sollicitude is to make due provision for our owne security; and to repulse the Assaults of the Enemy; I suppose no further advance will be made to the Attack of Canada for the p<sup>nt</sup> unless his Maj<sup>ty</sup> shall please to give special Order and direction thereabout.

I am glad to hear that their Maj<sup>ty</sup>s Territory under your Governm<sup>nt</sup> is in peace, and pray there may be a continuance thereof; And that all their Maj<sup>ties</sup> Colonys in America may have a happy settlem<sup>nt</sup> & lasting tranquillity; there are severall Ships in this port laden for London, and I suppose will saile w<sup>th</sup>in 14 dayes at the longest; what shall occur to me that may be conducing to y<sup>r</sup> Maj<sup>ties</sup> service, or concerne the Security of yo<sup>r</sup> parts; I shall take care to transmit y<sup>e</sup> speedy intelligence thereof unto yo<sup>r</sup> self And am S<sup>r</sup> yo<sup>r</sup> humble Serv<sup>t</sup>/

*Extract of the Paris Gazete touching Sr W<sup>m</sup> Phips Expedition to N: England.*

De Paris, le 3 Fevrier 1691.

Le Comte de Frontenac, Gouverneur de la Nouvelle France, etant allé du côté de Montreal, où les François avoient remporté plusieurs avantages sur les Anglois, aprit qu' ils étoient entrez dans la riviere au nombre de 34, voiles, a dessein d'attaquer Quebec, ou il se rendit le 15. Octobre. Le Cheve-

lier Guillaume Phips, Comāndant des Anglois, envoya le lendemain Sommer le Comte de Frontenac, de rendre la ville au Roy Guillaume, il luy repondit qu' il ne connoissoit point le Roy Guillaume, mais que le Prince d' Orange estoit un usurpateur, qu' il ne sçavoit point d' autre Roy d' Angleterre que Jacques II. Que quand il seroit d' humeur a recevoir les conditions que le Chevalier Phips luy offroit, les Officiers n' y consentiroient pas, & ne luy conseilleroient pas de se fier à un naître, qui avoit manqué à la fidélité qu' il devoit a son Roy legitime : enfin qu' il luy repondroit par la bouche de son Canon, Le 17. Octobre les Anglois l' attaquèrent Ayant mis deux mille hommes à terre, Tout les milices des habitations de la côte avoient pris les armes ; & à pein les Anglois avoient fait demy quart de lieüe qu' ils se virent attaquez par plusieurs petits détachmens, qui leur tuerent beaucoup de monde, Quatre de leurs plus gros vaisseaux s'approcherent de la ville dont le canon de matà presque entièrement leur Amiral, & en maltraita se fortement les trois autres, qu' ils furent Obligez de se retirer pour se ra double. Deux jours après, ils s'approcherent de la ville, prés de la petite riviere, Comme à dessein de la passer, Le Comte de Frontenac fit, sortir toutes les troupes réglées, pour leur en disputer le passage, toûjours avec beaucoup de perte de leur part. On escarmoucha assez long temp, & ils se retierent à leur premier Camp, où étant toûjours harcelez par les troupes & les milices, ils se rembarquerent avec précipitation le 22. profitant d' une nuit Obscure. ils ont perdu plus de cinq cens hommes dans cette Expedition, dont on donnera détail au public. —

*Canada 1690-1691. C. II page 141.*

Memoire du Roy aux S<sup>rs</sup> Comte de frontenac et Champigny Le Roy a vu par les lettres et par le rapport qui a été Fait a Sa Ma<sup>te</sup> par le S<sup>r</sup> marquis de demonville et par celuy du Lieu<sup>t</sup> envoyé par le d<sup>t</sup> S<sup>r</sup> de frontenac l'Estat des affaires de Canada, Sa Ma<sup>te</sup> a été informée des Irruptions que les Iroquois ont Fait dans l' Isle de Montreal, et des soins du d<sup>t</sup> S<sup>r</sup> de frontenac pour essayer de traiter de la paix avec ces sauvages par le moyen de ceux qui ont été envoyez de france ; les affaires considerables que Sa Ma<sup>te</sup> a à soutenir a present ne luy permettent pas d'envoyer en Canada de nouveaux Secours de troupes, n'y de penser a l'entreprise qui avoit été proposée l'année dernière, sur la nouvelle york, Elle approuve le party que le d<sup>t</sup> S<sup>r</sup> de frontenac a pris de continuer la guerre par une vigoureuse deffensive ; Les Entreprises Faites par les Iroquois obligent Sa Ma<sup>te</sup> de recommander au d<sup>t</sup> S<sup>t</sup> de frontenac de prendre de plus justes mesures que par le passé pour les empescher et de tenir la main, à ce que tous ceux qui occupent des partes soient toujours sur leurs gardes, meme quils envoient des partys pour avoir connoissance de leurs marches, et par le moyen des bateaux armez, quil peut mettre dans les endroits ou ils doivent passer sous le commandement d'officiers vigilants, et qui puissent penetrer les precautions avec lesquelles, ces Sauvages ont coutume de marcher affin de les en esloigner, et quils ne puissent entamer le corps de la Colonie.

Bien ne paroît plus necessaire pour cet effet que d'exécuter les ordres qu'elle a déjà donné pour la reunion des habitations ou villages, et particulièrement au dessus des trois rivieres afin que les habitans soient mieux en etat de se deffendre Il faut meme quil les oblige a fermer ces villages de palissades et a se mettre par ce moyen hors d'insulte.

Il doit aussi appuyer les habitans dans le temps des semences et des recoltes, pour quelques officiers et soldats aux

endroits ou les ennemis pourroient venir pour prendre avantage de la necessité ou ils sont d'estre pour lors a la campagne. Quoy qu'il doit faire son capital de conserver les pays, et d'y employer particulièrement les troupes, Sa Ma<sup>te</sup> est aussi persuadée quil peut faire attaquer les Anglois, et les Iroquois par les sauvages allies, comme elle apprend quil a commencé.

Il doit aussy donner du secours aux S<sup>rs</sup> de la forest, et Tonty, ausquels elle a accordé S'Établissement qu'avoit le feu S<sup>r</sup> de la salle aux Illinois, pour les mettre eu Etat d'agir de leur part contre les Iroquois.

Il pourra faire encor agir les Iroquois allies, et pour cet effet il paroît convenable á Sa Ma<sup>te</sup> de renvoyer au lieu nommé le Sault, ceux qui en avoient été tirez pour les faire venir a Montreal, et de leur donner toutes les assistances qui seront necessaires tant pour la subsistance que pour la garde de leurs familles, et les engager à faire une forte guerre aux Iroquois ennemis

Il paroît a Sa Ma<sup>te</sup> que comme l'établissement des Canibas est particulièrement du coté de Lacadie, et dans le voisinage des habitations de la nouvelle angleterre ou ils ont enlevé le fort de Pemeuit (1691) et plusieurs postes fortifiez Ils doivent être excitez d'y continuer la guerre, et pour cet effet, le d<sup>t</sup> S<sup>r</sup> de frontenac entretiendra correspondance avec le S<sup>t</sup> Meneval qui commande a Lacadie auquel ils ont beaucoup de confiance et pour luy donner moyen d'y concourir Sa Ma<sup>te</sup> luy ordonne de leur faire les memes presents que l'année derniere Elle espere que la negotiation quil a commencé avec les Outawaces, sur l'avis quil a eu de la paix quil ont faite avec les Iroquois aura en le succes quil en a attendu, et qui les aura engagé, a leur renouveler la guerre ce quil doit procurer par tous lez moyens possibles, meme en leur faisant faire quelques presens

Sa Ma<sup>te</sup> est bien aise de luy dire a cette occasion que n'estant plus obligée aux Extraordinaires depenses quil a

fallu faire cy devant, pour attaquer les Iroquois, Il trouvera dans les fonds qui seront faits cette année, de quoy assister dans ces sauvages pour en tirer les services ausquels il trouvera a propos de les employer —

Il doit profiter des dispositions des Interressés en la compagnie du Nort, pour le dessein quelle a de faire attaquer le fort de Nelson, par le S<sup>r</sup> d'Iberville, et de les aider de son autorité, dans les choses ou ils en auront besoin pour les mettre en etat de chasser les Anglois de ce poste, qui est le seul qui leur reste de la baye d'Hudson.

Quelques veués que Sa Ma<sup>te</sup> donne au d<sup>t</sup> S<sup>r</sup> de frontenac pour le maintien de la Colonie et reduire les Iroquois á desirer la paix, cependant pour la confiance quelle a en son Zèle, et en son application Elle se remet a luy d'y ajoüster, et de faire en cette occasion ce quil estimera de plus convenable a son service, ne doutant point que par la connoissance quil a des manieres des sauvages de ses forces, et du pays Il ne soit en etat de prendre le meilleur party.

Sa Ma<sup>te</sup> ayant appris que les habitans de Quebec ont fait preparer pour fermer cette ville, des pallissades, il faut qu'il les oblige a y travailler sans retardement, et que s'ils ne se pouvoient absolument passer de quelques secours pour achever cet ouvrage les d<sup>s</sup> S<sup>rs</sup> de frontenac et de Champigny examineront les moyens d'y pourvoir, et de leur faire donner ce qui sera Indispensable<sup>t</sup> necessarie —

Le S<sup>r</sup> de Denonville ayant fait remarquer que dans l'abandon du fort de Catarakouy celuy qui y commandoit n'en avoit pas Fait sapper les Fortifications suivant son ordre et qu'ainsy si les Anglois, ou les Iroquois occupoient a present ce poste, Ils y seroient bien fait en Estat de defensee; Il est tres necessaire que le d<sup>t</sup> S<sup>r</sup> de frontenac y envoie pour achever de les destruire, sil ne la pas encore fait, et quil fasse aussy rechercher les deux canons de faute qui ont été tirez de ce fort, et laissez au lac S<sup>t</sup> François

La depence faite par les forts de Missilimakinac, et du lac

Erié devant être remboursée sur les premières congez qui seront délivrez sur la traite suivant l'ordre de sa Ma<sup>te</sup> du 8<sup>e</sup> mars 1688. ; Elle ne veut pas qu'il en soit donné, aucune que cette dépense ne soit entièrement acquitée

Le dit S<sup>r</sup> de Denouville a représenté à Sa Ma<sup>te</sup> la nécessité qu'il y a d'occuper la jeunesse des familles nobles de Canada, et a proposé de les faire passer en France pour servir dans les gardes du corps, ou de les employer dans les troupes à mesure qu'il vaquera des places ; sur quoy Sa Ma<sup>te</sup> avant de se déterminer est aise d'avoir l'avis des d<sup>s</sup> S<sup>rs</sup> de frontenac, et de Champigny pour ce qui peut être de plus à propos pour son service

Quoyque Sa Ma<sup>te</sup> ayt expliqué aux S<sup>rs</sup> de frontenac et de Champigny ses Intentions sur ce qui regarde la guerre. Elle estime nécessaire de leur dire sur ce qui regarde la paix qu'elle agréé que le d<sup>t</sup> S<sup>r</sup> de frontenac continue à se servir du moyen qu'il a commencé d'employer obliger les Iroquois à la paix, et observant de ne rien faire qu'il leur fasse connoître qu'il la desire, par la crainte de la continuation de la guerre, ny dont ils puissent prendre aucun avantage Cependant Sa Ma<sup>te</sup> est persuadée que dans l'Etat ou est à présent la colonie il est d'une extrême importance pour sa conservation qu'il puisse parvenir bientôt à conclure ou traiter avec ces sauvages, et à finir cette guerre dans laquelle par l'événement, il se trouve qu'il y a beaucoup à perdre et rien à gagner.

L'affection de Sa Ma<sup>te</sup> pour l'avancement de la religion, et le service de Dieu, oblige à recommander encore fortement aux d<sup>s</sup> S<sup>rs</sup> de frontenac et de Champigny de continuer leurs soins pour concourir au zèle du S<sup>r</sup> Evêque de Québec, et pour secourir les Ecclesiastiques, dans les occasions où ils aurent besoin de leur autorité s'assurant que les dits ecclesiastiques de leur part feront tout ce qui dépendra d'eux pour contribuer dans cette conjoncture à maintenir les habitans dans une bonne union, et dans la bonne volonté d'em-

ployer leurs biens, et leurs personnes pour son service, et pour leur propre conservation

Les S<sup>rs</sup> de Denouville, et de Champigny ayant trouvé à propos de promettre six congez pour la traitte, aux religieuses et a l'hopital de Montreal, Sa Ma<sup>te</sup> veut quelles en jouissent, et que le d<sup>t</sup> S<sup>r</sup> de frontenac donne les d<sup>s</sup> congez, afin quelles puissent subvenir a la subsistance des malades, et a la reparation de leurs batimens.

Sa Ma<sup>te</sup> a été bien aise d'apprendre la facilité que ses sujets ont encore trouvé l'année dernière pour leur traitte, avec les Outawacs ayant apporté pour 8000000<sup>ll</sup> de pelleteries. L'importance de ce commerce doit engager les d<sup>s</sup> S<sup>rs</sup> de frontenac et de Champigny a ne rien oublier pour entretenir une bonne correspondance avec ces Sauvages, et pour assurer le retour des effets des françois

Le S<sup>r</sup> de Denonville ayant rendu compte du progres des entreprises du S<sup>r</sup> Rivarin pour la pêche des balenines, et de la molue les d<sup>t</sup> S<sup>rs</sup> de frontenac et de Champigny doivent l'exciter a les continuer, et a façonner les habitans a ces pêches, et l'assurer que Sa Ma<sup>te</sup> fera consideration de ses soins, et depences, et des partes qu'il a souffert, Elle desire cependant qu'ils le fassent jouir des congés qu'elle luy a cy devant accordé, quand il y aura occasion, et qu'ils luy fassent Sçavoir leu avis sur la demande qu'il fait du privilege de la traitte avec les Sauvages, du lac de Thomascanung./.

Memoire Concernant Le Canada du Mary de Denonville Pour Monseigneur Le Marquis de Seignelay fait en Janvier 1690.

La Jalousie du Commerce des Anglois Contre les françois est la principale raison qui rendra toujours les deux Colonies incompatibles et nous doit contre nous. veindre que jamais les françois ne se doivent fier aux Anglois ou holandois de se Pais la outre les interets de la Religion Catolique a laquelle les dits Anglois et holan-

dois ne permettront jamais de faire aucun progres parmy les sauvages, regardant tous nos Missionnaires comme leurs plus cruels Ennemis qu'ils ne veulent pas souffrir avec les sauvages qui sont a portée d'eux.

Le Premier motif que la feu Reine Mere a eu pour commencer a soutenir le Canada, a este de faire publier levangile dans ce nouveau monde, ou il y a un nombre infiny de diferentes nations qui n'ont aucune connoissance du Vray Dieu les Anglois et hollandois ont toujours traversé Ce dessein et l'ont aussy regardé comme contraire A l'interais de leur commerce. Tout leur navoir Faire a toujours esté employé a faire Chasser tous les Missionnaires qui ont este ches les nations qui sont a portée d'eux. Ils y ont si bien reussy que nous n'en avons plus aucun ches les iroquois depuis plusieurs années

Quant l'enterais de levangile ne nous engageroit pas a tenir des missionnaires dans tous les villages sauvages iroquois et autres L'interais du Gouvernement Civil pour le bien du Commerce nous doit engager a Faire en sorte d'y en avoir toujours car ces peuples sauvages se peuvent gouverner que par les missionnaires qui seuls sont capables de les maintenir dans nos interais et les empescher de se revolter tous les jours contre nous.

Influence des Jesuites sur les Sauvages. Je suis convaincu par experience que les Jesuites sont le plus capables de Gouverner lesprit de toutes les nations sauvages estans seuls maistres des differantes langues outre leur sçavoir faire, par une tres longue experiance qui s'est aqoise ches eux successive-ment par les missionnaires qu'ils ont eu et qu'ils continuent d'avoir en grand nombre.

Sauvages. Abenakes du Côté de Baston En partant de Canada J'ay lessé une tres grande disposition a atirer au Christianisme la plus Grande partée des Sauvages abenakis qui habitent les bois du voisinage de Baston ; Pour cela il Faut les atirer a la mission nouvellement etablée pres Quebec sous

le nom de S<sup>t</sup> François de Sales, Je l'ay vue en peu de temps au nombre de six cents ames venues du voisinage de Baston. Je l'ay laissée en etat de l'augmenter beaucoup si elle est protégée ; J'y ay Fait quelque depeuce qui n'y a pas este inutile, La bonne intelligence que J'ay en avec ces sauvages par les soins des Jesuites et surtout des deux Peres Bigot Freres a fait le succès de toutes les attaques qu'ils ont Fait sur les Anglois cet Este ausquels ils ont enlevé saise fors outre Celuy de Pemcuit ou il y avoit vingt pieces de Canon ils leur ont tué plus de deux cents hommes avec des presens de hardes, de poudre et de Plomb, ou les maintiendra aisement dans nos interais. Ils seroient tres utiles a la Colonie Francoise surtout si ou les Engage a se venir etablir dans la nouvelle mission de S<sup>t</sup> Francois de Sales, qu'il Faut contenir avec soin et Fortifier le vilage Car sans doute les Anglois pourant les Envoyer atiquer par les Iroquois, Cette mission Couvre Quebec qui ne sera pas attaqué qu'elle ne soit enlevée.

De toutes les nations sauvages celle qui a plus de disposition au Christianisme est labenaquy après eux sont les hierons qui restent en tres petit nombre et ensuite les iroquois Mais la Mechante volonté des Anglois est un empeschement Formel.

Il est constant que les iroquois ont plus d'estime et d'inclination, pour nous que pour les Anglois, mais l'interet du meilleur marché qu'ils ont des marchandises qui leur sont necesaires prevault outre que les Anglois achetent lecastor plus chere-ment que nous.

La Mission d'iroquois que nous avons a la prerie de la Madelaine et que J'ay esté obligé de porter dans l'enelos de la ville de Montreal doit estre regardée comme un levain qui servira utilement un jour a la conversion generale des iroquois, parcequ'il y en a de tous les vilages, et qu'il y a lieu d'esperer qu'ils atireront leurs parens avec eux si l'on prant

soin de cette mission et de la tirer de Montreal ou l'ivrognerie le Fera perir, Il la faut mettre en bon lieu et en etat de se bien defendre des Ennemis, avec de bonnes redoutes de pierre Flanquens de bonnes palissades, il faut y Faire travailler les troupes le meilleur poste pour eux me paroist Entre Chateau Guay et leur Antien vilage

Il faut les Eloigner de l'ivrognerie ; Je l'ay mise dans la ville de Montreal parceque J'avois avis, que l'ennemy avoit resolu de l'enlever, Le Fort ou cette mission estoit estant tres mechant et ne pouvant se retablir pour plusieurs bonnes raisons

Il y a encor un'autre mission de sauvages, dont le Seminaire de S<sup>t</sup> Sulpice praut soin situé a trois quarts de lieue de la ville de Montreal, elle est composée d'iroquois et de heirons, pour l'augmenter il Faut l'Eloigner de la ville et des habitations francoises.

De l'eau de Vie, sur les Sauvages. Il y a long temps que l'on se plaint avec raison, des maux que l'eau de vie Fait et des empeschemens qu'elle apporte au progres de la Religion, Lavaris seule a Fait dire le contraire a ceux qui croyoient s'enrichir par ce malheureux trafic qui asseurement est la Perte non seulement des sauvages mais des François et de tout le Comerse, La preuve est dans l'experience depuis plusieurs années que l'on n'a vu personne s'enrichir dans ce negosse et que l'on a vu perir tout ce grand nombre de sauvages anns, que nous avions autour de la Colonie et dans le peu de vieillards que lon voit parmi les Francois qui sont vieux et usés a l'aage de quarante ans. La debauche d'eau de vie est Frequante en ce pais comme celle du vin l'est en Alemagné Les femmes meme en boivent —

J'ay l'experience des maux que cette boisson cause parmi les sauvages c'est l'horreur des horreurs il n'y a crime et infamie que ne se commete entre eux dans leurs excès, une Mère Jette son Enfan dans le feu, Ils se mangent le nes c'est ce qui se voit communement, L'image de L'Enfer est

chez eux dans ces debauches, il Faut avoir vu ce qui en est pour le croire tel tres souvent ils s'en ivrent exprés pour avoir droit d'exercer les vieilles rancunes, Les Chatimens ne se peuvent pas Faire comme ou le Feroit de Francois qui tomberoient en Faute, Les remedes sont impossibles tant qu'il sera permis a tout le monde de vendre et trafiquer avec l'eau de vie quelque peu que chasqu'un a la Fois en puisse donner les sauvages s'en ivreront toujours, il n'y a artificisse dont ils ne se servent pour en avoir et pour s'en ivrer autre que chaque maison est un Cabaret, Ceux qui disent que si on ne donne de l'eau de vie aux Sauvages ils iront aux Anglois en chercher ne disent pas vray car il est certain qu'ils ne se soucient pas de boire tant qu'ils ne voyent pas l'eau de vie et que les plus raisonnable voudroient qu'il n'y en eut Jamais eu car ils se ruinent en donnant leurs pelteries et leurs hardes pour boire et se brulent les entrailles

L'union seule du Clergé avec M. le Gouverneur Génél et L'Intendant est l'unique bon moyen pour bien Gouverner ce peis dout le peuple n'est pas aisé à conduire

Il seroit a souhaiter qu'en toute la Chretiente le Clergé Fut aussy S<sup>t</sup> qu'il l'est en toute la nouvelle france ; La Pauvreté ou il est me Fait dire qu'il ne se peut soutenir sans la Continuation des liberalités de sa Majesté et surtout les deux hopitaux de Quebec et de Montreal ce dernier est sans Logement.

La grande difficulté pour le Gouvernement des Peuples vient de ce que l'on a lessé trop etendre cette Colonie et que chaque habitant estant separé et sans voisins se norit dans un independance sauvage outre l'impossibilité au un Gouverneur General est de defensiva Je ne voy de remede a cela que de resserrer la colonie et de rassembler les habitans Formans de bons vilages Fermes quelque difficulté qui s'y puisse rencontrer il y Faut travailler si ou ne veut s'exposer a perdre tout le peuple.

L'Etendue de la Colonie depuis la Baye S<sup>t</sup> Paul du coste

du nord du Fleuve S<sup>t</sup> Laurent Jusques au bout de l'isle de Montreal est presque de cent lieues et depuis la Riviere du loup, Jusques a chateau Guay est aussi etendue

Toutes les habitations separées et avoisinées de bois infinis sont la Foiblesse de ce Peis si avec cela on veut continuer d'ocuper des forts Eloignes comme celuy de Catarocaury ou  
 Fort de Frontenac. fort de Frontenac ce seroit Encor affoiblir le pais et augmanter la depance qui ne nous peut etre d'aucune utilité quelque chose que l'on puisse dire au con-  
 postes trop éloignés traire car ces postes ne peuvent nuire aux Sauvages ennemis mais bien a nous par les difficultes d'y aller et par la depance pour les soutenir

Il n'y a rien de plus certain que cest un grand mal que d'avoir permis que par le passé on ait occupé des Postes si Eloignés que ceux que l'on a occupé qui sont si hors de portée de la Colonie que l'on ne les peut soutenir. Ce qui a necessité ceux qui les ont gardé d'entrer dans les interais des peuples qui leur sont plus voisins et de cette maniere ou a esté necessite d'entrer dans leurs querelles pour leur plaire et se les concilier ce qui nous a attiré linimitée de leurs Ennemis et le mepris de nos amis qui ne pouvant estre secourus de nous comme on leur avoit Fait esperer ou comme ils le pouvoient desirer nous ont traversé en plusieurs rencontres plus que nos Ennemis meme ce qui a este experimanté bien plus d'une Fois. On auroit bien mieux Fait de ne point entrer dans toutes leurs querelles et de lesser venir tous les sauvages chercher les marchandises qui leur sont necessaires dans la Colonie, que de les prevenir en leur en portant en si grande abondance que souvent on a esté contreint de les donner a si vil prix que cela nous a decreé chez les sauvages et a ruiné le commerce car plusieurs de nos coureurs de bois ont souvent perdu a leurs voyages au lieu d'y profiter

Coureurs de bois Outre cela le Grande nombre de coureurs a Fait un notable prejudice a la Colonie en corompant lesprit le corps et les meurs des habitans qui s'entretenans

dans l'esprit libertain et independant et Fanieant empesche qu'ils ne se marient car l'air de noble qu'els prennent a leur retour par leurs ajustemens et par leurs debauches au cabaret depensant anisy tout leur profit en tres peu de temps Fait que meprisant les paisans, ils tiennent au dessous d'eux d'epouser leurs filles bien qu'eux meme soient paysans comme eux, et outre cela ne se veulent plus abaiser a cultiver la terre et ne veulent plus entendre qu'a retourner dans le bois continuer le meme metier ce que donne lieu a quantite de debauches que plusieurs sont avec les sauvages qui atterent beaucoup des maux par les desplaisirs que les sauvages ont qu'on debauches leurs femmes et filles et par le Tort que cela Fait a la Relegion les sauvages voyans que les Francois ne pratiquent rien de ce que les missionnaires disent de la loy de levangile

Le remede a cela est de ne pas permettre autant que l'on pourra qu'il retourne personne dans les bois que ceux qui ne peuvent faire d'autre metié et qu'on ne lesse monter aucun des libertins et que tous soient obliges d'aporter au Gouverneur et L'intendant son certificat des missionnaires comme ils ont este de bonne vie et de bonnes meurs ; Que lon trouve moyen d'ocuper la Jennessé du Peis ce qui est tres aisé au moyen de la pesche de molues et de balennes qui est un negosse infallible si on s'y veut adonner serieusement et s'en faire un'affaire, Il y a lieu de croire que les Marchands les plus sages et Antiens du Peis sont degoutes de renvoyer dans les bois, mais il n'y aura toujours que trop de petits nouveaux marchands ambitieux qui voudront tenter d'envoyer dans les bois et sans congé et avec congé il est tres apropos qu'il y ait un ordonnance qui rende les marchands responsables de la faute des coureurs de bois sans congé Car si le marchand ne donnoit point de marchandise il n'y auroit point de coureurs de bois.

Ou a este obligé de Faire des despences pour  
 Champigny l'entretien des forts éloignés qui ont esté avancées

par les marchans aus quels M de Champigny a Promis le remboursement sur les Premiers cougés qui se donneront, il sera bien apropos que Monseigneur le Marquis de Seignelay eu ecirree et ordonne que cela soit Gincy

De la necessité de laisser le gouvernement des sauvages aux Missionnaires  
 J'ay deja marqué qu'il est de consecance que les Sauvages ne soient Gouvernés que par les Missionnaires et que le Gouverneur General et L'intendant soient toujours de concert avec eux pour le Gouvernement General du Peis, sans quoy on sera Sans les Jours exposée a mil inconveniens dans les quels on est entraîné par les interais des particuliers qui ne sont conduits que par l'avarisse, cette verité n'a este que trop souvent eprouvée Ou doit estre extremement en Garde sur l'inquietude de tous les coureurs de bois dont l'esprit est d'aller toujours au loin et de toujours courir ; tous les jours on est accablé des propositions de nouvelles decouvertes.

Mort de La Salle  
 Il sera difficile de trouver des gens asses entreprenens et asses seurs pour soutenir les difficultès d'aller chercher par les terres ceux que M de lassalle a lessé au mexique — La nouvelle de sa mort a fort decredité ce voyage Il y a deux ans que J'avois en main des gens pour eet Entreprise si M Cavelier m'eut Faire part du secret de la mort de son Frere.

Les Missionnaires que nous avons aux ontaouas qui sont en grand nombre sont fort traverses par les libertins et debauches, ils ont besoin de la protection de Monsieur le Marquis de Seignelay.

Les Missionnaires qui sont du Costé de Tadoussac sont Fort en repos par le bon ordre q'y aporte le Sr de Granville Charge de faire la traite pour les fermiers, On a decouvert depuis peu des sauvages du costé de labrador qui tesmoignent desirer entendre l'Evangile des missionnaires y sont allés de tadoussac

Du Coste de la Baye d'udson nos affaires y vont assez bien si la Compagnie du nord veut continuer de travailler a ce

qui se peut Faire et seconder les desseins de Diberville un des fils de Feu le moine que J'ay laissé dans la resolution d'aler Enlever le seul poste du port de Nelson que les Anglois y ont ; Pour cela Je crois qu'il est absolument necessaire que Monseigneur le Marquis de Seignelay dise a M de Laguy que l'intention du Roy est que la Compagnie du Nord Entreprene d'enlever ce poste, et donne au dit Diberville tout ce qui luy est necessaire pour reussir dans son dessein, Il luy faut deux navires il en a deja un a Quebec qui est ce luy qu'il a pris cet hiver aux Anglois. En verité Mg<sup>r</sup> il seroit tres utile au service du Roy que le dit Diberville eut quelque degré d'honneur dans la marine pour servir d'emulation aux Canadiens qui s'adonneront a la Mer un brevet de Lieutenant feroit des marvelles. C'est un tres joly homme et tres capable de se rendre habil et de servir utilement

Guerre contre l'Iroquois La Guerre de l'Iroquois continuant comme il n'y a pas lieu de douter quelle ne continue et contre nous et contre les sauvages du coste des outaouas, qui commercent avec nous assurement le plus gros commerce se tournera du costé du Port Nelson ou riviere de Bourbon ; Ce que J'ay appris des facilités que les sauvages qui sont au dessus, du Lac superieur ont d'aller a la Mer de ce coste la me persuade tres Fort de la necessité que nous avons de songer a oter ce commerce aux Anglois, mais il le faut faire durement car les Anglois songeront cet Année a quelque entreprisse contre nous,

Cette Compagnie du Nord a besoin que Mg<sup>r</sup> ordonne a M de Champigny d'assister quelque fois quant il le jugera a propos a leurs assemblées Je crains qu'il ne s'y mete de la desunion qui la fera echouer, Il n'y a point a craindre que la presence d'un Intendant fait comme M de Champigny leur fasse aucun tort. —

Desseins des Anglois de Baston et de Manatte qui tendant à ruiner la Colonie françoise Je ne sais si Mg<sup>r</sup> le Marquis de Seignelay est informé que les Anglois de Baston et de Manat ont resolu de detruite la Colonie Françoise de Canada ; Ils l'ont promis plusieurs fois aux sauvages, et leur ont fait de grands presens pour les

engager a nous Faire une Guerre irreconciliable. Ils leur ont promis qu'ils envoyeroient cinq au six navires de Guerre dans le fleuve qui ataquens la Colonie et la tenant fermé de ce costé la, tandis que du costé d'en haut les iroquois l'attaqueroient comme ils ont deja fait ils la ruineroient Giney en un' Année : Il est certain que c'est leur vue et qu'on a en avis que cela a este resolu en pleine assemblée, il faut pour cela qu'il leur vienne des navires d'Angleterre a l'égard de L'Acadie ce Pais est fort en danger vu, qu'il n'y a aucun fort raisonnable et que les habitants y sont separés et dispersés comme en Canada.

Il seroit a desirer que le roi eut un bon fort a la heve pour y tenir des navires en sureté ; Ce poste seroit bien plus avantageux que le Port Royal d'ou il n'est pas aisé de sortir pour deffendre la Coste des Corsaires et estre plus a portée des isles du Cap Breton et terre neuve Comme aussy du Grand Banc,

Toutes les Costes des terres du Roy sont si De la pêche costes poisson-neuses poissonneuses qu'il seroit souhaiter qu'il n'y eut que les sujets du Roy qui y pussent aller pescher et que sa Majesté fut asses puissant en ce pais la pour oter aux etrangers la pesche du Grand Banc au moins devoit au oster la pesche des Costes du Roy, Les Espagnols y vont tous les ans sur celles de labrador du costé du detroit de Belle isle. Les Anglois y font plus de commerce que nous.

Jusques icy tous les habitans de l'Acadie aussi bien que ceux du Canada ont plus songé a la trette du Castor et au debit des eaux de vie qu'a etablir les pesches qui sont cependant le profit plus assuré et plus durable et plus convenable aux habitans du Pais, et a L'augmentation de la colonie car ce que chaque habitan pourroit Gagner par Année l'entre-tiendrait fort largement de hardes et ce travail ne se faisant qu' apres les semences et finissant avant la recolte chaque particulier laborieux trouveroit moyen de bien faire ses affaires sans abandonner la Culture de la terre comme font

les coureurs de bois : Les canadiens sont adroits et En peu de temps deviendroient habilles a prendre des baleinnes comme les basques se ils s'y vouloient adonner, Il y a Lieu d'esperer qu' ils le feront y estant poussés avec l'attrait du profit si ou persevere a Etablir cette pesche, mais celuy qui la veut commencer est Foible de Finances et aura peine a eu soutenir la depense, Les derniers vessaux ont amené a Quebec de Bayonne des harponneurs pour le S<sup>r</sup> Riverin, Je doute qu'il soit en etat d'en payer les frais, il m'a fort promis de ne se pas rebuter. M. l'intendant le servira en ce qu'il pourra pour le soutenir

L'Etat ou j'ay laissé les affaires du Pais demanderoit un prompt secours car il n'y a pas lieu de douter que les Anglois ne continuent leurs fortes menées pour obliger les Iroquois a ne pas cesser de Faire des Courses dans la Colonie pour la desoler comme ils ont commencé sans qu'on y puisse aporter des remedes efficaces les iroquois ayant éprouvé la Foiblesse de la Colonie ne ferout point de Paix solide estant toujours solliciter par les Anglois

Que le Peis entreprenne quelque chose de considerable contre l' Iroquois la chose n'est pas possible car il faudroit aller en meme tems a tous les villages et leur faire ce que fut fait au Sonoutouan qui estoit perdu si il n'avoit pas trouvé retrette dans les quatre autres villages iroquois ; Il ne faudroit pas moins de trois ou quatre mil hommes pour cela car on ne peut pas aller en un Eté a tous les cinq villages l'un apris S'autre il faut aller a tous en meme temps ce qui n'est pas difficile en se precautionnant un 'Année auparavant ; Mais comme le Roy a besoin ailleurs de ses troupes en ce temps de Guerre, Je ne vois qu'un moyen certain qui est que par Mer sa Majesté se saisisse de Manat qui a un Fort ferme de murailles avec une ville fermée de palissades ce que Je crois fort faisable avec six fregates sur lesquelles on aura mis douze cents hommes qui m'étant prest a terre dans lisle prendront la ville l'épée a

Menées des  
Anglois

Sur l'Entre-  
prise contre

Manatte

la main avec les haches et Ensuite avec quelques bombes se rendront maitres du Chateau ; Cependant du Coste de Canada on pourra aisement se rendre maitre d'orange avec un bon detachment de huit cents hommes au plus qui bruleront et orange et toutes les habitations des environs Jusques a Manat. il faudra que le Corps reste a Orange Jusques a ce que les gens detachés pour Bruler du Costé de Manat soient de retour, il faudra aussy attendre de bruler orange et les habitations des environs Jusques a ce que les habitations éloiquées soient brulées il sera bon d'amener a Quebec tous les prisonniers que l'on fera et n'en lesses aucun dans le Pais

Monseigneur le Marquis de Seignelay ne doit pas attendre que du Coste du Canada on puisse faire d'avantage ni detacher d'avantage de monde dans exposer entierement la Colonie Encore faudra-t-il que l'ou fasse marcher aux trois Rivières et a Montreal tant ce que lon pourra assembler d'abitans du Gouvernement de Quebec pour y rester tout le temps que l'entreprise d'orange durera .

Il ne faut pas que l'entreprise se fasse autrement qu'en canot avec les gens choisis des troupes et les coueurs de bois, ou n'y scauroit mener des bateaux a cause des portages pour passer du lac Chauplain a la riviere d'Orange Ces detachés doivent se preparer a estre attaqués par les iroquois a leur retour apres lexpedition, il faut que le depart du Pais et la marche soit diligente et se fasse en bon ordre. Monsieur le Chevalier de Calliere est le plus capable de bien conduire cet entreprise qui se doit faire dans le meme temps que celle de Manat si cela se peut car la distance des liens et l'incertitude des vents empecheur les communications deconcertent tout et necessitent de faire l'attaque de Manat seulement par la mer sans attendre aucun secours des terres car autrement l'on tomberoit dans des inconvenients trop dangereux. Ce qu'il y a a faire est de donner avis en Canada de tres bonne heure de ce que le roy jugera apropos de faire ;

Je ne doute pas que l'on ne se soit disposé pour avoir toutes choses en état de marcher au premier ordre.

Les Raisons que J'ay pour desirer que l'on brule et de-  
truite orange sont que l'on n'est pas en état de contenir En-  
core un si mechant poste que celuilá et aussi éloigné de nos  
habitations, de cette maniere on rompra le commerce des  
Anglois avec les iroquois qui pourront Giney estre obligé de  
recourir a nous pour avoir des marchandises ; Il ne faudra  
pas negleger d'y en avoir a Manat en aces Grande quantité  
pour qu'ils n'en manquent pas sans quoy au lieu de nous  
concilier les sauvages ou les irriteroit et or les contreindroit  
de recourir aus autres endroits ou les Anglois sont établis  
dans la coste de pensilvanie vers la Virginie —

Un' autre raison qui doit obliger d'entreprendre sur Manat  
est que ce seroit un moyen assuré d'empescher les hurons et  
outaouas de s'acomoder avec les iroquois pour profiter par  
leur moyen du meilleur marché que les Anglois font de leurs  
marchandises et du Castor qu'ils achètent plus chèrement  
que nous. Il est certain que tous les sauvages ne cherchent  
que le moyen de negocier avec les dits Anglois

Manat pris et les habitans desarmés il faudra laisser une  
bonne Garnison dans le Fort qui soit capable d'y faire une  
bonne defence en cas qu'il fut attaqué par les habitans de la  
coste de baston qui peuvent mettre quantité de barques en  
mer, Il ne faudroit pas aussy negliger de desarmer le peu-  
ple de la longue isle de manat si on ne juge pas apropos de  
les enmener dans le navires

Il seroit encore aise aux fregates de desoler tout le pais de  
Baston qui est sans fort le long de la coste suposé que ces  
fregates en eussent le temps. Car comme Je crois que sa  
Majesté ne pourra se dispenser d'envoyer un puissant secours  
aux isles, soit pour en Chasser les Anglois, soit pour les  
garantir des courses et entreprises que les dits Anglois ou  
hollandois feront Je ne doute point que ce secours partant  
de bonne heure de France ne peut faire aisement l'entreprise  
de Manat et s'en aller Ensuite aus isles

Baston sans  
fortifications

La Coste de baston est peuplé mais il n'y a aucun poste qui vaille ; Baston meme est sans palissades a moins qu'on n'en ait mis depuis six mois, il y a bien du peuple en cette colonie mais assez difficile a rassembler, M<sup>r</sup> Perrot connoit cette coste et le S<sup>r</sup> de Villebon qui est a La rochelle a present avec le nommé la motte qui tous ont souvent été a Baston et a Manat il y a aussy le nommé Péré qui est a la rochelle qui connoit parfaitement les Environs de Manat du costé des terres ce Péré peut servir tres utilement a cet Entreprise il est de bonne volanté

Voila le remede plus certain pour assurer le Canada, obliger l'iroquois de faire la paix et pour se rendre Maitre de la Colonie Angloise qui dans la suite par un traité de Paix avec l'Angleterre pourra etre cedeé au Roy ce qui ne fera Jamais si sa Majesté ne s'en rende une fois le Maitre

Il faut remarquer que toutes les Enterprises que l'on aura a faire par mer de ce coté là il faut que ce soit depuis le mosi de May jusques a la fin d'Aout car dans les autres saisons les vents d'ouest impetueux qui regnent frecamment en ce pais la eloignent de la coste.

Les Sauvages nos alliés sont tres aises de nous voir en guerre avec les iroquois parcequ'ils sont chez eux en repos, tout leur scavoir faire a été d'empecher en 1688. que la paix ne se conclut entre les iroquois et nous —

J'avois Envoyé ordre au Capitaine Commandant au fort de Cabarocauy de quitter ce poste apres en avoir sappé les murailles en les et aneannans avec des bois debout bien gondronnes auxquels mettant le feu en sortant du fort les murailles seroient tombées entieres au lieu de cela il s'est contenté de faire des mines qui sans doute n'auront pu faire aucun effet les murailles n'etant que deux pieds d'epaisseur ; pour remedier a cela il sera bon d'ordonner a M<sup>r</sup> de Frontenac d'y Envoyer un party alege, de trois cents hommes avec des outils En un jour ou deux ils renverseront toutes les murailles

Fort de Cata-  
racouy est  
d'avis de le  
faire détruire

Je dois dire icy que M. de Frontenac n'est pas de mon sentiment qu'il faille détruire ce fort ; Je ne gousté aucune de ses raisons, si Je n'avois cru faire la paix des l'année 1688. Je l'aurois fait, rasser, Je dois repeter encore icy qu'on ne doit point negliger de chercher tous les moyens de diminuer le nombre des coureurs de bois et d'empescher qu'il ne s'en fasse aucuns nouveaux

J'ajouteray encor qu'il est absolument nécessaire de donner de l'emploi a un grand nombre de jeunes gens nobles ou vivant comme tel, qui dans la faineantise et dans la Gauserie sont capables de se porter a toutes les dernieres extremités. Si on pouvoit faire venir une bonne partée en France pour les mettre dans les Gardes du Roy, ou en quelqu' autre lieu pour leur donner moyen de vivre ce seroit un grand bien pour le Pais, ils sont bien faits et braves gens fort adroits mais legers et mal disciplinés. Le moins qu'on peut faire pour eux est de leur donner des charges des troupes qui y sont.

Monseigneur le Marquis pouroit Fort bien faire revenir un bon nombre des officiers qu'il y a Envoyé. Le service du Roy n'en souffriroit point en conservant les meilleurs et remplacant les Charges de Canadiens. L'école d'hydrographie seroit mieux entre les mains des Jesuites qu'en celles des S<sup>r</sup> Franquelain qui ne se donne pas un Grand soin de faire des pilotes ce pais en a tres Grand besoin.

Je dois rendre temoignage a M<sup>sr</sup> le Marquis de Seignelay que M. de Champigny est un tres bon sujet et capable d'un plus grand emploi et d'une fidelité incorruptible

M le Cher, de Calliere est Connu de M<sup>sr</sup> et est toujours fort appliqué et fort attentif a son devoir

M. de Vaudreuil est tres bien et est rempli de bonne volonté M. Gaillar Commissaire est tres exact et laborieux Le Pais est trop rude pour luy sa santé n'est pas bonne, il a besoin d'etre appeler en France M<sup>sr</sup>

Le S<sup>r</sup> Provost Major et Commandant de Quebec est un tres bon officier fort sage et le plus capable de tous les autiens officiers il est homme d'autorite cranit et aimé à Quebec. Parmy les officiers des troupes il y en a un bon nombre de tres honnetes gens capables de bien servir M. le Chev. de Calliere en peut rendre un tres bon compte a M<sup>gr</sup> car il est droit et fidèle au service du Roy.

M<sup>rs</sup> de Cresaty supplient M<sup>gr</sup> de se souvenir d'eux ce sont de tres honnetes gens —

Il faut envoyer ordre de cesser de donner des concessions telles qu'on les a donné par le passé et de revoquer celles qui ayant été données a des particuliers n'y ont point fait travailler. Pour faire des villages il faudra faire une ordonnance par laquelle il soit dit que tout bois debout est Commun et a celuy qui les defrichera. Il faudra marquer les endroits seuls ou l'on jegera apropos de faire des villages pour en Eloigner les bois et y faire des plaines, il faudra destiner des bois communs pour ces villages tant pour batir que pour le Chantage,

Il faut conserver bien soigneusement le fort de Chambly et y faire un village qu'il faudroit mettre dans lisle que le seigneur s'est conservée et qu'il n'a pas defricheé

Il faut tenir la main qu'il se fasse des forts par toute la Colonie ; il seroit bien a souhaiter que Quebec fut aussy fortifié car en l'etat ou il est il peut etre brulé et sacagé comme un village ouvert de tous cotés au bord du fleuve, au dessous d'une montagne.

Le Gouvernement des trois Rivières etant Vacant par la mort du S<sup>r</sup> de Varenne sa femme et huit enfants sont a la mendicité Plusieurs se presentent pour avoir ce Gouvernement Le S<sup>r</sup> de Ramezay offre de donner mil ecus aux enfants et l'avoit promis au S<sup>r</sup> de Varenne avant sa mors supposé qu'il eut l'agrement de M<sup>gr</sup> il a de bonnes qualités et est desiré du peuple et des Ecclesiastiques, Je luy connois du talent pour bien faire si il y avoit lieu d'ajouter quelque

petite pension a cette pauvre famille ce seroit une Grande Charité c'est une bonne noblesse

Je crois etre obligé de dire a M<sup>gr</sup> que c'est un grand mal pour le país que de laisser marier facilement tous les officiers qui se veulent marier a des filles d'habitans qui ne sont que paysans sans bien, cela met un air de vanité et de faineantise dans les familles des habitans qui sortant de leur etat en prenant l'air de faux nobles se rendent inhabiles a tout et ne produisent que de la misère qui se multiplie beaucoup par ces mechants mariages, le Mal en est plus grand que Je ne le puis exprimer

Les Scieries de Planches du seiminaire de Quebec et du S<sup>r</sup> Azur Marchant reucistent tres bien il y a de mats en abondance, il etoit allé cette année une Grande fleete pour en apporter mais etant arrivée trop tard elle n'en a pu charger que quelques echantillons mais Je ne sais si cette fleete est arrivée

Il est d'une tres grosse consequence de donner ordre que dorenavant les navires de Canada ne reviennent plus si tard. C'est un miracle comme tous les ans, il n'en perit point M<sup>rs</sup> de la Compagnie des fermes du Roy y ont un Gros intérêt ils devoient avoir à Quebec un Magasin et ne devoient faire venir leurs pelteries qu'au mois de Juin

Il seroit bien necessaire de donner de bons ordres pour qu'on fit En france de meilleurs fusils pour n'en point porter en Canada de si mechants que ceux qu'on y porte ce qui discredite beaucoup notre commerce parmy les sauvages qui sont souvent estropiés par ces mechants fusils.

Pour l'autre Il ira mettre le S<sup>r</sup> de Villebou alors dans l'endroit qu' Il Choisira pour son etablissement, et a ordre de passer a Port Royal de Pousser jusqu'a Baston et a Manath et de prendre toutes les Connoissances et lumieres qu'il pourra de toutes ces Costes, afin de Vous en faire un fidelle raport, qui

puisse faciliter L'execution des entreprises qu'on Vaudra faire de ces Cotes là —

L'occasion auroit été La plus favorable du monde cette année par la situation ou sont les affaires de ce  
 Cotte C. pais, et les brouilleries qu'on dit estre a Manath, Comme vous Verrez par la Copie des lettres du S<sup>r</sup> de S<sup>t</sup> Castin que Je vous envoie Celles que le Gouverneur de Baston et le S<sup>r</sup> de Nilson m'écrivent et que J'y joints, Vous feront aussi je crois juger que les espèces d'avances qu'ils font et les formes honnetes dont ils se servent bien différentes de Ceux dont ils avoient autrefois Ecrit a M. de Denonville marquent que leur arrogance est un peu diminuée et qu'ils craignent beaucoup les Incursions de nos Sauvages, aussy bien que les nostres.

Je ne sais si vous approuveriez ma reponse et  
 Cotte D. les planites que Je faiss qui sous pretexte de demander la liberté de retirer leurs Captifs d'entre les manis de nos Sauvages, ils semblent avoir plutôt le dessein d'essayer de les aliener de nous, et meme de debaucher nos Francois. Comme ils n'ont point de nos gens entre leurs mains nous n'aurons pas d'interet d'entendre a un Echange a moins qu'ils ne retirent Ceux qu'ont les Iroquois afin d'en faire Un general.

Il seroit neanmoins toujours bon de scavoir ce qu'ils Voudront proposer, et s'ils faisoient d'autres ouvertures que Je puisse Vous en rendre Compte par nos derniers Vaisseaux. Je Vous supplieray de me prescrire Ce que J'auray à faire

Ce seroit Inutilement que Je vous repetterois toutes les raisons que J'ay marquées dans les depeschés de feu M<sup>r</sup> le Marquis de Saignelay qui doivent faire regarder la prise de Manath et de la nouvelle yorek comme le moyen le plus assuré de finir cette Guerre et de reduire entirement L'Iroquois Il n'est pas necessaire non plus que Je vous dise que selon mon peu de Lumiere les forces de Canada ne peuvent point concourir a Cette entreprise ; quand elles seroient beau-

coup plus nombreuses quelles ne sont, à cause de l'éloignement des Lieux de la difficulté des Communications, des rendez vous justes qu'il faudroit prendre et beaucoup d'autres raisons que J'ay expliquez assez au long, Qu'ainsy la seule chose que nous pourrions entreprendre d'icy seroit l'attaque d'Orange pour laquelle il faudroit encore avoir et du temps, et des Forces entres que nous n'avons, afin de ne point exposer ce pais en le degarnissant sont a fait, et que sy on formoit le dessein d'aller a Manath Ce ne pouvoit estre que par Mer en l'envoiant bombarder, et faisant en meme temps débarquer des Troupes a terre qui sen rendroient maîtres

Je proposois aussy d'envoyer d'autres Vaisseaux devant Baston, pour y Jetter des bombes, et Voir si la frayeur que les habitans en auroient ne les obligeroient point a se rendre Comme il y a apparence, Ce qui feroit du moins une diversion qui les occuperoit et les empescheroit de songer a envoyer du secours a Manath, dont la prise est Uniquement necessaire pour la sureté de ce pais pouvant fort bien se passer de celle de Baston qu'il faudroit Je croy bruler et destruire enteerement si on en estoit les maîtres, et ne songer qu'a Etablir solidement le poste de Port Royal.

Je scay que dans la scituation ou les affaires sont en Europe, il sera peut estre difficile de penser a des choses si éloignées, Mais les armées du roy sont accompagnées par tout de tant de bonheur, et de succes avantageux que jespere que ceux qu'il aura remporté sur ses ennemis Cette Campagne, le mettra en estat d'entreprendre Ce qu'il voudra dans les pais les plus Eloignés.—

Extrait de l'Instruction donnée au Sr de frontenac au sujet de l'Entreprise a faire sur la nouvelle York.

Je l'informe des ordres donnés a Rochefort pour l'armement de deux vaisseaux qui doivent servir a cette entreprise, et de celui qui a esté donné au Sr de

la Caffiniere qui les commande d'executer ceux que le d<sup>t</sup> S<sup>r</sup> de frontenac luy donnera.

Sa Ma<sup>te</sup> desire qu'il se rende Incessamment a la Rochelle et qu'il parte aussitot qu'il y sera arrivé

Qu'il fasse Son atterrage a la Baye de Campseeaux, ou il s'embarquera sur le meilleur des vaisseaux marchands qui l'auront Suivy pour se rendre à Quebec.

Avant de partir Il donnera ordre au d<sup>t</sup> S<sup>r</sup> de la Caffiniere d'attendre de ses nouvelles et luy prescrira ce qu'il aura a faire Jusques a ce qu'il les ayt receus, et le lieu ou Il les devra recevoir Il fera partir avant luy par quelque voye prompte le S<sup>r</sup> Ch<sup>lier</sup> de Caillieres pour preparer toutes choses.

Aussytost qu'il Sera arrivé à Quebec Il achevera de disposer tout ce qui sera necessaire pour cette expedition, et enverra ensuite ses ordres au d<sup>t</sup> S<sup>r</sup> de la Caffiniere pour luy marquer le temps qu'il se devra rendre a Manatte —

Comme on ne peut prendre d'autre rendez vous que Manatte pour les d<sup>t</sup> Vais<sup>x</sup> Le d<sup>t</sup> S<sup>r</sup> de frontenac ordonnera au d<sup>t</sup> S<sup>r</sup> de la Caffiniere de s'y rendre directement, et de prendre tous les vaisseaux qu'il trouvera dans la Baye de ce lieu Sans cependant s'exposer a aucune aventure qui peut le mettre hors d'estat de servir a cette entreprise.

Avant de partir de Canada, Il laissera le S<sup>r</sup> Ch de Vaudreiul — pour commander dans le pays apres que M<sup>r</sup> de Denonville en sera party.

Sa Ma<sup>te</sup> luy recommande de cacher avec beaucoup de soin le projet de cette entreprise afin que ceux d'orange n'en puisse avoir aucun avis, et Elle desire qu'avant que les Ennemis puissent etre advertis de sa marche, Il fasse un detachement pour s'assurer des batimens qui seront sur la riviere afin de s'en servir pour descendre a Manatte, et pour ne pouvoir etre attaqué par derriere lorsqu'il y sera arrivé

Lorsqu'il se sera rendu M<sup>e</sup> de ces deux postes, Sa Ma<sup>te</sup> luy recommande de prendre une connoissance exacte des habit-

ans, En cas qu'il ayt des Anglois au hollandois Catoliques de la fidelité desquels Je crois qu'il puisse S'assurer, Il pourra les laisser dans leurs habitations

Il pourra garder aussy les Artisans et les gens de service necessaires pour la culture de terres ou pour les fortifications

Il fera retenir en prison les off<sup>rs</sup> et les principaux habitans desquels on pourra tirer des rançons.

A l'égard des autres habitans Anglois et hollandois, hommes femmes et enfans, L'Intention de La Ma<sup>te</sup> est qu'ils soient mis hors de la Colonie, et envoyés a la nouvelle Ang<sup>re</sup> a la Pensilvanie ou en d'autres endroits Suivant qu'il l'estimera plus a propos.

Et il renvoyera en France les françois fugitifs et particulièrement ceux de la R. P. R. —

Sa Ma<sup>te</sup> veut qu'il ayt soin d'empescher qu'il ne soit fait aucune dissipation de vivres, marchandises, nunitions effets, Bestiaux Utensils et principaux meubles des habitans

Il fera faire du tout des Inventaires exacts par le Commiss<sup>te</sup> qui sera a sa suite

Il choisira ensuite parmi les off<sup>rs</sup> et soldats ceux a qu'il sera apropos de donner les habitations abandonnées et leur en donnera des concessions au nom de Sa Ma<sup>te</sup> en leur laissant les vivres qui s'y trouveront, et dont ils auront besoin pour subsister Jusques a ce qu'ils en ayent pû faire d'autres—

Il envoyera a Sa Ma<sup>te</sup> un Inventaire de tous les effets qui se seront trouveés dans cette Colonie avec un estat des habitations qu'il aura distribuées, en marquant ce qu'il croira que ceux a qui elles auront esté concedées pourront payer annuellement a Sa Ma<sup>te</sup>

Sa Ma<sup>te</sup> veut aussy qu'il examine les moyens de debiter les d<sup>s</sup> effets, et qu'il luy fasse savoir son avis sur cela aussy bien que sur les gratifications quelle desire faire la dessus a ceux des off<sup>rs</sup> des soldats, et des habitans qui se seront distingués en cette occasion

Sa Ma<sup>te</sup> luy recommande particulièrement de mettre les forts en estat de deffense, et qu'il y fasse mettre la plus grande quantité de vivres qu'il se pourra.

Aussy tost que cette expedition sera faite l'Intention de Sa Ma<sup>te</sup> est qu'il retourne en Canada, Et en cas qu'il luy restat quelque chose a faire de ce que Sa Ma<sup>te</sup> luy ordonne Elle veut qu'il laisse ses ordres pour l'executer au S<sup>r</sup> Ch. de Caillieres a qui Sa Ma<sup>te</sup> a donné le gouvernement de la nouvelle York. Il choisira avant son depart les off<sup>ers</sup> et les soldats qu'il trouvera apropos de laisser en ce pays et Si — après l'avoir pourveu suffisamment de troupes. Il n'estoit pas necessaire de ramener en Canada tous ceux qui resteront, Il pourroit envoyer par les vais<sup>x</sup> de Sa Ma<sup>te</sup> ceux qu'il trouvera Inutiles, en observant d'en garder 30 ou 40. pour l'acadie

En — cas que la saison ne luy permit pas de retourner en Canada Sa Ma<sup>te</sup> trouve bon qu'il reste dans la nouvelle York. et qu'il s'employe pendant l'hiver se mettre sa conquete en seureté

Après cette expedition, Sa Ma<sup>te</sup> luy recommande de faire en sorte de conclure la paix avec les Iroquois a quoy Elle est persuadée qu'il trouvera beaucoup de facilité Elle veut aussy pour oter aux anglois les moyens de faire des entreprises contre la nouvelle York qu'il detruise les habitations des Anglois qui sont proche de Manatte.

Mais en cas que contre toute apparence et par des raisons que Sa Ma<sup>te</sup> ne peut prévoir cette entreprise ne se put executer Il enverra ordre au d<sup>t</sup> S<sup>r</sup> de la Cailliere de faire la guerre aux Anglois et deranger les costes de la nouvelle Ang<sup>re</sup> et de la nouvelle York, pour y faire le plus de prises qu'il pourra et y demenrer Jusques a ce qu'il ne luy reste plus de vivres que pour revenir en France —

Maintenant Monseigneur que le Roy a Triomphé de ses Ennemis et par Mer et par terre, et qu'il est le maistre de la Mer, Croiroit-il mal employés quelque unes de ses Escad-

res de Vaisseaux a punir l'insolence de ces Veritables, et Vieux parlementaires de Baston, de les faudroyer aussy bien que ceux de Manath dans leur tainere et de se rendre Maistres de ces deux Villes qui mettroient en Seureté toutes Ces Costes et les pesches du grand banc dont la Consomation n'est pas d'une petite importance n'y d'une Mediocre Utilité —

Ce fut en mesme temps Madame que le S<sup>r</sup> de Louvigny obverse of p. 14— Capitaine reformé que M. le Comte envoyoit a Missilimakinac pour y relever le d<sup>t</sup> Sieur de la Durantaye aussy Capitaine reformé qui y Commandoit partit de Montreal avec le Sieur Nicolas perrot qui estoit chargé des presentes, et de paroles que Monsieur le Comte adressoit à toutes le nations d'Enhault, Il devoit les dissuader de l'alliance quils negocioient avec l'Iroquois et l'Anglois et qui estoit presque Conclue Je vous envoie la copie de ces paroles.

Il estoit accompagné de Cent quarante trois françois Voyageurs et de six Sauvages, des françois alloient chercher lá pelterie qui leur appartenoit et quils navoient pas amener Iey bas les années precedentes à cause de la guerre. Le S<sup>r</sup> d'hosta et le S<sup>r</sup> de la Gemberaye Lieutenant reformés eurent aussy ordre de les accompagner avec trente hommes seulement Jusques aux Calumetes a soixante Lieües de Montreal afin de rapporter des nouvelles de leur passage ny ayant plus de risque au dela de Ce detroit

Ils partirent du tout de l'Isle de Montreal, vingt deuxiéme de May, le deuxieme de Juin ayant fait alte trois rivieres au dessus de Lendroit nommé Les Chates a Labry d'une pointe qui avançoit fort au large dans la Riviere Ils decouvriront deux Canots Iroquois qui paroissoient au bout de la pointe,

Les S<sup>rs</sup> de Louvigny et hosta resolurent dy Envoyer trois canots de 10 hommes chacun, et que doixante iroient par terre pour les prendre de tous Costes Les S<sup>rs</sup> d'hosta et de

La gemeraye s'embarqueront dans les Canots et Le S<sup>r</sup> de Louvigny devoit Conduire ceux qui alloient par terre Les trois Canots furent bientôt a l'endroit où estoient les Ennemis Ils y essayerent un fort grand feu a bout portant, Les Ennemis les tirant de terre ou ils estoient anbusquez Il y eut quatre francois de tués de cette premiere decharge, il n'en resta que deux quils ne furent point blessés dans le Canot du Sieur de la Gemeraye, qui vouloit aborder le premier ainsy ils furent obligés de revenir a l'endroit ou ils avoient laissé les autres Canots, ils y trouvoient le S<sup>r</sup> de Louvigny que Perrot navoit Jamais voulu laisser partir craint de risquer trop les presentes du roy, et de nêtre plus en etat s'ils estoient defaits de Continuer leur Voyage et d'achever la negotiation qu'ils alloient faire avec les Nations d'Enhault, Les Instantes privées du S<sup>r</sup> d'hosta et le desespoir ou estoit le S<sup>r</sup> de Louvigny de la perte de ses gens, L'Empecherent Sur les raisons de Perrot Ils se murent a la tete de Cinquante a soixante hommes et Coururent par terre donner dans l'Embuscade des Ennemis Leur premier choeq fut si rude quils les obligerent a sembarquer avec precipitation, Ils durent en tout plus de trente Iroquois, et dans les quatre Canots qui se sauverent de treize quils estoient il y en avoit plusieurs de blessés, Ils eurent quatre prisonniers deux hommes et deux femmes un des hommes a este mené a Missilimacinae, et mangé par les hurons et outaouaces, L'autre qui fut amoiné à Quebec a été donné par M. le Comte a orvaouë

Le d<sup>t</sup> S<sup>r</sup> d'hosta revint a Montreal apres le Combat, et le S<sup>r</sup> de Louvigny Continue sa route sans aucun Mauvais rencontre vous apprendrez par la suite le succes de leur negotiation

Peu de temps apres on eut nouvelle de L'expedition du S<sup>r</sup> Hertel qui Commandoit le party des trois Rivieres par quelques Volontaires qui en revinrent et par les prisonniers quils avoient faits. Il estoit accompagné de trois de ses fils,

de vingt quatre françois de vingt sauvages soccoquis, et de Cinq algonquins Ce qui faisoit en tout Cinquante deux hommes, ils partirent de trois rivieres le vingt huit Janvier apres Une marche assez longue et fort facheuse, Il arriva le vingt sept Mars aupres d'un village anglois nommé Jernon Fales qu'il avoit resolu d'attaquer ayant fait reconnoitre le lieu, Il fit trois detachements differents pour donner au trois principaux postes, Le premier de onze hommes pour attaquer un petit fort depieux a quatre bastions, Le second de quinze qui devoit prendre une grande maison fortifiée, et luy avec Le surplus devoit donner a un autre fort ou il y avoit Une piece de Canon ; ces trois postes furent emportes sans grande resistance ; Ceux qui se deffendoient furent tues ; et l'on prit prisonniers les autres, au Nombre de Cinquante quatre, un François eut la Cuisse Cassée dans cette attaque et mourut le lendemain Il y eut vingt sept maisons de brulés et deux milles pieces de bestail perirent dans les etables ; Il ne resta guere apres son Coup fait sur le lieu n'étant éloigné de pescadoüet Ville Angloise que de six lieües dont il pouvois sortir bien du monde pour le charger dans sa retraite et effectivement sur le soir, deux sauvages luy rapportèrent qu'un gros de deux cens hommes venoit Lattaquer, Il fit ferme sur le bord d'une petit riviere que les Ennemis se trouvoient obligés de passer sur un pont fort etroit pour venir a luy Il en Jetta huit Sur la place en blessa dix autres et les obligea a luy abandonner le Champ de bataille, les fils du S<sup>r</sup> Crenier Seigneur du S<sup>t</sup> françois et un soccoquis y furent tués ; Le fils aîné du Commandant fut blessé d'un coup de fusel dans la Cuisse dont il est resté boiteux. Il continue sa retraite le plus vite qu'il luy fut possible et trois jours apres ayant envoyé deux decouvreurs pour Voir s'il n'étoit smoy, Ils rencontreront des decouvreurs Anglois, et en tuerent trois. Il acheva sa retraite sans aucune autre avantage, Jusqu' un village de sauvages entre les mains desquels il mit son fils pour le faire pauser, Il aprit la que le S<sup>r</sup> de Port-

neuf navoit point encore fait Coup, et qu'il n'etoit qu'à deux journées, cela lobligea de depescher a Monsieur le C<sup>o</sup> le S<sup>r</sup> Gastineau son neveu, avec quelques françois et des prisonniers pour luy apporter icy la nouvelle de Cette expedition, le S<sup>r</sup> Maugras se detacha aussy avec Cinq algonquins et prit la route de Saint François, ou a en depuis aucunes nouvelles de luy, le Sieur Hertel joignit ensuite le Sieur de Portneuf prist Keskebeé avec trente six hommes tant Francois que Sauvages,

Il etoit party de Quebec le vingt huit Janvier avec cinquante francois, et il avoit pour Lieutenant le Sieur de Courtemanche Repentigny son Cousin, Le Sieur de Portneuf est le troisieme fils de Monsieur de Becancourt, Il devoit aller joindre la Compagnie du S<sup>r</sup> de Menneval dont il etoit Lieutenant, et il avoit servi Icy en la mesme qualité, soixante Sauvages abenakis du Sault de la Chaudiere Lacompegnent Ils employerent tous les mois de fevrier Mars, avril et la moité de May pour se rendre en chassant avec de tres grandes difficultés a un autre village d'abnequis ou Ils ne trouverent personne, Ils pousserent plus bas dans la riviere de Kenibequi, et rencontrerent dans un autre Village Les Sauvages de retour de la guerre Contre les Anglois, dont ils en avoient tué six, il fit amasser tous nos sauvages allies d'alentour et se rendit le Vingt cinquieme May a quatre lieües de l'endroit qu'ils devoient attaquer, Ce poste s'appelle Keskebé, et est situé sur le bord de la Mer il y avoit un grand fort bien garny de Munition et de huit pieces de Canon quatre autres petits forts en étoient assez proches, Mais ils ne se trouverent pas d'une si bonne deffence des le lendemain de leur arrivée quatre sauvages et deus François se mirent en Embuscade aupres du fort et un homme en etant sorty au point du jour fut tué et les Cris de Morts faits ensuite, et qui fit connoitre aus Anglois qu'il y avoit des Sauvages auprés d'Eux, sur le Midy trente homme sortirent du grand fort et vinrent droit a l'endroit ou nos gens

etoient qui apres leur avoir fait leurs decharges de dix pas. se Jetterent sur eux L'epée et la hache a la Main et les poursuiverent sy vivement qu'il n'en rentra que quatre dans le fort qui etoient tous blessés, Comme nos gens s'etoient engagés fort avant dans la poursuite ils essuyerent le feu d'un des forts du quel ils se trouverent fort proche et y eurent un Sauvage de tué et un François de blessé à la Cuisse Ils envoyerent sur le soir sommer le grand fort de se rendre Mais on leur repondit qu'on sy deffendrait Jusqu'à la Mort —

Lordre de Monsieur le Comte etoit de n'attaquer aucun fort craint d'y perdre trop ne Monde et s'attacker seulement à ruiner la Campagne Cela ne se pouvoit executer tous les lieux d'allentour ayants été abandonnes par Ladvis qu'un soldat qui etoit avec le S<sup>r</sup> hertel et que les Anglois avoient pris, avoit donné de l'aproche de ce party, aussi il passa tout d'une voix que l'on devoit Continuer a attaquer le grand fort dans les formes etant impossible de l'avoir autrement tous les ennemis sy etoient retirés et avoient abandonnés les quatre petits la unit du vingt six au vingt sept nos gens se logerent sur le bord de la Mer a Cinquante pas du fort et se murent a couvert d'une tres fort escarpée doù ils ne pouvoient pas craindre les cannonades Continuelles et le grand feu de la Mousqueterie des Ennemis, La nuit du vingt huit la tranchée fut ouverte, nos Canadiens et nos sauvages netoient pas fort experimentés sur la maniere d'assiéger des places Ils ne laisserent pas de travailler fort vigourosement et par bonheur ils avoient trouvés dans les forts abandonnés des ontils propres a rouvrir la terre, cet ouvrage s'avancoit avec tout de vitesse que le soir du vingt huit les ennemis demanderent a parlementer, on demanda leur fort Munitions et Vivres et l'on promit bon quartier a leur garnison Ils demanderent de leur Costé six jours pour penser à ses propositions, on ne leur donna que la nuit pour se resoudre et le travail fut Continué leur feu redoubla le

lendemain matin Ils jetterent quantité de grenades sans grand effet on se preparoit Lorsque l'on seroit arrivé par tranchée a leurs pallisades a y mettre le feu avec un baril de gouldron que l'on avoit aussy trouvé et quelques autres matieres Combustibles, Voyant Cette Machine s'approcher fort près d'Eux et ne pouvant L'Empescher Ceux qui la pousoient etant a Couvert dans la tranchée ils mirent pavillon blanc pour Capituler et peu de temps apres le Commandant se rendit luy meme aupres du S<sup>r</sup> de Portneuf tout sa garnison et Ceux qui estoient dans le fort sortirent ensuite au nombre de soixante dix hommes, sans compter les femmes et les enfans, Ils furent tous Conduits au Camp ; un moment apres il parut quatre batiments chargés de Monde, Mais ne voyant paroître aucun pavillon Anglois ils se retirerent, le feu fit mis au fort, le Canon encloué les Munitions brulées et tout ceux qui estoient trouvés dedans faits prisonniers Les sauvages en ont gardé la plus part le Commandant nomme Capitaine denis et les deux filles de son Lieutenant qui avoit été tué ont été conduits Icy avec quelques autres personnes nos gens decamperent le premier jour de Juin apres avoir mis le feu a toutes les maisons qu'ils trouverent a deux lieües antour et qui se rencontrerent toutes vides Ils sont arrivés Icy le vingt Troisieme du meme mois veille de la S<sup>t</sup> Jean, un françois a en dans la tranchee le bras cassé d'un Coup de Canon et un Sauvage La Cuisse percée

Il se fit un autre party en Canot Contre les Anglois Le S<sup>r</sup> de Beauvais Lieutenant Fils du Sieur de tilly accompagné du S<sup>r</sup> de la Brosse Lieutenant reformé et quatre françois alla joindre Les Sauvages du Sault et de la Montague qui de Composoient, et a la tete desquels estoit le grand agnier

Ils marcherent sans rien trouver depuis le dixhuit May Jusqu' au vingt six du meme Mois des decouvreurs qu' ils envoyerent Le matin leur dirent qu' ils avoient entendu tirer un Coup de fusil et peu de temps apres ils attaquerent deux Cabannes ou ils se trouva quatorze personnes qu' ils enleve-

rent. Ces prisonniers leur donnerent avis que sur le Chemin quils trouvoient pour aller a un fort anglois quils voulaient attaquer ils rencontreroient le reste de leurs gens au nombre de trente hommes avec leur femmes et enfants Ils continuerent leur route de ce Coté la et furent chargés les premiers dans une ambuscade que Ces gens leur avoient dressée Ils donnerent le sabre a la main et enleverent tout après avoir tué quatre hommes et deux femmes ils firent quarante deux prisonniers au nombre desquels il y avoit huit Anglois

Ils ne jugerent pas apropos de passer outre ayant appris quil y avoit sept cens sauvages Loups a une journé et demie de la qui les attendoient et reprirent le chemin de Montreal.

Le quatrieme de Juin etant arrivé a midy a la Riviere au une meprise fatale Saulmon qui tombe dans le lac de Champlain ils y firent des Canots pour leur retour et comme ils prirent Dieu le soir Ils furent decouverte par un party d'Algonquins et abenaquis des trois Rivieres qui alloient en guerre au meme endroit dou ils venoient et qui les chargerent. Le lendemain au doleil levant et leurs tuerent deux hommes et en blessèrent dix deux francois six Sauvages et deux Esclaves Angloises

Cette meprise est d'autant plus facheuse que le grand agnier dont on vous a parlé Madame dans l'affaire de Corlard y a été tué c'est une perte irreparable et qui a tiré les larmes des yeux de tout le pais, Il semble que le Malheur etoit attaché a ce parti tous ceux qui y ont été defaits et pris prisonniers par nos gens etoient nos alliés les plus fideles Ils venoient de faire Coup sur les Anglois avec le Sr Hertel, et les prisonniers quils avoient en pouvoient faire foy, c'est ce que les sauvages du Sault et de la Montagne ne savoient point. Cette meprise a penser Causer beaucoup de trouble Mais cela n'a pas en de suite par l'adresse que l'on a eu de Menager leurs Esprits —

On eut avis a Quebec en meme temps du Combat qui setoit donné a la pointe aux Trembles dans l'isle de Montreal

entre quelques Canots Iroquois qui vrassembleblement etoient un reste de chasseurs qui avoient en avis de l'affaire de leurs gens par le S<sup>s</sup> de Louvigny et d'hosta et etoient descendres pour s'en venger par la riviere des prairies qui est un bras de la grande riviere qui passe au nord de la d<sup>e</sup> isle Ils furent decouverts par un nommé Talbot chirurgien qui donna avis de leur marche au S<sup>r</sup> de Colombes Lieut reformé Il se mit a la tete de vingt cinq habitans et leur dressa une ambuscade, Les ennemis les chargerens vigourensement et en furent reçus de meme mais comme le nombre de nos gens leur etoit a beaucoup près inferieur Ils furent obligés de se retirer avec perte de 12 hommes parmi lesquels le S<sup>r</sup> Colombes Les ennemis y perdirent 25 hommes et se retirerent aussé

Il avoit paru quelque tems auparavant un parté à la riviere puante vis a vis des trois rivieres qui en tua 15 ou 16 personnes femmes et enfans ou courut apres et comme en les poursuivoit chaudement ils tuerent leurs prisonniers pour fuir plus vite

Monsieur le Comte avoit fait 2 detachements de troupes pour le sureté des costes du Sud qui avoient le plus a Craindre La premier etoit commandé par le S<sup>r</sup> Chev. de Clermont Capitaine reformé et il devoit decouvrir continuellement le pais de Montreal jusqua Sorel environ 18 lieües de pais.

Lautre qui etoit commandé per le S<sup>r</sup> Chev. de la Motté aussé Cap<sup>e</sup> reformé devoit aller des trois rivières à S<sup>t</sup> François dans le lac S<sup>t</sup> pierre et venir au dessous en tirant du Coté de Quebec.

Le Chev. de Clermont arrivant a Sorel aprit que 5. enfans qui gardaient les bestiaux aux environs du fort venoient d'être enlevés par un party ennemie il les suivit avec les meilleurs hommes du sien et quelques habitans qui se joignirent a luy. Il les ent bientot attrapés et en tua un sur la place, delivra 4 de ces enfans et mit le reste en fuite, on a

trouvé depuis quatre autres hommes de trés du meme parti parmi lesquels estoit un Anglois dont la Commission du magistrat d'orange a été prise et envoyée a Mgr les 5<sup>e</sup> enfans qui estoit le plus Jeune avoit été tué par eux ne pouvant les suivre

On avoit appris par le retour de M. de Portneuf que quelques batimens venant de baston avoient paru sur les Cotes ou estoit fait son expedition ils tournoient du Coté des port royal qui est le principal fort que les francois ayent en Areadie, on eut confirmation de cette nouvelle au mois de Juillet et ont scu les particularités de la reddition de cette place. M. de Menneval y commandoit pour le roy et estoit gouverneur de tout ce pais il avoit 60. a 80 hommes de garnison 18 pieces de Canon qui netoient point en batterie et les fortifications estoient si peu de chose quelles ne se mettoient aucunement a Couvert d' Insulte T navires qui paroissoient assez bien armes l'envoyèrent sommer de se rendre Il y avoit plus de 700 hommes dessus. Il accepta une capitulation assez avantageuse ne se croyant pas en etat de pouvoir resister on luy promettoit de le laisser sortir avec sa garnison armés et baggage et de le remettre à Quebec Il se rendit sur la parole de Gen. Phips a son bord Mais des que les anglois furent maistre du fort ils ne se crurent plus obligés a luy rien tenir Le gouverneur et toute sa garnison furent faite prisonniers avec Mess<sup>rs</sup> petit et Trouve prêtres Missionaires en ce pais là. Le magasin de la Compagnie, la maison du gouverneur et celles des pretres furent pillés Leglise selon leurs bonnes coutumes fut deshonorée par plusieurs moqueries et actions infames et tout ce quil y avoit dornemens en furent enlevés Ils laisserent un sergent de la garnison pour y commander sous eux les habitans qui avoient signé la convention par laquelle on leur promettoit de les laisser Jouir paisiblement de leurs biens pourvu quils vollussent, se mettre sous la protection du roy Guillaume Ils firent arborer le pavillon Anglois

pris de  
Port Royal  
par les Ang-  
lois

mais depuis les habitans l'ont enlevé a l'arrivée de M<sup>r</sup> Perrot et leurs maisons ont été brulées pour cette raison et quelques uns ont été pendus par d'autres Forbans Anglois qui vivent au meme endroit

M<sup>r</sup> de Menneval sa garnison et les pretres ont été conduits a Baston et ils y sont encore pour la pluspart presentement. M<sup>r</sup> Perrot estoit absent des port royal quand il fut pris il y arriva presque en meme temps que son navire que venoit de france avec M<sup>r</sup> de Villebon qui commandoit une compagnie a Lacadie il fit avancer son vaisseau du coté de la riviere S<sup>t</sup> Jean pour le pouvoir faire decharger sans crainit mais quelques forbans anglois en ayant en connoissances viurent L'y attaquer et il fut contraint de se sauver avec le S<sup>r</sup> de Villebon Il ne resta de personne Considerable dans le vaisseau que le S<sup>r</sup> de Saccardie Ingenieur qui passoit en ce paq pour la fortification des port royal. Il fut pris avec le navire M<sup>r</sup> Perrot s'étant caché quelque temps dans les bois et se reposant un pour fut decouvert et pris Ils luy ont fait souffrir mille indignités Mais il a été assez heureux a ce que len nous a rapporté pour etre rencontré par un Vaisseau de flibustières francois qui ont repris son navire avec les forbans anglois dont il estoit prisonnier, il s'est passé plusieurs autres actions entre les francois de l'acadie nos sauvages et les anglois Ils ont été sommes les habitans de la riviere S<sup>t</sup> Jean de signer la convention que ceux du port Royal avoient accepté, mais ils y ont été fort mal recus et s'en sont retirés avec perte des Leurs. Nos sauvages Canibas et abenaquis nont point discontinuée de leur faire la guerre depuis le depart du S<sup>r</sup> de portneuf Ils ont été les brulés Jusqua près de baston Les ont battus accompagnés de quelques francois en plusieurs rencontres considerables et quelques foibles qu'ils ayent été contre de tres gros partés, ils ont toujours resté maitre du champ de bataille les fils du Sieur de Cellesfonds qui est un homme de ce pais affectionné à M le Comte qui avoit fait des merveilles dans le party du S<sup>r</sup> de portneuf et estoit resté avec

les Sauvages pour aller encore en guerre après plusieurs belles actions dans un Combat ou quarante abenaquis se battoient Contre 600 hommes a été malheureusement tué avec 6 sauvages leur petit nombre ne les a pas empêcher de mettre leurs ennemis en fuite et d'en tuer quantité

Puisque Je suis Madame sur le chapitre des abenaquis Je

 prisonniers  
 vous vous rapporter l'extrait d'une lettre qu'ils ont adressé a M<sup>r</sup> le Comte avec un Collier pour le prier de leur faire rendre les prisonniers que les sauvages du sault ont fait et qui tout Ceux dont Je vous au parté dans l'expédition de Beauvais voyez leurs paroles —

Souffrez mon pere que Je vous aille interrompre un moment pour Vous raconter mes peines. Car a qui un enfant peut il decharger son cœur qu'à son pere, vous savez qui est arrivé a mon frerè l'Iroquois qui prie (c'est ainsi qu'ils moment les Iroquois nos alliés et qui se sont fait baptiser) Il a pris pour Ennemis mes parents et quelques uns meme de Ceux qui avoient peu de temps auparavant accompagné les fraucois que vous aviez envoyé contre l'anglois il les tient encore comme esclaves Voila ce qui fait ma peine, Je luy vient dire que regardant cet accident comme une pure meprise Je nen avois point a la verité l'esprit mal fait mais que Jesperois que sen apercevant il desannonceroit sa meprise et me rendroit mes parents mon père ce collier que lon vous presente est pour vous prier de fortifier ma parole par votre voix ou plutôt tirer de Votre Cœur plein de sagesse des paroles plus efficaces que les memes pour le porter a nos rendre nos parents qui viendront icy demeurer avec nous si vous le trouvez bon, J'apprehende que si on refuse de nous les rendre Mon frere qui est a lacadie ne seressent de cella et n'en ayt l'esprit mal fait au lieu que Je suis sur qu'il m'écouterà quelques mechantes pensées quecela luy ayt donné sy on ne nous les rend.

*Voicy aussi le Collier quils adressent aux Iroquois*

Mon frere l'Iroquois qui prie car enfin c'est le nom dont nous t'appellous depuis que la priere et lobeissance a Onnon-tio notre pere commun nous ont heureusement renuis, Je vais te trouver par ce collier pour te dire que ceux que tu garde encore comme esclaves sont mes parents et pour te prier de mes les rendre, ne crois point que J'aye l'esprit mal fait de ce qui leur est arrivé c'est aussy que la guerre est faite l'on se tue souvent sans se connoitre les uns les autres ce sont des malheurs qui accompagnent la guerre et que l'on ne peut eviter mais tu aurois lesprit mal fait si après prié pour Envoyer tes alliés mes parents, apres les avoir menes dans ton village comme esclaves tu t'opiniatris a les garder lorsque tu connois ta méprise Je mesure ton esprit sur le mien sy ce qui t'es arrivé metoit arrivé et que J'eusse pris pour Ennemis tes parents. Je ne m'apperceveroies pas plus-tot de ma meprise que Je leur donnerois la liberté, et te les rendrois ni croy point mon frère que Je te trompe lorsque Je te dis quils sont mes parents les francois peuvent bien rendre temoignage Comme quelques uns de ceux que tu as tués ou pris les ont accompagnez aussy bien que nous lorsque nous avons été contre langlois et cela fort peu de tems avant que ce malheur arriva, Je ne te dis rien de la perte que tu as faite d'un de tes braves (c'est le grand agnier) quoique Je la ressenté extremement Je suis occupé a le pleurer avec deux de mes braves que J'ay aussy perdus dans cette triste rencontre, Mon frere l'Iroquois qui prie pluvront les braves morts sans que leur mort nous renverse l'esprit, et separe nos coeurs que la priere et l'aimtie vuissent depuis sy longtems

Sur ces paroles les Iroquois du Sault ont renvoyé les principaux choses et quelques femmes, ils ont promis de rendre les autres lorsqu'ils l'enverront tous disposés a se joindre a leurs freres qui sont icy établis au sault de la Chaudiere a deux lieües de Quebec —

Instructions for the Commission<sup>rs</sup> appointed to meet the  
Indian Sachems at Wells.

Gent<sup>n</sup>

In pursuance of your Commission, the following Instruc-  
tions are Recommended unto yo<sup>r</sup> Observance

1<sup>st</sup> That you receive Satisfaction in the Indians who shall  
come to treat with you, That they be either Sachems; or  
others of Chiefe Account and Command, that so what Over-  
ture and Agreements shall be made by them may be bind-  
ing.

2<sup>ly</sup>. Informe your Selves what they pretend to be the  
causes provokeing to the Warr, and Remarke to them the  
high Resentm<sup>t</sup> his Majesty hath of their makeing a War  
upon and destroying so many of his Subjects, and laying  
such a part of his Territory waste; As also the unjustness  
of their going on to shed so much blood after some of their  
Sachems and chiefe men had been at Boston  
Madackawando  
&  
Wiolancet, &c. with the Council, were civilly treated and dis-  
mist w<sup>th</sup> the assurance that the present Gov-  
ernm<sup>t</sup> were ready to hear and redress any agrievances and  
injuries done them, the said Sachems promiseing to endeav-  
our a Cessation of Armes, and not to engage in the War;  
and yet joyned with and assisted the Enemy.

3<sup>ly</sup>. If you perceive the Indians continue their former In-

clinations and desires of peace, and appear to be in good Earnest thereabout Receive what Overtures they shall make for the same, to be taken into consideration, and give them to understand that his Maj<sup>ty</sup> hath lately sent a Governo<sup>r</sup> to New Yorke, who must be advised and consulted with in that matter, part of the Eastern Country being within his Govern<sup>t</sup> And consent with them for a cessation of Armes and Lengthning out of the Truce for some further time, until there may be opportunity for such Consultation.

4<sup>ly</sup>. Insist upon their Returning all the English Captives in their hands and within their power; And Engage them to forbear all correspondence & Intelligence with the ffrench Enemy, or the giving of them any assistance, and Likewise timely to notify the English of the designes or Motions of the ffrench against them, so far as they shall know.—

These are some general heads of Instruction, the particulars must be referred unto yo<sup>r</sup> prudent Conduct and good discretion as you shall judge advisable upon the place when you understand the Inclination of the Indians; Praying that you may have the special presence & direction of the God of peace to guide unto a good issue of this weighty affayre.

*Letter from Gov. Slouglter.*

Gentlemen,

I sent you by M<sup>r</sup> Newton his Maj<sup>ties</sup> Letter referring to the Records of this Province and other things belonging and Order'd hither, but he being not returnd I have no Acc<sup>t</sup> nor answer to that Letter & now Coll. Dudley Presid<sup>t</sup> of their Maj<sup>ties</sup> Counsell of this Province being bound to Boston directly from Albany where I am, I have Opertunity to write you again and desire you if the Kings Sloop be not sayled for York according to the direction I gave M<sup>r</sup> Newton y<sup>t</sup> you will acquaint Coll. Dudley what you have done referring to his Maj<sup>ties</sup> direction, whom I have desired to speak w<sup>th</sup> you and understand y<sup>r</sup> answer thereupon. I have also desired him to acquaint you w<sup>th</sup> the attendance of the

Maquaes here and their answers and resolutions upon my demands and also to obtain from you an acc<sup>t</sup> of your Proceedings w<sup>th</sup> the Indians at the Eastward of w<sup>ch</sup> I desire a Perfect understanding that I may do what is Propper on my Part referring to the County of Cornwall a dependance of this Province.

I am sorry I cannot hear from you or other parts of New-Engl<sup>d</sup> w<sup>t</sup> may be done upon the ffrench at Quebeck I p<sup>ci</sup>ieve this summer will be lost and the ffrench phaps supply'd and put into a good posture before any agreem<sup>t</sup> can be had of a Joynt proceeding which will leave many parts of these provinces but Especially Albany in danger and protract a Long and Chargable war w<sup>ch</sup> with the Blessing of God would be perfectly ended if propper methods had been taken the Maquaes in their answers observe their Brethren of N. Engl<sup>d</sup> to be alike Concern<sup>d</sup> in their Support as this Province, I p<sup>ci</sup>ieve them in some Consternation for fear of the Praying Indians gon over to the french and doubt I shall be necessitated to send forces to march if not reside sometime in that Country town towards w<sup>ch</sup> I am of opinion you will willingly Contribute your [Quota] of men and mony let me hear from you thereupon.

Since the writing of this Letter the affair of the french and Indian enemy's is farther open'd to my self and Council now at Albany, and we see an absolute necessity of an agreem<sup>t</sup> between the severall Provinces and Governments belonging to the Crown to advance their Proportion of men and mony towards the reduction of our revolted Indians & the Subdueing the ffrench and have written agreable hereunto to Virginia, Maryland & the other Colony's in N: England and desire you will appoint and impower some persons to hear & agree w<sup>th</sup> us at York for your Quota unless by discourse w<sup>th</sup> Coll. Dudley you shall propose to him what may be thought reasonable on your Part whereby the Charge of your Com<sup>mi</sup>ssioners may be saved we having apointed and

*Letter from Gov. Sloughter of New York to Gov.  
Bradstreet*

Hon<sup>ble</sup> Sr

We Received yo<sup>rs</sup> of the 16<sup>th</sup> of April last past by the  
hand of Tho: Newton Esq together with his Ma<sup>ties</sup> Com-  
mands relating to the Records of the province of New-  
yorke, the great Guns belonging to the ffort at Pemaquid  
that were brought to Boston, and one of the Sloops which  
his Maj<sup>ty</sup> has been Informed were built at the publick charge  
while the Colonies of New-yorke and New-England were  
united. In Observance of said Commands we have accord-  
ing to your Exc<sup>ys</sup> appointment caused the Records to be  
deli<sup>u</sup> unto said m<sup>r</sup> Newton, and Ordered the great Guns to  
be in a readiness to be disposed as you shall advise.

As to the Sloop we are not advised that any such is in  
possession of this Governm<sup>t</sup> as was built at the publick  
charge while the aboves<sup>d</sup> Colonies were united, there havcing  
been a misinformation given to his Ma<sup>ty</sup> in that matter, the  
onely Sloop that we know of to be upon the publick charge,  
was finished and improved some considerable time before  
New-yorke was annexed to these Colony's, and is the same

that transported S<sup>r</sup> Edmond Andros thither when he went to take in that Province: the other Sloop we understood was set up by S<sup>r</sup> Edmond Andros his order in the province of Maine and brought to Boston not fully finished, a little time before his removal, the Builder keeping her in his own possession, and was as he declared unpaid for her, which m<sup>r</sup> Usher Treasurer likewise Informed A private person who had disburs't considerably for the Riggin & Other Materials belonging to her, for the Securing of his own disbursements purchased her of the Builder, paid him and had his bill of Sale for her, and afterwards sold her to the pnt. Governm<sup>t</sup> who dispatch't her for England with Expresses to his Maj<sup>ty</sup> and She is not yet returned :

This Accompt we have transmitted to be laid before his Ma<sup>ty</sup>, that so we may know his farther pleasure therein, in which we shall rest.

We are glad to understand from yo<sup>r</sup> Selfe that so good provision is made for the defence and preservation of Albany, and shall be as ready as formerly to do anything reasonable and necessary on our part in affording help & assistance as we are able toward y<sup>e</sup> general Safety and for y<sup>e</sup> defence of their Ma<sup>ties</sup> Interest, And shall offer the consideration of what you propose in that matter unto the next General Assembly, thô this Colony lyes so much ffrontier both by Sea and Land to the french and Indian Enemy that obliges us to make such necessary preparations to defend our Selves against their attacks as puts us to great Expence and Employment of Souldiers, besides the calamity of Sicknes wherewith this people have been sorely visited for above the space of a full year now past.

We do not thinke of intending any further advance towards Quebeck this Spring without we receive Special direction from his Ma<sup>ty</sup> in that matter.

We would Acquaint yo<sup>r</sup> Ex<sup>cy</sup> that in y<sup>e</sup> beginning of y<sup>e</sup> last winter at y<sup>e</sup> Sollicitation of the Indian Enemy who moved for a peace we consented to have a Truce with them until y<sup>e</sup> first of this instant upon their promiss to bring in all y<sup>e</sup> English Captives, and at that time to appoint some Commission<sup>rs</sup> to meet at Wells, to receive what further Overtures they should make which was accordingly attended on our part; but all their Sachems not appearing, it was agreed that they should bring in y<sup>e</sup> residue of the Captives within twenty Dayes, and that the Sachems should in that time make their proposalls to be offered unto their Ma<sup>ties</sup> Governm<sup>t</sup> of this Colony and yo<sup>r</sup> Selfe, and all acts of hostility to be forborn until a consultation were had with yo<sup>r</sup> Selfe thereupon, and they should hear from us again; In which we desire your advice and shall take care to transmit unto you what overtures shall be made by them; And shall be studious to maintain a good intelligence and correspondence with yo<sup>r</sup> Exe<sup>y</sup> in all things conducing to their Ma<sup>ties</sup> Service and the general Safety.

Vpon intelligence received last night from Piscataqua of the appearance of Indians to the number of twenty or thereabout at Newichewannick that fired upon some English at worke, at or neer the Mills; Its thought advisable to remit

And it's likewise Ordered by the Governour and Council that upon any Exigent by an Alarm, or attack made by the Enemy upon any Town, or out Plantation (thô out of your Regiment) you take effectual care that a sutable part of the Soldiers under your command be in a readiness, and do forthwith issue out to the Releife of those assaulted, and to pursue the Enemy, And that others be advanceing forward unto the next adjacent Towns to that assaulted for the strengthening of them, without expecting further Order.

This morninge came a post to me from Wells which giues an account of their beinge atact by french & Indians one man kild and two wounded which letter I posted away to Major Vaughon which I doubt not but that he posted away to yo<sup>r</sup> hon<sup>rs</sup> after which I went to Yorke for further intelligence, and being theare I doe understand that the enemie was not gon this morninge but cannot here they haue done any Damadge more theare only I heare they haue kild one man and wounded two at Exetor.—

at wells I haue farther information that on theyre parlie the enemie declars that the reason why they fight us is because they were under some feare in regard that Casteen took three of our men: 2ly because that they have lost fower men, which they conclude we haue kild & thirdly

because we gaue them noe satisfaction for the two captius which they brought into Wells at our last treaty with them these are their pretenses which must be beleaued with discretion, howeuer what they haue all ready done giues sufficient grownd to us to take all meassurs imaginable in order to their destruction: or otherwise they will soone destroy us: I am alsoe informed that Moxes is the chif man among the enimie; who desired at Wells to treat on M<sup>r</sup> Battler who was then there; who readily went to him aloane and had a great deale of discours with him & cam away peaceably which giues suspition that he is an ill man

I suppose he will soon be at Boston where yo<sup>r</sup> hon<sup>rs</sup> will haue an oportunity to discours him; all that I have more to say is that for sertayne the enimie is numerous and are at this time round about us, and are euery day upon one place or other, but through mercy we are hetherto preserud but cannot imadgine to stand longe without speedy help which I humbly intreat yo<sup>r</sup> hon<sup>rs</sup> to take into yo<sup>r</sup> serious consideration those men you sent to Wells came there but half an hower before they were besett, a prouidence neuer to be forgotten; which smile of God, may be matter of great incoragement to proeed in such a blessed worke to improue the second means to preserue their Majestys interest in this poore prouince; who are only wayghtinge for yo<sup>r</sup> speedy releif, or els we are a gon people, thus beggin y<sup>r</sup> excuse for my bouldnes; I take leaue & remayne

Much honr<sup>ed</sup>

About an hour ago I received the inclosed from Maj<sup>r</sup> Vahan as I had the same account a little before from Capt Sherburn concerning the exeter disaster with this farther adision that because the enemy is in every hole (they being so few) could not send to give notis till it was night.

that the case is alredy very bad and like to be wors is very aparent w<sup>t</sup> the Reson of thayr taking this method of pceeding with vs I cannot Imagin

That the truce is brooken with great Isoleney by them I Dout not but that we & thay also ar very sensibl of: and whether to Let them alone wilbe safe or honerabl for vs is seriously and speedyly to be considered. I humbly offer the sene of some advised p<sup>rs</sup>ons in the case viz: That an Army be forthwith sent out against them that may follow them to their quarters whearsoever thay go and make w<sup>t</sup> spoyle thay can; w<sup>ch</sup> Army may be competently abl to aquit them selvs tho thay meet w<sup>th</sup> emys they may Justly expect. Conducted by such faithfull and prudent Comanders as we haue any power to vse such methods as Reson experience or information may Dictat to them by order of the authority — and that a p<sup>ty</sup> of hors should attend them to carry suplys by Land and bring inteligence and also som by Sea to go to meett them with releef about Casco or if it may be in your wisdoms thought most convenient and so not to give it ouer while an Indian can be heard of in the Country w<sup>ch</sup> by the blesing of god may give pspet of an Isu within few months (if not weeks) or els that Som Course be takn to strengthen our fronteir Towns that thay may be inabled to Attend getting victils or all wilbe starved.

the only wise god direct your Councells in all these way-

Much Hon<sup>rd</sup>

Yo<sup>rs</sup> of 15<sup>th</sup> Instant came just now to hand wherein you are pleased to tell us of one hundred & fifty men you intend to send for our releife, for w<sup>ch</sup> care of us we render humble & hearty thanks — never more need than now, for severall of our Garrisso are already broken up for want of help: as Hiltons Garrison at Excetor, & Holmes Garrison at Newchawanick: & if help doe not speedily come: both Cap<sup>t</sup> Gerrish & Herds Garrisons at Cochecho will also break up, & we hear m<sup>r</sup> Andrew Wiggins Garrason intend the like, we are alarmed in every place, & none in any of our out places durst goe from their Garrisons, if they doe they are Either Kild or taken by the enemy: this morning I rec<sup>d</sup> an acco<sup>t</sup> from Capt More of Excetor y<sup>t</sup> yesterday there were two men went to a house about half a mile out of Town, & the owner of the house carried the Key of it with him, the Key was found in y<sup>e</sup> dore of y<sup>e</sup> house but both of the men carried away: major Pike also gives an acco<sup>t</sup> of w<sup>t</sup> the enemy hath done at Haverill & Amsbery: which are the wounding of sundry persons there: the Enemy as we perceive by their motion are resolved to starve us, by allarming

vs every where, & keeping us from attending our corn & by Killing our cattell, & it must needs be ruinous to us if our people cannot attend their husbandry : we have no help from Either Major Appleton or Major Saltinstall nor are we able one Town to help another : we here the Enemy is come over upon our neck of land last night, surely we are very weak & unable to defend ourselves, haveing not above sixty men in this part of the Town : Hon<sup>rd</sup> S<sup>rs</sup> we are in an evill case, & if God doe not incline yo<sup>r</sup> hearts to send us speedy releife, we can se nothing but ruin before us : The alarm mentioned in our last, by sea was only the N : york men of warr : we pray God to direct You to that w<sup>ch</sup> may be for Gods Glory & the safety of his poor people. *Letter from the Gov<sup>r</sup> & Council to Gov. Sloughter of  
New York.*

Hono<sup>ble</sup> S<sup>r</sup>

In our last of the 8<sup>th</sup> of May past we acquainted yo<sup>r</sup> Ex-  
cel<sup>cy</sup> of the Overtures made by the Indian Enemy upon dis-  
course with them at Wells the 1<sup>st</sup> of the same month, they  
then promising to returne all the Captives within twenty  
dayes, and to make some proposalls for an Accomodation to  
be offered unto the consideration of their Majesties severall  
Governments, and to forbear all Acts of Hostility until they  
should have an answer, w<sup>ch</sup> proposalls we intended on re-  
ceipt thereof speedily to have communicated unto yo<sup>r</sup>self;  
but their failing to appear or bring in the Captives as was  
then promised gives just Suspicion that they intend further  
Mischiefs, and are influenced by french Counsell; which

has put us upon a new Enforcem<sup>t</sup> of the out Garrisons and keeping Rangers constantly on the heads of the frontiers to observe their Motions and prevent Surprizalls: the effectual subduing of this Treacherous Enemy is the best Security for the future tranquility of their Maj<sup>ties</sup> Subjects, there being no trust to be reposed in them, further than Interest obliges. It would be of advantage to us to understand whither yo<sup>r</sup> Excel<sup>cy</sup> do intend the present Setling of a Garrison at Pemaquid or elsewhere in the County of Cornwall; and what further Methods you may propose to be taken with reference to the Indian Enemy. We have further to acquaint you that the ffrench Privateer that lately visited Block Island, has lyen upon the Coast and taken three small Vessells belonging to this Colony inward bound; Viz<sup>t</sup> two from the West Indies, and one from Connecticut; Cap<sup>ne</sup> Kid and Cap<sup>ne</sup> Walkington in their passage from Road Island to this place came in sight of the Privateer being before advised of her, and as some English prisoners then on board say, neglected a fair advantage to take her, and to have made themselves Masters of very considerable purchase, they reporting her to be a Ship worth Tenn Thousand pounds or more.

At their arrival here, very fair proposals were made and encouragment given to the s<sup>d</sup> two Captaines to be further enforced with men to cruise some dayes for her; but they saw no reason to accept thereof, notwithstanding the prospect of gaine so great as might have been sufficient to invite thereto, besides the service it would have been to their Ma<sup>ties</sup> to have had such an Enemy suppressed. And we cannot but remarke unto yo<sup>r</sup> Excel<sup>cy</sup> the account we have of their behaviour at their departure especially of Cap<sup>ne</sup> Walkington, not onely in entertaining and carrying away divers mens Servants and Negros than ran from their Masters; but also in forceably takeing away men out of severall Merchant Vessells and Coasters, and the abuse given to other of the Inhabitants who were passing in small Boats about their occa-

sions, commanding them on board his Ship and forceably detaining and carrying away some of them from their homes and employments, which is so intolerable that we cannot but highly resent the same, and shall expect that he be sharply animaverted upon.

S<sup>r</sup> Since the writing of the foregoing we received yours dated at Albany wherein you are pleased to intimate unto us the Attendance of the Maquas there and their answers and resolutions to yo<sup>r</sup> demands, Also to desire a perfect understanding of our proceedings with the Indians at the Eastward; We have in our former letters together with what is now written advised you of w<sup>t</sup> has lately passed betwixt us and them, and the engagem<sup>nts</sup> they last made at Wells, in w<sup>ch</sup> they have failed and contrary thereto without any provocation given on the part of the English; About a week since (having as we are informed some french w<sup>th</sup> them) perfidiously assaulted the Garrisons at Wells w<sup>th</sup> a considerable strength, but they being enforced by a fresh party of men sent from hence and providentially arriving there about halfe an hour before the Assault, were inabled to make a good defence, the Enemy dispersing themselves in small party's, alarm'd divers other places in those parts at the same time, and surprized and kild two or three men abroad in the woods: this breach has put all former Overtures to and End, And our present concern is to apply our Selves to a vigorous prosecution of that treacherous Enemy; The disadvantage of the woods and Rivers in the Eastern Country has rendered our expeditions thither less succesfull formerly than otherwise they might have been thô the number and strength of the Enemy has thereby been considerably weakened and lessned and their losses greater than what we had the present notice of, the Endeavouring to defend their Ma<sup>ties</sup> interests in those parts has drawn a vast charge upon this Colony; The renewed attempts of the Enemy in those

parts and the annoyance given us by Sea with w<sup>t</sup> we may probably expect, necessitates those preparations to be made for our owne and their defence and repelling the Enemy as renders it impracticable for us to afford any aid for the Western posts at present, having need rather to receive Assistance from the neighbouring Colonies, the Enemy pressing so hard upon us; We are now equipping of a Ship of Warr and another Vessell to cruise upon the Coast for defence thereof and Securing of Navigation And raising forces to prosecute the Indian Enemy w<sup>ch</sup> will require the taking off so many men from their imployment at this Season of the Year besides w<sup>t</sup> interruption may be given to others as will render the necessary Occasions of Husbandry very difficult to be carryed on. We are sorry our Affayres are so circumstanced, that we are incapacitated further to Answer yo<sup>r</sup> Exc<sup>cys</sup> proposal, being as willing as ever to contribute our utmost Assistance for the Service of their Mat<sup>ties</sup> in any of their Interests,

And are

Sirs

We have yours of y<sup>e</sup> 17<sup>th</sup> Curi<sup>t</sup> wherein you advise of y<sup>e</sup> retarding of y<sup>e</sup> proposed Expedition to Saco for want of a Chirurg<sup>n</sup> It's very unhappy that a matter of so great importance having so fair prospect for service should fall throw and it seems strange & very absurd that notwithstanding y<sup>e</sup> proposals & Encouragem<sup>t</sup> offered they should decline their Maj<sup>s</sup> Service, and in which themselvs are so nearly concerned. If they have not yet reed Satisfaction for y<sup>t</sup> past Service (w<sup>ch</sup> was expected had been done ere this within y<sup>e</sup>

Province) yet its s<sup>d</sup> some of 'em have had considerable advantage by a Supply to y<sup>r</sup> particular occasions whilst they have been in Service. *Letter to Gov. Sloughter, N. Y. July 20<sup>th</sup> 1691.*

Hon S<sup>r</sup>

Yors of the 29<sup>th</sup> of June last past is before us advising of the receipt of ours of the 8<sup>th</sup> of May foregoing, and of m<sup>r</sup> Newtons arrival with the Records, we likewise observe therein the reflection you are pleased to make upon us as mistaking and evading his maj<sup>ties</sup> Order by denying to send his Sloop and contriving to misinterpret his Commands, which is utterly without our Intention, and it was not a little surprizing to be so suddenly and harshly censured upon so small acquaintance and that any false insinuations should

make so deep impression on you, as to render us not hearty to his maj<sup>tie</sup> and his interest; we hoped that what we truly and plainly answered referring unto the Sloop would have satisfied until his maj<sup>ties</sup> further pleasure be knowne here in, who might cause you to think that those who in prejudice to us misinformed his ma<sup>tie</sup> in that matter, do rather deserue that Character.

S<sup>r</sup> In our last of the 18<sup>th</sup> of June past we advised yo<sup>r</sup> Excell<sup>cy</sup> of our proceedings with reference to the Indian Enemy in the Easterne parts and preparations we were making to relieve and assist their maj<sup>ties</sup> Subjects there; as also for their defence by Sea, which are both now reasonably accomplished according to our ability, some Companys of Soldiers are gone Eastward to joyne those of the place (who must also be maintained from hence) to pursue the s<sup>d</sup> Enemy and a Ship of Twenty four Guns with a Katch are set forth to gaurd the Coast; besides the numbers of men employed for garrisoning and securing of the Sea ports and frontier Townes, which will not onely contract a very Great charge, but by this means many particular persons are greatly disadvantaged, being taken from their employm<sup>nt</sup> and families at this Season of the year. Upon consideration of all which the Generall Assembly have thought it impracticable at present to answer yo<sup>r</sup> Excell<sup>cy</sup>s proposall for the supplying of men or mony from hence for the securing of Albany the next Winter, not knowing but that some of these parts may be as much or more exposed than that being as accessible to the Enemy, besides the readiness of the Eastern Indians to joine them: there are some of our Neighbours whose Scituation and other Circumstances will render them more capable of Assisting in the defence of y<sup>t</sup> Post.

We thank you for y<sup>e</sup> expressions of yo<sup>r</sup> readinesse to maintain a friendly Correspondence with us for the defence and support of their maj<sup>ties</sup> interest and Gouernment on this main, and are sensible that at this juncture there needs an

hearty union amongst all their Subjects, which thing we sincerely wish, and shall ever approve ourselves therein being ready to the uttermost of our power at any time to answer what shall be reasonably desired of us by our Neighbours for their maj<sup>ties</sup> service and interest, yet are unwilling to be imposed on or required by any that have not Authority so to do.

By the Vessell sent from hence to the Isle of Antecosta to fetch off some men cast on shore there we had intelligence that on ther Voyage homeward in June last, they saw nine or ten saile of Ships bound as they apprehended towards Canada River ; The Indian Enemy have made no late appearance in the Eastern parts, since the Arrival of our Souldiers there, who we hope will give some Check unto their Insolence, and intend a prosecution of them at their places of Randevow which we are sensible will be with no little difficulty by reason of the disadvantages of that Country to pursue them ; however desire to be waiting upon God for his blessing to Succeed our Endeavours and pray for the like on yours that we may at length see a good issue of all these troubles.

According to y<sup>r</sup> ord<sup>rs</sup> we haue prosscuted our desighne to Sauko where we could fine none of our Enimies, & from thence we Sailed to Juells Island (haucing had Intelligence of thier planting thier) but found Non of them; and then to Cheberg where wee discouered Eleuen fire places, from whence we belieue the Enimie had departed two or three days; and from thence w<sup>th</sup> all Expedition to Macquait in or<sup>e</sup> to march to Pegipscott fort w<sup>ch</sup> we Effected, and att our re-

*Letter from the Governor & Council.*

Boston August 8<sup>th</sup> 1691

S<sup>r</sup>

This day Cap<sup>ne</sup> Wilkinson waited upon y<sup>e</sup> Gov<sup>r</sup> and Council and Inform<sup>d</sup> them of the unwarrantable action of Cap<sup>t</sup> Griffin and Cap<sup>no</sup> Due in a hostile manner firing at and Surprising of his Ship (belonging to their Ma<sup>ties</sup> Subjects) on the high Seas dispossessing the Master of her carrying of her into Isles of Sholes and since into y<sup>r</sup> River, imbezelling and disposing of her Cargo without any due Tryal or adjudication ; As also there is lying before the Council the Information and Evidences of y<sup>e</sup> Insolent and intollerable behaviour of the s<sup>d</sup> two Captains in yo<sup>r</sup> Port disturbing y<sup>e</sup> peace and quiet of the place, putting their Ma<sup>ties</sup> Subjects in fear, and affront offered to y<sup>e</sup> Governm<sup>t</sup> of all which y<sup>e</sup> Gov<sup>r</sup> and

Council have a just Resentment and hold themselves Obliged to maintain their Ma<sup>ties</sup> honour and to bring the said Captains unto Reason.

For which end inclosed is an Order and precept unto Cap<sup>ne</sup> Goffe, to Seize and take into custody their persons and to cause them to be safely conveyed to Boston before y<sup>e</sup> Governor and Council to answer for their said misdemeanors in the Execution whereof he is directed to advise with yo<sup>r</sup> Selfe of y<sup>e</sup> most proper and easy methods to be taken for y<sup>e</sup> Effecting y<sup>e</sup> same without causing any disterbance or Exposing of any on either side, confiding in yo<sup>r</sup> prudence to direct therein, and so to contrive it that there may be no fear of opposition or disturbance in y<sup>e</sup> place.

M<sup>r</sup> Brenton has also promised to assist with his advice in y<sup>t</sup> matter. Cap<sup>t</sup> Goffe is likewise directed to Stay with his Ship in y<sup>r</sup> River for y<sup>e</sup> Safety of the place, until farther Order if there be need or until he be dismiss by yo<sup>r</sup> Selfe; Expecting that you will detain him no longer than is of absolute necessity, and Speedily advise of what shall be done herein —

After y<sup>e</sup> rising of y<sup>e</sup> Council yesterday a Vessell arrived from Piscataqua with y<sup>e</sup> intelligence of the Return of y<sup>e</sup> Forces sent Eastward and the loss and disappointm<sup>t</sup> they met withall; an awfull frowne of Providence, under w<sup>ch</sup> we have cause to be humbled. it's hoped meet provision will be made and due care taken that the wounded men be well look't after, if anything be further needful in that behalfe let it be advised: m<sup>r</sup> Brenton will bring a Supply of powder for y<sup>e</sup> Souldiers, who will need to be very Vigilant in intending their duty for the preservation of the places in yo<sup>r</sup> parts, and to repel the assaults of y<sup>e</sup> Enemy, who will be Encouraged by the defeat of ours; I Suppose the Governor and Council will speedily advise and give further directions for y<sup>e</sup> improving of them so as may be most likely of their doing service if it shall please God to own them therein,

unto whose gracious protection I commend you, and am  
with all hearty Respects

S<sup>r</sup>

By yo<sup>rs</sup> of the 25<sup>th</sup> of July past I had the s<sup>d</sup> news of the Sudden death of yo<sup>r</sup> Governo<sup>r</sup> which was no little Surprize unto me and I heartily condole with you in that Great loss especially under the present conjuncture of Affaires fearing least his removal have such influence thereon as to occasion alteration in the Measures lately taken by the Maquas &ca and their resolutions for the English Interest, and to prosecute the Enemy, But the Great Sovereigne of the World in whose hand is our life, breath and all our wayes disposes of all things in infinite wisdom, and will accomplish his owne pleasure by what iustruments he pleaseth, I should be glad to hear of the Good success of yo<sup>r</sup> late Expedition from Albany. Some Companys of ours the last week being abroad in the Eastern Country on discovery of the Enemy having visited severall places of their usual Rendevonz and finding none of them at length returning unto their Vessells in order to their comeing home, and most of the men embarqued just at evening, about forty still remaining ashore they were suddenly and violently assaulted by a numerous Company of the Enemy, as was judged three hundred at least french and Indians; who firing on our men slew three and wounded upwards of twenty; but they recovered the Vessels and got off; and we have reason to think that the Enemy are gathering to pursue some great designe; which will necessitate our affording what aid and succors we shall be capable of unto the Eastern parts. I am desirous of and shall maintaine

a good understanding and Correspondence with yo<sup>r</sup> Govern-  
m<sup>nt</sup> And hope and expect that they will intend the same  
with this and other the Neighbouring Colonies that we may  
all pursue the same designe, namely the promoting of their  
Maj<sup>ties</sup> Interest and the suppressing of the Coñon Enemy.

The Gov<sup>r</sup> and Council have had the consideration of yo<sup>rs</sup>  
since the return of the ffoces and the unhappy defeat of the  
late Expedition being not without fears of the Enemies  
makeing fresh Assaults upon the out Towns, and therefore  
think it adviseable and order for the p<sup>nt</sup> Wells be enforc<sup>t</sup>  
with thirty Souldiers more than are now posted there, and  
that either Cap<sup>ne</sup> King or Cap<sup>ne</sup> March go thither to take the  
Command of that Company; Cap<sup>ne</sup> Convers lying very dan-  
gerously sick and so rendered incapable of Attending that  
Service as was expected. And that the rest of the Souldiers  
be disposed into the severall Towns and Plantacon of the  
two Provinces for the better enforcing of them ag<sup>t</sup> the As-  
saults of the Enemy according as yo<sup>r</sup> selves shall direct and  
'apprehended most adviseable for their Security, until fur-  
ther measures be taken, and that they diligently intend duty  
of watching, warding and Scouting. A supply of Medi-  
cines are sent for the Chirurgeons and some supply of Pro-  
visions Stockins & Shooes &<sup>ca</sup> for the Souldiers.

This is as far as the Council can at p<sup>nt</sup> direct until further  
consideration be had and what resolutions may be taken  
thereupon shall be communicated unto you.

*“Letter to Plymouth, R. Is. & Connecticut as to aid for repelling attacks of the enemy.”*

Boston Oct<sup>o</sup> 30<sup>th</sup> 1691.—

Hon<sup>ble</sup> S<sup>rs</sup>

You cannot be altogether unsensible of the growing Distresses of the Country by the long continuance of the Warr the sad effects whereof have hitherto principally fallen upon our fellow Subjects in the Eastern parts and on this Colony ; yo<sup>r</sup>selves providentially more remote from the p<sup>nt</sup> Seat

thereof, the vast charge drawne thereby upon this People in the constant assistances afforded unto the Provinces of Maine and N. Hampshire, and the Severall Expeditions formed ag<sup>t</sup> the Comon Enemy, with what is daily called for to the Gaurding of the frontiers and Seaports renders the same very insupportable. It having pleased God to frowne upon Endeavours used to give check unto the Enemies Insolence, who are flusht with Success; And as we are credibly informed by Intelligence lately received from Johns River are combined in fforming of a body to make fresh Attacks, and the Indians in small partys in a sculking way are breaking in upon out Plantaçons; so that it's of Necessity to raise a considerable fforce, by Gods blessing to repel their Assaults. We cannot think but that you look at yo<sup>r</sup>selves as concerned in this Common Cause and that you will willingly contribute yo<sup>r</sup> Assistance thereto. As you have both formerly and of late found a readiness on our parts to giue the like to your Selves when Occasion has been for the same. We therefore desire you would please speedily to advise and make your Resolves on this matter, and let us understand what Assisance of men and provisions we may expect from you for the Gene<sup>l</sup> support of their Majesties interests and the Common safety. Provisions being more plentifull with you than in this Colony, and the provinces of Maine and Hampshire having this dependance on this place for Supplies; not onely for the maintenance of the Souldiers posted there, but also for the releif of the Inhabitants who must else unavoidably draw off. Thus Comending the whole Concerns of this distressed Land to the Care and good Providence of him who is the Lord of Hosts; with the tenders of our respects We subscrib

Honored Neighbors

Yours of the 30<sup>th</sup> oct<sup>r</sup> we Received and haue perused: of the which we are truly senseble and it hath impretion upon our spirits considering the distress & Afflictions that hath

been & are upon this Country and doe Really smppoothise with the Afficted also that hath not been to our selues or at our own doors : and wee doe beleiue you haue been willing & at Charge to Assist us : and we are thankfull to you therfore : and sò we are willing & know it is our dewty to be willing & outt our proportionall Charge for their Majestys Interest in deffence of all English men : but we haue hinderances from doing as wee would : it is thus with us : We Cannot Rais mony by tax : but as it is Aparent : & thretned that it will not be : but by blud shed : we haue A. Rate to pay y<sup>e</sup> charge we haue been at all Redy : & are not otherwise Able to gitt it : ol though for their Majestys interest & our own Saffty : & so for y<sup>e</sup> most part lyeth yett unpaid : : although but few Amongst us of the ffaction for y<sup>e</sup> papist or french form of Gouverment or of thos that are for him that was King James : but who are in disguis : or who couertly would haue it so : under the name of King Will<sup>m</sup>—

but we are satisfied that ther is noe Caus for Any especially for Any in Magestrasy in this Contry to be in Any maner Slack to propegatt the Caus that King William is for—

Although we think that som people Are Afraid to doe Justly for fear or doubting that y<sup>e</sup> french party might preuaile & that then it might be wors for them for so doing.

So for A man to keepe his mony blindeth him to make Any Exscus therfore : And it was so that Cap<sup>t</sup> Gilbert who you sent heither did say that the best farme upon block Island should haue been his : for if it had been taken by y<sup>e</sup> Enemy he doubted not but to haue Retaken it Againe : & thay said his staying so long was ther fore : but we are satisfied that not Any blame did so belong to you : thay say that Commedy expedition was only propagatted for som pvrticullor interest & not for their Majestys & as defence at hom was neglected : and that from Amongst you : y<sup>e</sup> french &

indians are shuerly suplyed w<sup>th</sup> Amonition: & gained Ex-  
siesiely by trading w<sup>th</sup> y<sup>e</sup> indians: and thay say that y<sup>e</sup> In-  
dians had some Just caus of offence that Corn was promest  
them for harm thay Receued by Sawmils soylling their  
fishing this could not be Cald truth: And that many pre-  
tend purchas of great tracts of Land & not as they had  
Athority from Any under y<sup>e</sup> King to purchas as it was not  
for A township — and that y<sup>e</sup> indians toke notis that A  
soruoy was taken of All y<sup>e</sup> Contry on this side y<sup>e</sup> lake: and  
that when their Kings would sell no more land: that then  
y<sup>e</sup> English would caus other Kings that would so doe or  
would say it was all theirs AlRedy: and that what Euer  
Any indian did it was but as for A Raccoon to put his paw  
to it: & many other griuences that y<sup>e</sup> indians haue taken  
notis of.

Although we doe not Esteem our capacitys as large as  
yours or that it should ouer Reach yours: but as we know  
somtims wise men may Receive benifit by her<sup>s</sup> fools: our  
Aduis is that as King William hath done to y<sup>e</sup> french that  
so you would give forth Just terms how y<sup>e</sup> indians might  
haue peace: And how wee & french in this Contry might  
not warr Against on Another or Asolt on Another in Each  
others limits untill the higher power would not Exscus us  
from so doing: for what we can for or Against y<sup>e</sup> proseed-  
ing in Urop: but if that so doing will not preuail for peace  
that then A generall Contrebutioun be gathered through out  
y<sup>e</sup> Collonys & that thes in magastracy or Any as thay haue  
power in Each County may proportion y<sup>e</sup> tax: & if Any  
will pay more that to be taken notis of: & all that will not  
so pay: to be now only so taken notis of for it is in uain  
now to be Against Enimys Abroad as we make Enimys at  
home: but for you to make Apeer that y<sup>e</sup> Enemy may  
haue noe suply from Amongst you & then for their majes-  
tys interest & all our Countrymens Relect<sup>l</sup> some should be  
employed as well in defensiuie warr & all at home for them

to be sopplyed: And all particular interests to be laid Aside: we herd that y<sup>e</sup> Gouvernor of York sent mesengers in to plimoth Collony: (that by Athority ther) thos that had Adresed to him should not be molested concerning or About y<sup>e</sup> warr or if thay ware he would subject y<sup>e</sup> moles-tors or y<sup>e</sup> like. So with our desirs to the highest: Euen to him who Rules ouer y<sup>e</sup> Kingdoms of men & alters & changeth them as pleaseth him) that he may keepe both you & us as we may doe & liue only to his Glory & do our dewty to all English men, So y<sup>e</sup> Lord will be our stay in time of aduersity/

Isles of Shoales

Much hon<sup>rd</sup> & worthy Gentlemen.

The prouidence of almighty god (whose judgements are past finding out) hauing to our great horror and amazement, lately caused [us to be] eye-witnesses, of the sad destruction and ouerthrow of our n [neighbors of] the Towne of Yorke, by the common enemies (partly occasioned [by want of] Security the common fore runner of desolation) account our selues to [haue been] thereby sufficiently warned and therefore also obliged in point of discretion to arme ourselues accordingly. Especially being deeply sensible how we lye exposed as (marks or Butts for our Enemies) round about both from Sea & land to shoot their meleuolent arrows against as also if there should be an Attacke either by the Indians or French how incapable we are (our men being almost all att Sea euery day & somtimes a whole weeke together) to make any resistance against them, but must of necessity without a Speedy releife & assistance be forced to quitt and totally forsake the place which will not only be destructiue to us, but a great disadvantage, (as we conceiue) to the publick Interest, inasmuch as the Islands will be left as Receptacles and lurking places for our enemies. And therefore hope that thô we are but small branches

sprung into this remote part upon the sea yet we shall not want your countenance and kindness as y<sup>e</sup> matter may require.

And to that end we beseech and intreat your honours that we may not be left to the fauour of our enemies (whose mercies are cruelty) nor to that confusion of Gouvernement under which these Islands haue so long groaned, but you will please to send us a man of strict & good conduct with a comission for a captaine that may joyne with the heads of this place to bare Rule and keep ordour amongst us for want whereof we are so much debilitated by the desolating distemper Diuision. as also with the said Captaine & under his command we desire Fourty sufficient souldiers fitt for Seruice, whose charge both for meat drinke and wages we will att our own cost freely disburst and discharge, according to Souldiers allowance: please also to send with y<sup>e</sup> captaine such ordours & liberties as your honours shall think most proper and condecing to the generall wellfare of his majesties subjects in this place.

That the great God of heauen will please to blesse your honours with assistance to uanquish & ouercome our insulting Enemies & be y<sup>e</sup> Instrum<sup>ts</sup> of peace & settlement amongst us, is & shall be the hearty prayers of your most humble s<sup>r</sup>vants and petitioners, in y<sup>e</sup> name & att y<sup>e</sup> desire of y<sup>e</sup> rest &c.

To the Hon<sup>rd</sup> Governour & Councill

These informe your Honors of my welfare w<sup>t</sup> my Companies although our neighbours haue been exposed to great outrages of the heathen: w<sup>e</sup> news in part we trust you haue already heard: The 25 of this instant I haueing information that York was destroyed made the greatest hast that I could w<sup>t</sup> my Company for their releife if there ware any left w<sup>e</sup> I did hardly expect: when we came we found Cap<sup>t</sup> Alcocks & Leiv<sup>t</sup> Prebles Garisons both standing the greatest part of the whole town was burnd & robd & the Heathen had Killd & Caried Captive 140=48 of which are killd & 3 or 4 wounded & the rest Caried away: M<sup>r</sup> Duñ that man of God who hath stood in the gap to defend us by his prayers is barbarously murdered stript naked Cut & mangled by these sons of Beliall, his wife & family Caried Captive so that there is not only a famine of bread among them by reason of the indians Carriing away so much of their provision but also a famine of hearing the word of God: Their Case is dolefull & miserable & calls for great compassion: If the place so much of it as is left be kept it must be by a speedy supply of men & provision I haue Caused all the inhabitants to be in three garisons 2 at Yorke & the other at Scotland I haue left 12 men there; w<sup>e</sup> is more then they can provide for one week: for there is a hundred souls in Cap<sup>t</sup> Alcock<sup>s</sup> house that haue their whole dependance upon him for bread & likewise at Leiv<sup>t</sup> Prebles for the houses are all burnd & resled except half a duzen or therabout they haue carried away 2 o 3 C<sup>u</sup> of powd<sup>r</sup> by information & haue Caried away all the Leads from the windows as well as puter & other lead for their supply of shot: A captive boy that run away from them that night giues information that there was about a hundred of Indians & no french, there is about seventeen or eighteen houses burned: It is

thought they will be at Amaros Coggin speedily & if men could be sent away they might happily giue them a great blow but they must haue rackets for the snow is very deep.

I haue sent you here inclosed Theodore Adkinsons Letter & there treaty w<sup>t</sup> the flag of truce.

The Country store of provision is spent w<sup>t</sup> us at Strabary bank we haue livd on the inhabitants a fortnight or 3 weeks some of whome haue not sufficient for their wives & children & many of my men are destitute of shoos & almost naked for want of clothing.

I would intreat a speedy supply or I must be necessitated to send them home.

ffarther I would intreat the favor of your Hon<sup>rs</sup> that I may haue Liberty to come down to settle mine affaires at home I came away in such hast I could not leaue things as I would haue done & also to Confer w<sup>t</sup> your Hon<sup>r</sup> what may be most advantagious for the Estern parts: Not else but your prayers for Me & mine

God is still manifesting his displeasure against this Land, he who formerly hath set to his hand to help us, doth euen write bitter things against us. y<sup>e</sup> course of God's most sweet & rich promises, & gracious prouidences may justly be interrupted by y<sup>e</sup> sins of his People. “ *Instructions for Cap<sup>ne</sup> Alden and Cap<sup>ne</sup> Convers,*  
*ffeb<sup>ry</sup> 5<sup>o</sup>, 1691.*”

Gent<sup>l</sup>/

You being appointed to Negotiate the Affayre with the Indians for the Redemption of our Captives, the well management whereof is of great concern<sup>t</sup>. And thô much must be refer'd unto yo<sup>r</sup> prudent care and good Conduct, yet in general the following Instructions are Recommended unto yo<sup>r</sup> observance.

First It will be necessary that you Represent unto them their baseness, treachery and barbarities practised in carrying on of this warr, and y<sup>t</sup> contrary to the methods of Christian or Civilized Nations, haveing alwaies declined a fair pitch't battle acting like bears and wolves. And urge upon them their falsehood and breach of promiss made in their former Capitulations.

Let them also understand the Regard which their Ma<sup>ties</sup> of England &c. our Sovereigns have for their Territory and good Subjects here, and their high Resentm<sup>t</sup> of y<sup>e</sup> Spoyles and mischiefes that have been perpetrated upon them by y<sup>e</sup> Indians, and their Instigators and Supporters y<sup>e</sup> ffrench, and that they may Expect their Ma<sup>ties</sup> will sharply revenge

it upon them, And notwithstanding the advantages they have had upon the English partly occasioned thro' their own Security and want of Subjection to order by reason of our unsettlement, yet now our King is sending a Governour over this Country of N. England with men and Ships of warr, two great Ships being already arrived with stores and Supplies, and they may expect a more vigorous prosecution to be made of y<sup>e</sup> warr, and what the Issue thereof may be on their side may be worthy of their consideration, It being probable that y<sup>e</sup> french will be incapacitated to afford them Succours most of y<sup>e</sup> Princes in Europe being joyned in a confederacy against france.

Endeavour to gain a certain knowledge of y<sup>e</sup> number and names of y<sup>e</sup> Captives which shall be with them at or near y<sup>e</sup> place of Treaty, And if you find any wanting especially of those lately carried from Yorke, Examin that matter strictly and urge it upon them that they have offered foule play unto them and be not gulled by them in their reserve of persons of the best account.

Insinuate unto them that we doubt not by the blessing of God to oblige them to deliver our Captives without making Terms for them; But the severity<sup>s</sup> of the weather are such at this time that the fears of their being exposed by cold and hunger (consisting mostly of women and Children) induceth us out of meer pity and compassion unto them to treat in this way for their Redemption, not that we intend the practice thereof for the future.

You are to Insist upon the delivery of all the Captives both formerly and lately fallen into their hands especially all those lately carried from Yorke, and do not easily depart from that demand, urging upon them their promiss that they should all be there to be ransomed; But if finally you cannot obtain the whole, then agree for all that shall be at the place on the Easiest Terms you can, And oblige them by writing under their hands with further Security of hostages,

or else to return all the Rest at an appointed time and place for a certain Sum.

*Contribution recommended for the redemption of people in the hands of barbarous and merciless Enemies.*

By the Governour and Council  
of their Mat<sup>ties</sup> Colony of the  
Massachusetts Bay./.

It haveing pleased the holy and Righteous God in his Sovereign pleasure at several times to suffer many of their Mat<sup>ties</sup> Liege People to fall into the hands of barbarous and merciless Enemies, and to be led away captive by them out of their own Land, whose miseries and Sufferings bespeake pity and Succour. It's therefore Recommended unto the several Ministers throughout this Colony in their respective congregations to Excite their people to put on bowells of Compassion and Christian Charity towards their Bretheren and neighbours who are in such distress in the Enemies hands, and to contribute towards their Redemption; what shall be so collected, to be paid in to Samuel Sewall Esq<sup>r</sup> and Captain Jeremiah Duñer by them to be employed for the Ends afores<sup>d</sup>

Hono<sup>ble</sup> S<sup>r</sup>

I was glad by the Receipt of yo<sup>rs</sup> of the 20<sup>th</sup> Instant to understand you were safely arrived, And am heartily greived to hear of the Mischief

happning at New Yorke just before. Not doubting but such Measures have been since taken by yo<sup>r</sup> prudent Conduct, as have ere this disposed the Affaires of that City in a perfect Settlement.

Rendring you thanks for the kind expression of your Intentions to maintaine a good Understanding at all times, and joint defence in the present War with the ffrench, to which shall willingly contribute my utmost. I have nothing at present worthy yo<sup>r</sup> Remarke: It having pleased God for severall months now past to give us quiet from the Annoyance of the Enemy both ffrench and Indians; the Indians some time since sollicitated a Peace and seem still desirous of the same, a Truce was agreed upon until the first of May next and possibly there may be a Consent to enlarge the time thereof, but they are so perfidious a People, and have so basely began a Warr, and barbarously murdered the English, that it will be hard for them to offer such Terms of peace as may be just and hono<sup>ble</sup> to accept of, besides [there is no] Confidence to be reposed in their promises that it is necessary notwithstanding to make suitable provision for our defence ag<sup>t</sup> their assaults, and likewise ag<sup>t</sup> any Invasion by the ffrench; which I shall strenuously Intend.

I shall take care to Answer yo<sup>r</sup> desire in the stay of the Ships bound for London, during the time proposed, And as any thing shall Occur for their Maj<sup>ties</sup> service shall give advice thereof.

The Humble petition of John Hammond

Sheweth That yo<sup>r</sup> Petition<sup>r</sup> being in Commission as Cornet of the Troop under the Command of Cap<sup>t</sup>: Tho. Prentice, hath need of & (if he be not mistaken) is allowed by the Custom & Law of Arms, a man to attend him on all occasions when Called forth to Service, in the discharge of his said Commission. For w<sup>ch</sup> cause yo<sup>r</sup> Petition<sup>r</sup> did for som months past, present his Sonn John Hammond to Cap<sup>t</sup> Prentice, to serve under him in that Capacity in this Troop, who readily accepted & Listed him accordingly, yo<sup>r</sup> Petition<sup>r</sup> having, not without considerable charge, Compleatly fitted him a good Horse & all Arms meet & proper for that Service. Notwithstanding w<sup>ch</sup> the Militia of Watertown have lately Impressed yo<sup>r</sup> Petition<sup>rs</sup> said Son, to Serve as a foot Souldier in the Expedition against the Enemy to the Eastward, to the great damage of yo<sup>r</sup> Petition<sup>r</sup> & his Son, who is of a tender & weakly Constitution, unaccustomed to travail much on foot, & very unable to undergo the difficulties & Hardships attending foot service in those remote parts, wheras he is in Some measure well acquainted w<sup>th</sup> the management of a Horse, in w<sup>ch</sup> Service both yo<sup>r</sup> Petition<sup>r</sup> & his Son shalbe alwayes ready to serve their Maj<sup>ties</sup> in the defence of this their Country to the uttermost of their power. Yo<sup>r</sup> Petition<sup>r</sup> having alwayes carefully maintained a Horse or Horses free from the Cholar, in good heart & spirits for that end. And having applyed himself to the

Militia of the Town for Redress in this matter, but to no Effect.

Yo<sup>r</sup> Petition<sup>r</sup> doth therefore humbly pray that the premises may be duly Considered, & that yo<sup>r</sup> Hono<sup>rs</sup> will please to order his said Son may be continued in, & not unreasonably taken off from that service he is engaged in unto that w<sup>ch</sup> he is in no wise fit for.

And yo<sup>r</sup> Petition<sup>r</sup> Shall ever pray &c.

Wee have had diuers discouerys of the Enimy in sundry places about this day seuenight at Wells the Watch at Jos Storers Garison thought they Saw two Indians, fired upon them, in the morning no track was found, but the next day its said three ware seen upon the Hills at a distance. also at york bridge a footing was discovered in the path Supposed to be an Indian footing, on ffryday morning the Scouts going from Oyster River towards Nechewanick, in an ould mast path y<sup>t</sup> leads to Cochecha, they found a track of three men in Indian Shoos, being torne left the print of their toes, they followed the track in said path about two mile, then turned into a foott path and followed s<sup>d</sup> track within halfe shott of Cap<sup>t</sup> Gerishes mill by Belamians bank, could not perseave y<sup>e</sup> track any

further, the same day about three miles above the place wher the track was first discovered, was found, the tops of y<sup>e</sup> Bushes broke in a Ring, & the like bushes broke in a line tending Westward, w<sup>ch</sup> is to Signifie they are gon Westward. on the Sabath day at York, the Ward saw three men at a distance while the people were at meeting in y<sup>e</sup> Afternoone, In y<sup>e</sup> fore part of that night, the watch heard a gun, (& its s<sup>d</sup> See y<sup>e</sup> flash) and towards morning at an other Garrison heard a whiseling two or three times. on Monday a Cano was found at Cochecha River w<sup>th</sup> bever guts in it, & a track of three men, a perdue is ordred to waite coming back. This Morning about two a clock came in a post Letter from Wells with a Short & Imperfect acco<sup>tt</sup> of ffouer Indians came in to Jos Storers Garrison, desior a trade, say nothing of peace, in the mean while Nine Indians ware seen to take the path y<sup>t</sup> leads to Nechewanick, their Scouts were out in that path, they ware sending men to meet the Scout; y<sup>e</sup> Indians say they have two Captives not farr off, they intend to keep y<sup>e</sup> Indians in a treaty until I can send to them, the aboue is y<sup>e</sup> Exspressions in their Lett<sup>s</sup>: the messenger to me came but from York Saith the Indians are Surly, tolde them at Wells there was no more Indians neare, being towld nine ware Seene, answered may be English man ly. I dispatched the mesenger befo<sup>r</sup> day with a Letter & best advise I am capable of; also sent Lev<sup>t</sup> Rodgers to treat them (if not gon) & bring a fuller acco<sup>tt</sup> who & whence they are &c w<sup>ch</sup> I Exspect this night, I hope those gon from Wells wil Endeavor to take y<sup>e</sup> Nine I have given Infor-

Wee have no bread only a little save for a sudden Expidition & all the Corne we have wil not last aboue ten or twelue days, & now the Souldiers live upon the Store we finde it difficult to get it into bread, I Exspect that from Haverel as soone as a vessel can be gott to bring it & more must be Spedily sent, York hath none at all. please to lay yo<sup>r</sup> Coñmands on me w<sup>ch</sup> I shall redily attend to y<sup>e</sup> utmost of my ability, who am — Gen<sup>t</sup> yo<sup>r</sup> Servant

If yo<sup>r</sup> Hon<sup>rs</sup> Expect Souldiers to Stay in these parts provision must be Sent for its not to be had here, the use of Souldiers here is only for defence & preservation of the Towns, and by the best Information y<sup>t</sup> I can get there is no way to do any Spoyle to the Enemy (they being light of foott, no abiding place & not to be found) Except at their ffish- ing, or planting places, & that by Maintaining a garison at Pegipscott or about Kenibeck, with a Sufficiant force of Stout able men (& not such Children as usially are sent for Souldiers) to Range the woods in a body from one planting place to another to distroy their foode & give them no Rest,

Hon<sup>ble</sup> Sr

We have been made sensible of the Obligations you have laid upon this people in the advantageous circumstances attending their Settlement by their Maj<sup>ties</sup> Royal Charter. And th<sup>o</sup> our present poverty by reason of the great losses and vast Charge drawn upon us by the War, incapacitates us to render you any Compensation, yet We crave yo<sup>r</sup> acceptance of a Testimony of our gratitude and thankful acknowledgm<sup>t</sup> of yo<sup>r</sup> kindness, which We have directed m<sup>r</sup> John Ive Merch<sup>t</sup> in our name to present you withal, and shall further Testify our Obligation to you upon all occasions, in whatever shall fall within our Sphere~

We are also bold to pray the continuance of your Favour knowing that as well yo<sup>r</sup> Interest; as

Hon<sup>ble</sup> Station do's greatly advantage you, to further the good of this people. & are perswaded your Generosity is such to incline you to be Kind unto them, who need & rely upon yo<sup>r</sup> Goodness for the same.

S<sup>r</sup> You will have transmitted unto you by this Conveyance the Acts and Laws made and passed by the General Assembly for the well Ordering and Governing of their Maj<sup>ties</sup> Province being adapted to the same and so far agreeable to the Laws & Statutes of England as the circumstances of y<sup>e</sup> place & people may well admit of, which necessarily require some diversity in many things We shall gratefully acknowledge your kindness in y<sup>e</sup> promoting of their Maj<sup>ties</sup> Royal Approbation and Confirmation of the same and that none of them be rejected thro' default of being well rendred in any Clause or Expressions thereof But that We may be notified of the Exceptions thereat, in order to their Amendment

We have likewise forwarded our Address to be presented unto their Maj<sup>ties</sup> therein humbly representing and laying before them the low State and Condition of this their Province thro' the difficulties and distresses of the War. and the discouragements their good Subjects here labour of, having no prospect of an issue of their troubles, whilst the French continue their Settlements at Canada, humbly supplicating their Maj<sup>ties</sup> Princely Consideration thereof, As also of the great Charge and Expence for the Erecting a Fort, and supporting a Garrison at Pemaquid, which if it should lye upon this people, they must inevitably sink under it. We are

assured, the Success of our Address, do's not a little depend on your Favour to further the same which We pray and hope will not be wanting~

The Minutes of the Council and other writings will give you an Accompt of the Trouble and Disturbance occasioned at a place called Little Compton, within this their Maj<sup>ties</sup> Province, lying next to Rhode Island, thro' the instigation of the Islanders, and under the Influence of their Authority, absurdly pretending to inroach upon their Maj<sup>ties</sup> Rights & Governm<sup>t</sup> there, not contenting them selves to withhold their own Assistance from prosecuting the War against the common Enemy. But labouring also to withdraw others from their duty and obedience, being exempted from the smart of the War on their own backs, by reason of their Scituation, & unaffected with y<sup>e</sup> calamities and distresses of their Neighbours & Fellow Subjects whilst their own private Interest is thereby greatly advantaged in the Increase of their Trade and Enhancing the price of their Provisions, of which they raise considerable. But that disturbance is now over, Some of y<sup>e</sup> principal Actors therein being taken up and under Bonds to answer the same, tho' one of the chief Criminals, To wit, Christopher Almy is escaped, and it's said intends to visit Whitehall. Your Honour will be presented with some Depositions of his Seditious words and ill behaviour which may give him a Reco'mendation to his deserts~

If any thing be offered by way of Complaint against the Admin<sup>cons</sup> of the Governm<sup>t</sup> here in which some restless Spirits may not be wanting,

We pray to be notified thereof, that so We may make our defence, and have requested Sr Henry Ashurst and m<sup>r</sup> Constantine Phips to present our Address, and to wait upon their Maj<sup>ties</sup> in our Affaires, as there may be occasion. The distresses of the War and Taxes necessarily required for defreying the Charges thereof has rendred our circumstances more difficult, thô his Ex<sup>cy</sup> has meditated to manage y<sup>e</sup> Governm<sup>t</sup> with what possible Ease may be.

We have had some considerable Respit from the Attacks of the Enemy, but are in daily Expectation, of fresh assaults. The frontiers are constantly upon their Guard, and Charges thereby growing. The newes of the happy progress and Success of their Maj<sup>ties</sup> Arms in Europe would animate their Subjects here & damp the spirits of our Enemies, the which we daily pray for-wishing all health and happiness to your Honour.

Much Honored & Worthy  
Gentlemen

By the prouidence of the almighty god after being aboard w<sup>th</sup> my men two nights in an open Sloupe & one night ashore at Marvelhead, Tewsdays y<sup>e</sup> 23<sup>th</sup> february in y<sup>e</sup> morning we weyed ancor and arived at the Isles of Shoales that night, whear we mett with kind reception from most of the subscribers of y<sup>e</sup> petition sent yo<sup>r</sup> Hono<sup>rs</sup> In Obedience to yo<sup>r</sup> Orders I could not Omitt giving anaccount & advise what might or may oecur for their Maj<sup>ts</sup> Service and the well ordering & ruleing y<sup>e</sup> people hear. the fishermen of home sum of them hath no families hear but upon their uoyagees according to contract with their owners, they com from the maine to auoyd all publique Service & support y<sup>e</sup> p<sup>r</sup>sent charg y<sup>t</sup> the warr calls for, as I doe Judg. others y<sup>t</sup> haue

familys hear they doe thear utmost to accomo-  
 date men and ar willing to beare thear charge  
 proportionable to thear abillytys though they  
 plead much pouerty, so y<sup>t</sup> at present I have not  
 seteled quartors at y<sup>e</sup> Islanders charge but thirty  
 one men & my self, the pore y<sup>t</sup> is wiling to  
 comply is not able and the Rich (vizt) m<sup>r</sup> ffranc-  
 cies Wanewright Seno<sup>r</sup> & Andrew Dimond y<sup>t</sup>  
 lins at Ipswitch & m<sup>r</sup> Natha<sup>l</sup> Baker of Boston  
 will not giue any assistance, though they have  
 Esstates boates & seruants heare but hath  
 given Order to them not to quarto<sup>r</sup> any, so I am  
 forced to becom secueryty for dyet whear I can  
 get it for y<sup>e</sup> men that hath no seteled quarto<sup>rs</sup> In  
 which matter I hope yo<sup>r</sup> hono<sup>rs</sup> will giue speedy

 to force quartors or remand so many of them  
 back to their masters y<sup>t</sup> wear not hiered men  
 but prest for y<sup>m</sup>selfes and cam vollenteares in  
 this service; I have writt to m<sup>r</sup> Wanewright &  
 m<sup>r</sup> Dimond a coppey of which I haue Inclosed  
 sent yo<sup>r</sup> Hono<sup>rs</sup> but as yit I haue no answer.  
 when all the boates was at home, last Tewsd-  
 ay by the Constables I gaue sumons for all y<sup>e</sup> men  
 belonging to the Islands to appeare at Starr  
 Island, whear the Constables vpon thear re-  
 turnes of thear warrants, gaue y<sup>e</sup> names of one  
 hundred and six men at w<sup>ch</sup> time I Red y<sup>e</sup> laws  
 millitary unto them, which directs how they  
 should be furnished w<sup>th</sup> armes, they did then  
 pretend they most of them haue them, but as  
 yet I haue not seen them, nor shall vntill sum  
 wether y<sup>t</sup> confines y<sup>e</sup> boates at home giue an  
 oppertunity, their being of y<sup>e</sup> aboue number  
 constantly in good wether about ninety of them.

I hope yo<sup>r</sup> hono<sup>rs</sup> will be speedy in hearing my complaints and answering them to my releif. I assureing they shall not be without nessesity, but all things to my best vnderstanding & y<sup>e</sup> exstent of the power given me (by the helpe of y<sup>e</sup> lord almighty) be performed I hope to yo<sup>r</sup> Hono<sup>rs</sup> satisfaction & quite w<sup>th</sup>out my complaints. though my burden at present is great haueing but two Sargan<sup>ts</sup> and three Corporalls as yit to helpe me in the affaires of the company the blank Commision being yit in my custody hear being none capable to officiate, and y<sup>e</sup> peoples complant of the charge, and my unwillingnes to augment it, if I can possable performe yo<sup>r</sup> Hono<sup>rs</sup> Service y<sup>t</sup> I am Intrusted in without doeing it. and to the helpe of the conseruation of y<sup>e</sup> peace and well ordering and ruleing the people and place I finde none hath power at p<sup>r</sup>sent but M<sup>r</sup> John ffabins for Star Island theirfor if yo<sup>r</sup> Hono<sup>rs</sup> see meet to giue the like power to M<sup>r</sup> Roger Kelley for Smutty nose Island and Hogg Island, it countinace authority heare, there being no other p<sup>r</sup>son liueing vpon those Islands y<sup>t</sup> I doe Judge capable to serue but he, heare ar two Constables one vpon Star Island and one for smuty nose & hogg Islands, I find no other order amongst y<sup>m</sup> whearby they ar capable by law to make raites therefore if yo<sup>r</sup> hono<sup>rs</sup> think convenient to appoynt & order the principell persons of y<sup>e</sup> Islands or so may<sup>e</sup> of them as yo<sup>u</sup> think fit of, to Joyne with those y<sup>t</sup> ar or may be put now by yo<sup>n</sup> into Commission to make raites for the defraying the charge of the Islands for paying the Souljors or doeing any thing y<sup>t</sup> may be of farther vse to

their defence and saifty against any of their Enymis. yo<sup>r</sup> hono<sup>rs</sup> orders therin will I uerly beleue add uery much to the right ordering of those y<sup>t</sup> ar obstinate and the continuance of the morose fishermen in good Order in whom I find a great alterration since I came amongst them, if the people be not now setelled and the place left in sum way of capable defending y<sup>m</sup>selves, many after this voyage will go of to y<sup>e</sup> majne and the place left to be a resepectacle of our Enymis the place being uery capable to be defended w<sup>th</sup> a few men against a great many y<sup>t</sup> may com aganst them. the Islands being naturally well fortyfyed, heare ar two great guns at Star Island in a small foort but they haue nether powder bullet nor match nor a platforme or carrage fitt to trauis them on, & their is a very good conueniency vpon Mallago Island wher at p<sup>r</sup>sent there is no Inhabitants to have a platforme w<sup>th</sup> a brest work whear six guns & sutable amonition, it commanding Euery Enterance y<sup>t</sup> coms amongst whear thear is landing Excepting y<sup>e</sup> north side of hoggs Island, w<sup>ch</sup> might be otherwise with a few men defended.

If m<sup>r</sup> Wanewright m<sup>r</sup> Dimond or Nathanell Baker be in Boston I humbly request yo<sup>r</sup> hono<sup>rs</sup> to send for them to giue their reasons why they doe discorge y<sup>e</sup> worke yo<sup>n</sup> haue sent me about and others y<sup>t</sup> ar wiling to doe to the utmost of abillyty (nay beyond it) for the defence of the place. I doubt not but if sent for they will comply and not be Ill Exampells (to those y<sup>t</sup> are hear) any longer who will as charge Inereses be of m<sup>r</sup> Wanewright & the rests minde if not timely by yo<sup>r</sup> hono<sup>rs</sup> preuented :

This day major Hutchinson w<sup>th</sup> Major Vaghan and

*Address of some of the Inhabitants of the Isles of Sholes to  
 the Governour and Council.*

To

The honourable Governour and Counsell of the Massachu-  
 sets Collony sitting in Boston

The humble address of some of y<sup>e</sup> Inhabitants of Isles of  
 Sholes

Honourable Gentlemen

What we designe to trouble you with at this time, we  
 shall (under the dignation of your hon<sup>rs</sup> leaue) wrap up  
 under a testimony, complaint and further request; our tes-  
 timony respects a gratefull humble & hearty acknowledge-  
 ment of your abundant fauour which you haue indulg'd us  
 withal, inasmuch as you haue been pleased to grant an

answer to our Petition which in our great Surprise and fear we made unto you: forasmuch also as you haue not only sent us the complement of men which we desired for our defence, but also a commander & commissioner, in all regards beyond our Expectation and reciprocall with our hopes, being most suitable for us under our present circumstances, nor could your hon<sup>rs</sup> (as we humbly imagine) haue sent a person more zealous for y<sup>e</sup> honour of god, promoting of his worship, & furthering of the generall wellfare & prosperity of their majesties subjects in this place, both in ciuill & Ecclesiasticall affaires; then he whom you haue priuilegd us withall. We haue therefore to complain not of the ruler but of those who like Bullocks unaccustomed to the yoke are exceeding loath to be ruled they being many of them persons, who came here for an employ, only because they would be ungouerned & free from all manner of publick charge; & such as thô heretofore we thought would be willing to comply with what might be for the preservation and good of this place: yet now we finde altogether unperswadable to any thing y<sup>t</sup> is rationally, either for quartering the Souldiers or helping to defray the charge of their wages. moreouer seuerall of the owners who haue y<sup>e</sup> most particular interest here in respect of boats & stages, & haue alwayes carryed away the greatest profit of this place, whereby they haue gotten the greatest part of their estates, euen *Those*, are resolved that they will still get what they can, but will contribute nothing for the maintaining of our publick charge in order to the preservation of these Islands, as by their orders to their seruants they haue signified unto us.~ Vpon all which accounts we must (to our unspeakable grieffe) acquaint you, that notwithstanding the great obligation conferred upon us by your hon<sup>rs</sup>, in affording us your Kinde assistance according to our own request, yet our remedy for the abouenamed reasons, will without

your further Kindness, proue as bad, if not worse then the disease unto us.

Wherefore our request follows, with which we shall conclude this our address intreatig you will please to give some speedy order wherby those, who, thô their persons are absent, yet haue considerable estates & trade here, may pay their æquall proportion with other proprietors, as also that power may be giuen to oblige those that are Thirdsmen & other inhabitants in the owners Employ, to allow what may be thought rationally to the charge, which will a little alleuiate, tho not so much as we must of necessity desire, for furthermore we must in all humble manner assure your hon<sup>rs</sup> that the burden under which we already groan contrary to our expectation (for we writt our Petition to you in Surprised great hast, by reason of y<sup>e</sup> dreadfull apparition &c & so had not time to consider of it as we should) the burden we say is so uery exceeding great for us, that we cannot possibly of our Selues be able to bare it one month together, and tho we the subscribers & seuerall others are freely willing to disbust and pay towards the charge according to our utmost capacity & ability, yet unless your hon<sup>rs</sup> for the preservation of this part of their majesties subjects & dominions (which in many respects 'tis a great pitty should be lost) will please to assist speedily in mittigating our charge & placing the greatest part of it to the publick account of the country in generall, as some haue already in particular; and therefore unless you will please to doe as abouesaid &c. we must intreat an immediate order from you to draw of all the souldiers att their monthes end.

Thus we thought it our duty to returne gratitude for what fauour you haue already manifested to us, and to spread our complaint and further request to you; if your hon<sup>rs</sup> will please to take speciall notice and cognizance of the one and grant the other; you will thereby accumulate further obligations upon those who pray that all your En-

terprises may be crowned with diuine and happy success.  
and Remain your thankfull earnest petitioners & humble  
Servants.~

S<sup>r</sup>

Yo<sup>rs</sup> of y<sup>e</sup> 11<sup>th</sup> curr<sup>t</sup> is lying before the Gov<sup>r</sup> and council, who are glad of y<sup>e</sup> Safe arrival of yo<sup>r</sup> Selfe and Company, Expecting you would have met with a more kind reception than yo<sup>u</sup> intimate from some who have no small Interest and concerns upon the place; you have with you a Copy of the Pet<sup>con</sup> Signed by the principal persons in the Name of themselues and with the general consent of the dwellers there that a Cap<sup>ne</sup> with a Comp<sup>a</sup> of 40 Souldier might be sent unto their aid and defence, and that good Order might be maintained among them, promising to be at y<sup>e</sup> whole charge thereof themselves; which is not irrational to Expect, considering they have hitherto contributed nothing towards the general defence which has been very expensive and whereof they have received benefit, haveing also been providentially exempted

from those common calamity<sup>s</sup> which have befallen others of their neighbour<sup>s</sup> and fellow Subjects.

this charge upon a just computation will not exceed their proportion of what has been necessarily expended for the common Safety. You may peruse the inclosed directed unto the Shoalers and Seal up and deliver the same; And take the first opportunity to advise what Effect it hath upon the people, and whither they will answer their Engagem<sup>t</sup> of bearing yo<sup>r</sup> and Company<sup>s</sup> whole charges; which you are to take care be effectually Secured And if you find by them that they apprehend the charge will be too heavy, and it be thought that fewer men may Serve the Occasion you may discharge some of those you mention that are not of y<sup>e</sup> hired men but were impres<sup>t</sup> for themselves or went volunteers, Seeing that they be duely paid for their time according to y<sup>e</sup> accustomed allowance before they come away or secured the same; And finally if they will not performe their own Engagement to maintain you there you must be Satisfied by them for the time you have already Served and draw off, and leave them to stand upon their own defence Whilst you remain Endeavour that the place be put into the best posture for defence it's capable of, and let yo<sup>r</sup> Souldiers be kept upon duty, not doubting of yo<sup>r</sup> prudent Conduct of this whole Affayre; In which heavens blessing attend you.

*Letter from the Governor & Council to the Inhabitants of the Isles of Scholes.*

19<sup>o</sup> March 169½

Gent<sup>n</sup>

It was not a little surprising to understand by a Letter from Cap<sup>ne</sup> Willey that he meets with any difficulty with you for the Entertainment of himselfe and Souldiers, when upon yo<sup>r</sup> own application, earnest desire and free Engagement to maintain them, they were not without trouble and charge raysed and sent unto your aid and succour, at a time when you seemed to be under a deep sense and apprehension of danger; And however that sense may be now in some sort worn off: yet it's rationally thought that Alike (if not greater) danger dos still continue; Nor is it without just fear's least this Country be invaded this Spring or in y<sup>e</sup> Sum̄er advanceing with a flōreign flōrce by Sea; yo<sup>r</sup> Selves lying more open to such Invasion than some others, and what a reproch would it be that their Ma<sup>ties</sup> Subjects and Interests should be exposed, and not onely all their Estates but their lives too be lost, thrō a base covetuous humor in withholding of what is necessary for their own just defence.

Your Selves hitherto have shared but little in y<sup>e</sup> coñon calamity with others of yo<sup>r</sup> neighbours and fellow subjects; nor have you contributed towards the charge of War, the Support of the Souldiers now with you for yo<sup>r</sup> Enforcment and defence. will not surmount yo<sup>r</sup> proportion of the publick charge upon a just Acco<sup>tt</sup> to be made thereof; Neither has any thing in that kind been imposed upon you, it was yo<sup>r</sup> own voluntary offer to provide them with all necessary<sup>s</sup> and to pay them their wages; which is accordingly expected from you, And that you take effectual care by such proper methods as you shall thinke most advisable to see the same faithfully performed: It was not any private advantage or our mens want of employment at home that

induced the sending of them abroad, their own particular Occasions in y<sup>e</sup> mean while Suffering; but their Ma<sup>ties</sup> Service is to be prefer'd; and should the unwillingness & refractoriness of any among you to contribute to their Support, oblige y<sup>e</sup> calling of them home, it may occasion no small Sorrowfull Reflections, when yo<sup>r</sup> Selves and Estates become a prey to the Enemy, that you rejected the Assistance readily offered you upon yo<sup>r</sup> desire.

And Order is now sent unto Cap<sup>ne</sup> Willey that unless he be forthw<sup>th</sup> sufficiently Secured his own and Company<sup>s</sup> wages, and comfortably provided of Quarters, that he accordingly draw off, receiving first Satisfaction for the time they have already been on y<sup>t</sup> service.

Robert Mitchell comander of the Barque Mary sayth that one the 25 day of June his owner cam home from Bostone and by his order he went the next day to the great Island to M<sup>r</sup> Hincks & demanded the sayd Barque whos answeare was that he should not cary her away, though for his part he was not at home when shee came into the riuer but had he been there he would have done the like & is resolued if M<sup>r</sup> peperill haue any uessell com into the harbor he would doe the like as haue been done by this. the same day the depon<sup>t</sup> went volentarily without M<sup>r</sup> peperills order; because he would free himself from further trouble and p<sup>d</sup> M<sup>r</sup> Estwick 45<sup>s</sup> for powder money & soe obtayned from him a permitt to unloade and accordingly went ouer the next day, because M<sup>r</sup> Hincks refused to lett the barque to be brought ouer on Kittery side for to unloade; but if he did pay all charges he might haue a pmitt to goe to Boston, but should not goe ouer to Kittery side, on which y<sup>e</sup> depon<sup>t</sup> peured boats to unloade the salt at great Island so as to bringe it ouer to Kittery but haueing in part loaded one of them with salt, there cam abourd Cap<sup>t</sup> Walten & declared that he should not cary away from the side any salt before he had payd all other charges that is for the wayghters which was three pounds fourteen shillings, which: I did pay & after that had liberty giuen me to unloade there and did accordingly after a great deal of charge gett ouer all the salt left & un-wasted in scuerall boats/

To his Excellency S<sup>r</sup> W<sup>m</sup> Phips Kn<sup>t</sup> Cap<sup>t</sup> Gener<sup>l</sup>, & Govern<sup>r</sup> in Chief of their Ma<sup>ties</sup> Province of the Massachusetts Bay in New England and the Hon<sup>ble</sup> the Council for y<sup>e</sup> same Together with the Representatives of the s<sup>d</sup> Province convened in one Great & Generall Court or Assembly now sitting at y<sup>e</sup> Town House in Boston in y<sup>e</sup> Province aforesaid.

The Humble Peticōn of William Peprel of Kittery in y<sup>e</sup> Province afores<sup>d</sup> Marin<sup>r</sup> Unto this Great & Hon<sup>ble</sup> Court in most humble wise Sheweth & Complaineth

That upon the Sixth day of May last past Yo<sup>r</sup> Peticion<sup>rs</sup> Barq<sup>s</sup> called the Mary Robert Mitchel Ma<sup>r</sup> thereof arriued (laden with Salt from Tortudas) at the Mouth of Piscataqua River intending to sayle to Kittery according to his Orders and Instructions but sayling by the Fort at Great Island in the Province of New Hampshire althō her Top-sayles were Lowred a Great Gun was fired from the said Fort with a Cross her forefoot whereupon she bore up and comming neer y<sup>e</sup> fort those in the Fort commanded her to come to an Anchor threatning if y<sup>ey</sup> did not luff and come to Anchor they would fire at her Whereupon being under

command were forced so to do. The master going on Shoar found John Usher Esquire & y<sup>e</sup> Deputy Collector together which s<sup>d</sup> John Usher Esq<sup>r</sup> declared to the said Mast<sup>r</sup> that it was his will and pleasure that the s<sup>d</sup> Mitchel should Enter and unlade his Barque there and pay Powder Money both for this and the last Voyage and if he did offer to budg or weigh an Anchor he would sink him as by Affidavit of the s<sup>d</sup> Master and Company taken before Cap<sup>t</sup> Francis Hooke one of their Ma<sup>ties</sup> Justices of the Peace for y<sup>e</sup> s<sup>d</sup> Province bearing date the Eighth day of May last reference thereunto being had doth and may more fully appeare And notwithstanding Application hath been made unto the s<sup>d</sup> John Usher Esq<sup>r</sup> again and againe yet the said Barq and lading is illegally and unjustly deteyned to the very great Damage of yo<sup>r</sup> Peticon<sup>r</sup> And therefore yo<sup>r</sup> Peticon<sup>r</sup> desires to spread his case before this great and hon<sup>ble</sup> Court craving Redress by reason it is not of private but Publick concerne All y<sup>e</sup> Inhabitants of this Province being therein concerned and had it not been for yo<sup>r</sup> Peticon<sup>rs</sup> hearty good Will which he doth & did always bear to the Interest and Welfare of New England, might for a very triviall matter have avoided all Damage hereby and yo<sup>r</sup> Peticon<sup>r</sup> being confirmed by His Excellency Sr William Phips or hono<sup>rd</sup> & Worthy Governour and patriot that the forcing any to Enter and unlade & pay powder Money there who were not bound into that Province that it was Illegal & unjust usurpation, wherefore yo<sup>r</sup> Peticon<sup>r</sup> lookes upon himself oblidged both in Duty and Conscience to endeavour to preserve our Rights in opposing the same according to his capacity and ability and the Governm<sup>t</sup> having made provision for the Erecting of an Naval Office on the Province of Mayn side of the River at Kittery and it was never known that ever any Governo<sup>r</sup> of the Province of New Hampshire was so arrogant as to impose or Demand the same being also contrary to Use and Custome of all other their Ma<sup>ties</sup> Colonies in America or Elsewhere And

yo<sup>r</sup> Peticōn<sup>r</sup> is encouraged from the Royall Grants of their Ma<sup>ties</sup> Royall Predecesso<sup>rs</sup> to y<sup>e</sup> Province of main which is far more antient then y<sup>e</sup> Province of New Hampshire and the full and concurrent Vote of the Jnhabitants at a Legall Towne meeting in the s<sup>d</sup> Towne of Kittery for there asserting the Rights and priviledges of y<sup>e</sup> Inhabitants of this Province y<sup>t</sup> they would assist and stand by the same and not knowing any other means of Remedy save by this Great & hono<sup>rd</sup> Court and well knowing that if this matter should pass over by Submission concession or easy compliyance it wilbe a means of giving those who claime it a confidence for the future to put in execution all their Illegal Impositions and Determina<sup>ti</sup>ōns ag<sup>t</sup> the Rights and priviledges of the Inhabitan<sup>ts</sup> of this Province in that place Therefore yo<sup>r</sup> Peticon<sup>r</sup> Earnestly implores that this Hon<sup>ble</sup> Court will take the matter into their Serious Grave and Judicious Considera<sup>ti</sup>ōn and not Suffer the Privilidges w<sup>ch</sup> by their Royall Ma<sup>tie</sup> & their Royall predecesso<sup>rs</sup> by their Royal Charters have given and Granted to and entrusted you with to be violated intruded on and rendered insignificant by such who designe not the Welfare of this their Ma<sup>ties</sup> Province and to Order remedy and redress as to your great Wisdomes shall seem meet And direct yo<sup>r</sup> Peticon<sup>r</sup> what he shall and ought to doe Yo<sup>r</sup> Peticon<sup>r</sup> looking upon you as his Polestarr to conduct him and direct him out of the Labyrinth of this Arduous Affayre Which if this Great and hono<sup>rd</sup> Court shall Vouchsafe to grant it shall alwayes maintain in yo<sup>r</sup> peticon<sup>or</sup> a thankfull Remembrance and due acknowledg<sup>mt</sup> of the same—.

*Petition of Sam<sup>l</sup> Wheelwright in behalfe of Wells and York.*

To his Excellencie the Governor, the Honourable  
Councill and Representatives in Generall Court  
Assembled

The humble request and motion of Samuel Wheelwright  
by the desire and in the behalfe of the Towns of Wells and  
York which Towns he is chosen to represent in this great  
Assembly :

This Honoured Court is we doubt not very sensible of the  
great and awfull Providences we have been & are yet labor-  
ing under whereby we have been deprived of the minist-  
ry and through our great and extraordinary losses we are  
disinabled for the support of such to preach the Gospel to  
us as we doe earnestly desire. Therefore we humbly re-  
quest that this Honoured Court would so far favor us in our  
low Estate as to encourage us with such present mainte-  
nance of a Minister in each place : as we when we have and  
shall do our utmost may be short of hoping that it will not  
be long if the Lord continue peace and prosperity but we  
shall be able as formerly to maintaine the ministry amongst  
us without any charge to the publick. Your granting our  
request will very much oblige your Petitioners who shall as  
in duty bound ever pray &c.

The Petition of Nathanael Hall Your Supplicant  
Humbly sheweth,

That, whereas Your Petitioner hath been greatly importuned by His-Excellency Sir William Phips Go<sup>r</sup> to serve in an Expedition to Pemaquid, at the time of the building of the Fort there, & withall was promised by His Excellency and Maj<sup>r</sup> Richards not less than six pounds per month which encouragement, with the duty he owed to God & his People, induced Yo<sup>r</sup> Petitioner to undertake so difficult and hard a piece of service; And yet after twenty six weeks service on his return with leave & order, He has not received more then four Pounds p month, which is something grievous to Yo<sup>r</sup> Petitioner: He doth therefore humbly pray, if any thing can be alledged, that he hath been any wayes unfaithful or negligent in said service, that he may be made sensible of it; if not, that Your Honours will be pleased so far to consider your Petitioner, as to doe for him what may be just and honourable.—

Also, when Your Petitioner had served with his own Medicines in the Cure of many sick & wounded seamen & soldiers on their Return from Canada, he made conscience to charge in his Account as reasonably as could be afforded, & the Surgeons that were appointed to audite his Accompt, found it reasonable: Yet notwithstanding, he received but twenty two pounds, whereas his Accompt amounted to twenty seven pounds odd money.

Further, Your Petitioner by an Act of a

General Court holden at Plimouth, formerly had a Pension allowed him during life, in compensation for the loss of the use of one of his Armes, which was occasioned by a dangerous wound he received at the Narraganset-flight, but has fallen short of five pounds p year of said Pension, ever since the arrival of Sir Edmond Andross ; yet has he not been backward to pay all rates and taxes imposed on him, nor would he now appear, if he could comfortably comply with what his rates and engagements are.

Therefore he doth humbly pray your Honours, that You would candidly consider the Premisses, and doe for him as Justice and Your great Wisdom shall direct.

So shall your Petitioner  
ever pray/

Your Petitioner humbly conceives that there is due to him

*Instructions Aug. 2, 1695.*

Province of  
y<sup>e</sup> Massa: Bay. By the R<sup>t</sup> Hon<sup>ble</sup> the Lieu<sup>t</sup> Gov<sup>r</sup> & Co<sup>m</sup>-  
ander in Chief.

Instructions for m<sup>r</sup> Matthew Carey.

Whereas my Selfe and Council have appointed you to undertake a Voyage to Canada in the Briganteen Tryal, Jonathan Lambert Master designed thither for the fletching off the English Prisoners, pursuant to the Permission and Passport given by Count Frontenac Governo<sup>r</sup> of Canada you are to observe the following Instructions. ~

You are not to permit the Vessell to pass higher up the River of S<sup>t</sup> Lawrence or Canada, than to Tadousac or the

River of Saguenay, but to stop at s<sup>d</sup> place, where you may expect to meet some persons on behalfe of y<sup>e</sup> Governo<sup>r</sup> to conduct you to him.

At yo<sup>r</sup> first waiting upon the Governo<sup>r</sup> present him with my Letter herewith deliu<sup>d</sup> you, which will Informe him of yo<sup>r</sup> character and the Occasion of yo<sup>r</sup> coming.

You are to Endeavo<sup>r</sup> to make him sensible of the kind treatment & good usage which y<sup>e</sup> french Prisoners have at all times received here and the liberty that has been given to them of disposing themselves at their own pleasure, and that there are none detained here as such; nor has advantage at any time been taken to put any of them to a ransome or to purchase their Liberty, but whilst they have remained here, they have had the benefit of their own Voluntary agreement.

Give him also to understand That it is not from a desire or our need of y<sup>e</sup> Comp<sup>a</sup> of any of the French Nation that any of them have resided here their own profit and advantage onely obligeing their Stay; had the English that fall into the hands of the French, the like liberty allow<sup>d</sup> them to return at pleasure, It would be as much as would be Expected

You are to insinuate the great charge the Governm<sup>t</sup> here are now at in Seting out this Vessell not onely for fetching home the English Prisoners; But for the return of theirs. And have remitted home from hence near a hundred prisoners at one time.

If you find y<sup>e</sup> Governo<sup>r</sup> has Expectation of receiving anything in way of ransome for the Prisoners, It is more than I have understood in the Cartel or Accord made betwixt the two Crowns for Exchange of Prisoners, to which Count Frontenac refers himselfe And had there been more of their Nation here as Prisoners I should have willingly released them in Exchange althô it were then for one, and I hope to find the like generosity from him.

[But if there be a preptory insisting to be reimbursed what may be pretended to have been paid to the Indians for recovering them out of their hands, and that you Cannot obtain y<sup>e</sup> Prisoners on any other Terms you must receive the Gov<sup>rs</sup> demands, and Value yo<sup>r</sup> selfe upont he Governm<sup>t</sup> here to order payment.]

NOTE. The paragraph in brackets erased in original.

The Season of the year advances apace; which forbids yo<sup>r</sup> long stay, and calls for all possible dispatch, so that you must not divert, but Endeavour as speedy a return as may be.

To the Honoured Lev<sup>t</sup> Govern<sup>r</sup> Councill and Representatives assembled Aug. 14, 1695

The humble Petition of James Emery Representative for y<sup>e</sup> Town of Kittery

Humbly beggeth this Honoured Court to take into their serious Consideration the present Deplor-

able Conditions of those Towns of their Government which do lye On y<sup>e</sup> **NE**ast Side of Piscataqua River Namely Kittery, York, and Wells who have a long time been, and still are under great Suffering by reason of the present wasting Warr; and being brought very low thereby are incapacitated for the discharge of such publique Duty that hath been Imposed upon us.

Wee are not unsensible that tis a Time wherein Taxes lye heavy On Our Brethren In other places and therefore An hard time to begg In, Also wee know that many Towns are Exposed to Danger, Yet there are no Towns in the Province that do tast so deeply of y<sup>e</sup> Cupp As Wells. York, Barwick alias Newitchawannick, who have our Hands much taken from Our Labours, by Watching, Warding, Frequent Alarms, many of Us are driven from Our Homes, Much of Our Stock is killed by y<sup>e</sup> Heathen: Many Of Our Able Men removed from Us, And Many thinking of Moveing if they knew whither to goe. Haveing many poor Widdows Among Us, And publique Charge growing On Us by Several Poor in Our Own Towns, likewise wee are often necessitated to Relieve the Souldiers, And wee daily grow more & more feeble and deplorable daily Walking and working with fear, Trembling & Jeopardy of life, Needing rather to have somthing given to Support Us, than to have any thing taken from Us// Wee humbly Crave Therefore the honoured Court wold consider Us And give us Ease by omitting to Impose any Rates upon Us till such time Providence shall Inable Us to do duty in that Matter, Also wee begg That the Honoured Court Wold Shew the Same fatherly Compassion to the Upper part of Kittery commonly called Newitchawannick as they have done to Our Neighbours of York and Wells, brought very low, and labouring under y<sup>e</sup> Same Need for to Support y<sup>e</sup> Ministry In that poor place That so they may not turn heathen but that the Poor may have the Gospel preached among them

Which will heartily Oblidge Your humble Supplicants

Hon<sup>rd</sup> S<sup>r</sup>

We have been In Expectation of more men, to make up  
a flying army, for the offending the Enemy, and Defending

our frontiers; but there are none come, & being sensible of the great benefit hereof, that the Enemy may be molested, & the little good we are capable of doing for this respect, as long as we are thus housed up In garrison, we have therefore thought meet to move your hon<sup>r</sup>: that myself & Lef<sup>t</sup>: Brackett may be Impowred to take out a Detachment of about 3 score or 4 score men out of our 2 Companies & to Scout y<sup>e</sup> woods as far as Casco Bay. we have named it to maj<sup>r</sup> Frost & others who do highly approve of the thing. we desire order for it, as also for a Pilott. we may have occasion for Provisions as we come back, it may be convenient that we have an order to Sawco for a supply if we should be in want: thus In Readiness to serue our country in such an Expedition we are willing, our King & your hon<sup>s</sup> & are

To the Hon<sup>d</sup> the Lef<sup>t</sup> Governour and Council the  
 Request of your humble Petitioners Sendeth  
 Greeting & humbly Sheweth

That whereas we have Received a warrant from m<sup>r</sup> Treasurer to assess the Ratable Inhabitants of our Respective Townes; we your petitioners as In duty we are obliged, are ready to obey them as far as we are able. but In as much as In sd warrants are Excepted all Such who thro’ age, Infirmitie, or Poverty In the Discretion of the Select men or Trustees are rendred uncapeable to Contribute towards the Publick charge, we humbly conceive that few or none of

our Inhabitants can be so assessed by us, because we have none but must come under one of those Denominations, for our County having been the Seat of the warr these 7 years current, are extremely wasted & Impoverished, and Weakned thereby both In person & Estate, more by far than any other part of the Province, being continually Confined to our garrisons, wherein we may Easily & quickly Indeed Expend what we have, but with difficulty & Jeopardy retrieve our unaccountable Losses, besides, the continued alarms we are accosted withall, whereby we are obliged to be In arms upon Every report or approach of the Enemy does abundantly disappoint & discompose for buisness, and being In actuall & personall Service upon Every such Emergency by watching & warding, & Scouting, Exposes all unto Poverty Enough; for tis allwayes with our own arms, our own ammunition, our own Provision. we are Indeed by an act of the Gen<sup>r</sup> assembly confined here, and cannot remove now, without the Loss of our Possessions, or else we should quickly & vnanimously pluck up stakes & be gone, & betake ourselves to some other Place, where we might live tho poorly yet safely & securely. our poor are here Increasing upon us, & our widowes Every day, the Patronage of them & of our ophans is recommended both unto yourselves & us, for tho we do with all thankfulness acknowledge the Security we Enjoy under your Government, & owe all that we are & have unto it; yet what can be Expected now we are become Insolvent: besides necessity is laid upon us to uphold the ministry amongst us, that we may not perish for lack of vision; and that is more than we are able to doe: upon such vrgent considerations only do we humbly & Earnestly address your Hon<sup>rs</sup> that a Supersedeas may be Granted unto Each of those warrants; that the Rigour thereof may not be Exacted upon us, but that the Execution thereof may be

suspended. & so shall your Humble Petitioners Ever pray

Humbley Sheweth,

That the s<sup>d</sup> Widow (in the begiñing of this present Warr) lost her husband, and she, with much defieoulty & Charge maintained her fort at Cape Nuddiek, about two Years but in the year (1691) she was Niglected, her neighbours left her, her sons remoued, she was forced to quitt the (then) best fort in the Easterne parts, which was within one Week Seized by the Eñemy, her houses one of stone an other of wood within the Wals burnt— during the time of her abode there she was very Redy and forward, to supplye soldiers with beefe and other provisions vpon their March & otherwise — as need required, she obtained a ticket from your petetior and some other Coñmand<sup>rs</sup> of her disbuirstments, and had A debent<sup>r</sup> signed to the Tresurer for fifteen pounds and seventeene shillings (accord- ing to my best rememberance) sent it to her by her son-in-

law, to Situate, and her s<sup>d</sup> son lost it by the way, the books haue been serched, but no payment thereof found, she hath made as many Journays vp to Boston with A man she Hired to Come with her (about it) as cost her aboue three pounds in money & alwayes mett with disapointments, althô o<sup>r</sup> late Hon<sup>d</sup> Gou<sup>r</sup> promised her she should be pay<sup>d</sup>, yett she being weary, left the matter w<sup>th</sup> y<sup>r</sup> pettetion<sup>r</sup> & c :

Now my prayer to your Hon<sup>rs</sup> in the behalfe of this poor old Widow is, y<sup>t</sup> after all her great losses she may haue this Just debt honestly pay<sup>d</sup> her,—and the petetion<sup>r</sup> shall remaine Your hon<sup>rs</sup> humble Serv<sup>t</sup>

S<sup>r</sup>

I have rec<sup>d</sup> yo<sup>rs</sup> of yesterday from Portsm<sup>o</sup> and am glad to hear of y<sup>e</sup> welfare of yo<sup>r</sup> Selfe and y<sup>e</sup> Forces under you ; and that Maj<sup>r</sup> Church is safely arrived ; I am glad that my Order came so seasonably to prevent y<sup>e</sup> dismantling of Saecoe Fort understanding that y<sup>e</sup> people in those parts are so much concerned about y<sup>e</sup> Support thereof. I apprehend y<sup>e</sup> Enforcem<sup>t</sup> of it with an addition of thirty men may be sufficient, and y<sup>t</sup> y<sup>e</sup> remaind<sup>r</sup> of y<sup>e</sup> recruits sent thither by you may be drawn off ; or else they will soon want Supplys of Provision which it will be difficult to convey thither. As to the Re in forceing of Major Church I must refer it unto yo<sup>r</sup> Selfe to Encourage it as you can, I have spoken w<sup>th</sup> L<sup>t</sup>

Gov<sup>r</sup> Usher about Cap<sup>ne</sup> Walton<sup>s</sup> goeing; who is not willing to consent to his leaving his Post at the Fort at this juncture, reposing great trust in his Co<sup>m</sup>mand; But is willing that any other Officer or person within the Province should go on that designe I have here inclosed two blank Co<sup>m</sup>missions which I leave to yo<sup>r</sup> prudence to fill up y<sup>e</sup> names of sutable persons as shall offer themselves to y<sup>t</sup> Service, and what are more necessary I direct & Impower you to Commissionate; I am very desirous that y<sup>e</sup> war may be pusht forward if possible to some good Effect, and am well Satisfyed your Selfe is in Co<sup>m</sup>mand for that Service, knowing y<sup>t</sup> you will give proper directions; In case any of y<sup>e</sup> Inhabitants or Souldiers under pay in those out posts shall offer themselves to go w<sup>th</sup> Major Church in his Expedition; It will be necessary that you Enforce those places with some of your Forces until their return again, and do it in such manner as will best reach their Satisfaction I am very unwilling that anything should be put upon yo<sup>r</sup> men contrary to their own inclination, being so ready and willing to offer themselves in makeing so briske an Expedition; I am credibly inform<sup>d</sup> by a person that was upon y<sup>e</sup> Spot and made his observation and had it also from the French themselves that y<sup>e</sup> whole body of Indians y<sup>t</sup> appeared at Pemaquid w<sup>n</sup> all was added to them out of the Ships did not make up full three hundred, and there was but one hundred french besides those y<sup>t</sup> belonged to y<sup>e</sup> Ships; the rumour of so numerous a Company as was at first reported, and y<sup>e</sup> so easy giveing up of y<sup>e</sup> Fort at Pemaquid, put people under much consternation; ; who I hope have a little recovered themselves. Major Walley is directed to send you a further Supply of Provisions.

It seems very unreasonable that the Province of Hampshire who receive so much benefit and Security by all our Expeditions to y<sup>e</sup> drawing of so Vast a charge upon this Province should be altogether unconcerned therein which I

desire you to lay before and urge upon the Gentlem<sup>n</sup> there that they may be excited to contribute thereto.

Our Naval preparations are near ready, it is very great fatigue unto me to set forward that Expedition & dispatch the French Prisoners.

Let me have advice what is further necessary. being in a great hurry I am with due respects. S<sup>r</sup>

*Address to the King. Sept. 24, 1696.*

To the King's most Excell<sup>t</sup> Ma<sup>ty</sup>

The humble Representation and Address of the  
L<sup>t</sup> Govern<sup>r</sup> Council and Assembly of yo<sup>r</sup> Ma<sup>ty's</sup>  
Province of the Massachusetts Bay in New Eng-  
land in America

Most Gracious and Most Dread Sovereign./.

The Illustrious Rays and benigne Influence of yo<sup>r</sup>  
Ma<sup>ty's</sup> Princely Care of yo<sup>r</sup> Subjects so remote

reflected by the R<sup>t</sup> Hon<sup>ble</sup> the Lords of yo<sup>r</sup> Ma<sup>ty</sup>s most hon<sup>ble</sup> Privy Council in their late dispatch to this Yo<sup>r</sup> Ma<sup>ty</sup>s Governm<sup>t</sup> have confirmed our hopes That yo<sup>r</sup> Ma<sup>ty</sup> will be pleased graciously to Entertain the humble Address of yo<sup>r</sup> Loyal and dutiful Subjects, in most humble manner representing y<sup>e</sup> distressed and (unless Almighty God shall incline yo<sup>r</sup> Ma<sup>ty</sup> early to interpose) despairing Condition of this yo<sup>r</sup> Ma<sup>ty</sup>s Province. Whereupon We humbly crave leave to lay before yo<sup>r</sup> most Excell<sup>t</sup> Ma<sup>ty</sup> That this yo<sup>r</sup> Ma<sup>ty</sup>s Province as it hath been for a long time past, is still languishing under a wasting War with the French and Indians, by which the Estates of yo<sup>r</sup> poor Subjects here are much Exhausted and very many of their persons destroyed and Captivated.

That the s<sup>d</sup> Enemy is reinforced by Indians drawn from the remoter parts of this Continent and Adjacent Islands, and by large Supplys of Armes, Am<sup>n</sup>ition, Clothing and other Stores and Ships of greater Force than formerly, by which they have been Enabled to make and they have made very deep Impressions upon yo<sup>r</sup> Ma<sup>ty</sup>s Interests in these parts of America this Sum<sup>r</sup>, in the loss of yo<sup>r</sup> Ma<sup>ty</sup>s Frigatt the Newport Galley, being on a cruise for yo<sup>r</sup> Ma<sup>ty</sup>s Service in the Bay of Fundy, in Company of the Sorlings, and there taken by two French Ships of War of considerable strength, which Ships of War together with the Newport and a Land Force of neer Four hundred french and Indians provided with Canon & Bombs afterwards came against yo<sup>r</sup> Ma<sup>ty</sup>s Fort at Pemaquid, and unhappily gained possession of and demolish<sup>t</sup> that

Fort, althô well Supplied and every way furnished for defence, and Seasonably Reinforc't with men.

That the French Interests in America is greatly advanced whilst yo<sup>r</sup> Ma<sup>ty</sup>s Interests in these parts are in a very languishing State, the Places whence yo<sup>r</sup> Ma<sup>ty</sup> has been Supplied w<sup>th</sup> Masts & other Naval Stores in danger next to be Seized, and by reason Of the growing power of our French Neighbours, both the Southern and Northern Trade and Fishery is much damaged.

That the charge of the War hath layen heavy upon the Province Connecticut haveing contributed little, Rhode Island and New Hampshire nothing at all towards the Support of yo<sup>r</sup> Maj<sup>ty</sup>s Interests; But have drawn a considerable charge on this Province for their defence.

Wherefore we yo<sup>r</sup> Ma<sup>ty</sup>s most humble & distressed Subjects Implore yo<sup>r</sup> Royal Aid, humbly praying That yo<sup>r</sup> Majesty would be graciously pleased to order that yo<sup>r</sup> Ma<sup>ty</sup>s several Governments within these Territorys may be jointly concerned in the prosecution of the War, and Supporting the Charge thereof.

That Port Royal and S<sup>t</sup> Johns in Accadie or Nova Scotia may be Setled by Erecting of a regular Fortification furnished w<sup>th</sup> all necessary warlike Provisions and Stores and a Suitable number of Souldiers posted in Garrison at each of the said places at the charge of yo<sup>r</sup> Ma<sup>ty</sup>s Exchequer; which is apprehended will be a greater bridle upon the Enemy by reason of their Scituations than Pemaquid could be.

That a Sutable Supply of Añnition & other Warlike Stores may be Early and speedily dispatch

hither for the defence of yo<sup>r</sup> Ma<sup>ty</sup>s Forts & Garrisons within this Province.

That there may be an Addition of some further Naval Force to the two Frigatts now here, by one or more ships of greater Strength for the Guarding and Defence of the Sea Coasts and Securing the Navigation, the French Ships of War that have visited these parts this year exceeding both in number of men and Guns, what has formerly been : And that one of yo<sup>r</sup> Ma<sup>ty</sup>s Frigatts may be permitted in the winter Season to convoy and attend our Vessells going to the West Indies to lade Salt for carrying on the Fishery, being the Chief Staple of this Country, the Seamen belonging to such Frigatt will thereby be the better Secured by yo<sup>r</sup> Ma<sup>ty</sup>s Service And the Charges not augmented.

That yo<sup>r</sup> Ma<sup>ty</sup> would graciously provide and Order the payment to such Seamen belonging to the Province Imprest here for yo<sup>r</sup> Ma<sup>ty</sup>s Service on board yo<sup>r</sup> Ships of War, at such time as yo<sup>r</sup> s<sup>d</sup> Ships are laid up in the winter, many of them haveing wives and Familys that entirely Depend upon the Profits of their labour for Subsistance : which would be a great Encouragem<sup>t</sup> unto yo<sup>r</sup> Ma<sup>ty</sup>s Sea Service, and a releife unto yo<sup>r</sup> poor Subjects : Also that a Clerk of the Cheque may be appointed to muster the Seamen from time to time belonging unto yo<sup>r</sup> s<sup>d</sup> Ships of War ; whereby the great agrievance of yo<sup>r</sup> Ma<sup>ty</sup>s good Subjects by continued and needless impresses will be redressed.

Finally we humbly crave leave to pray, That yo<sup>r</sup> Ma<sup>ty</sup> would please to take under yo<sup>r</sup> Royal Consideration the reducing of Canada, the Chief

Seat of the French Interests in these parts, and the unhappy Fountain from whence issue all our Miserys. Hereby we humbly conceive the Honour and Revenue of the Crown will be greatly advanced, the Northern will be entirely gained, And the Interests and Trade both of the Northern and Southern Plantations will be revived and Secured.

Thus in a humble dependance and Confidence of yo<sup>r</sup> Ma<sup>ty</sup>s most Gracious and Favourable Answer for the Rescuing of a languishing Province, and preserving alive a People entirely devoted unto yo<sup>r</sup> Ma<sup>ty</sup>s Service We Prostrate at yo<sup>r</sup> Royal Feet, desiring to be remembered amongst

Royal Sr

*Letter to the Lords of the Privy Council. Sept. 24, 1696.*

May it please yo<sup>r</sup> Lord<sup>ps</sup>

The General Assembly by this Convayance forw<sup>d</sup> their Congratulatory Address for the merciful Providence of God in the Signal Deliu<sup>r</sup>ance and preservation of his Ma<sup>ty</sup>s Royal person from the hands of those bloody and barbarous Conspirators and Assassimators and his kingdoms from the intended invasion. As also the humble Representation and Address of his Ma<sup>ty</sup> with Reference to the distressed and languishing State and Condition of his Ma<sup>ty</sup>s Interests and Subjects within this his Province; wherein is Set forth the deep Impressions made by the Enemy upon the same

this last Summer in the loss of his Ma<sup>ty</sup>s Frigatt the Newport Galley; which was by me Ordered in Company of the Sorlings and a yatch Tender on a cruise for his Ma<sup>ty</sup>s Service into the Bay of Fundy for the intercepting and Surprizing of the Stores of Am̄nition and other Supplys for his Ma<sup>ty</sup>s Enemy's yearly brought from France to Johns River and parts adjacent; but was unhapily overpowred by two Ships of War of greater Force than Ordinary that came this year thither, being of too great Strength for his Ma<sup>ty</sup>s s<sup>d</sup> Ships a particular Narrative of that action given under the hands and upon Oath of the Officers belonging to the Newport I have transmitted unto the Right Hon<sup>ble</sup> the Co<sup>m</sup>mission<sup>rs</sup> for Executing the Office of Lord High Admiral of England &c<sup>a</sup>

In the s<sup>d</sup> Representation and Address is also Set forth the loss of his Ma<sup>ty</sup>s Fort at Pemaquid being beset by the s<sup>d</sup> two French Ships of War together w<sup>th</sup> the Newport & a Land Force of near Four hundred French and Indians provided w<sup>th</sup> & bombs for the Storming thereof; A Copy of the Narrative given in by some of the Officers and Souldiers belonging to that Garrison I herew<sup>th</sup> transmit unto yo<sup>r</sup> Lord<sup>ps</sup> The Co<sup>m</sup>mander is under Confinem<sup>t</sup> in order to a further hearing upon that matter Cap<sup>ne</sup> Paxton late Co<sup>m</sup>mander of the Newport was then a Prisoner on board one of the Ships of War, who will be able to give yo<sup>r</sup> Lord<sup>ps</sup> some Information thereabout. The Fort was well furnished and Supplied w<sup>th</sup> all Necessarys and Seasonably reinforced with Forty fresh men upon the Intelligence of the disaster befalling the Newport, and I sent an Express to notify the Co<sup>m</sup>mander thereof and of the strength of the French with directions to be very careful and vigilant and to have all things in a posture for defence in case any Attack should be made upon them. It was feared That the s<sup>d</sup> French Ships of War and Land Force would have come forward to have made some further attempt which its said they designed for Piscataqua River had they not been Inform<sup>d</sup> of

the Arrival of his Ma<sup>ty</sup>s Frigatts with the Mast Ships and several merchant Ships from England; whereupon I Ordered a Levy of neer five hundred men for the Enforcem<sup>t</sup> of the Frontiers and guarding of that River; And also caused a Merchant Ship of good burthen to be taken up on his Ma<sup>ty</sup>s Service and Equipped for War, together with a Province Galley and a Fireship, to joyne his Ma<sup>ty</sup>se three Frigatts the Arundel, Sorlings, & Oxford and sent them forth in Search of the s<sup>d</sup> French Ships and to attack them and Endeavour the Recovery of the. It so hapne'd that they came neer to the place at Mount desart where they were all three lying at Anchor, but providence so ordered it That by reason of the wind dying away they could not reach it before night; the French haveing Intelligence of them in a great hurry and affrightm<sup>t</sup> prepared forthw<sup>th</sup> to come to Sayle and get away, and haveing the advantage of a small gale of wind comeing off the high land got out of the place & were descried the next day by one of our Ships who then lay becalm'd; but when the Sea breeze came up afternoon gave them chase and fetched upon them considerably being come neer up with them by night; but so soon as the French had lost Sight of our Ships by reason of the darkness they altered their course, the next morning and all y<sup>e</sup> day proveing very foggy, our Ships could not get sight of the Enemy; who stood away to the Eastward at a considerable distance into the Sea and met some of our ffishing Vessells comeing homeward from the Fishing ground about Cape Sables and parts adjacent and tooke three of the s<sup>d</sup> Fishing Vessels one of w<sup>ch</sup> they sold to the Master and sent home the men in her to whome they gave accompt they were chased by seural Englishmen of War and were in danger of being come up with and taken by them, had they not lost them in y<sup>e</sup> night and Fogg, fearing lest they were still in pursuit of them and made all y<sup>e</sup> Sayle they could to get away:

His Maj<sup>ty</sup> Ship Arundel, the Province Galley and several other small Vessells of War, transports w<sup>th</sup> neer five hundred Effective men under y<sup>e</sup> Co<sup>m</sup>and of L<sup>t</sup> Col<sup>o</sup> Hathorne &c<sup>a</sup> are now abroad in the Eastern parts of this Province with Orders to attempt the takeing of the Fort Setled upon Johns River and the removeing of that Enemy, and for y<sup>e</sup> makeing other attempts upon the Enemy in those parts w<sup>ch</sup> will much conduce to his Ma<sup>ty</sup>s Service if it please God to give Success. Some Private Ships of War Set forth by Merch<sup>ts</sup> and others within this Province w<sup>th</sup> Co<sup>m</sup>ission agt his Maty<sup>s</sup> Enemy, have taken several French Fishing Vessells on the Banks of Newfoundland and brought them into this Govern<sup>t</sup>, and there being no Judge of the Admiralty appointed and Co<sup>m</sup>issionated within the same I have been prevailed with upon due prooffe made to declare them Prizes. It being thought of absolute Necessity for his Ma<sup>ty</sup>s Service, and would otherwise have greatly discouraged the same and occasioned a great many Seamen to have left the Province, could they not have had their Shares of y<sup>e</sup> Prizes by y<sup>m</sup> taken which might have been of ill consequence, I have proceeded according to the directions in the Act of Parliam<sup>t</sup> and taken effectual care for Securing the parts or Shares of y<sup>e</sup> proceeds of such Prize Goods belonging to his Ma<sup>ty</sup> which is ready to be made good unto whom his Ma<sup>ty</sup> shall appoint. I should be sorry to incur his Maj<sup>ty</sup>s displeasure for my Sincere intentions therein for his Service not with designe of particular Advantage or assuming of a power not vested in me by his Ma<sup>ty</sup>s Royal Co<sup>m</sup>ission. I have had y<sup>e</sup> opinion of y<sup>e</sup> Council here y<sup>t</sup> it was advisable for his Ma<sup>ty</sup>s service, In which I pray yo<sup>r</sup> Lord<sup>ps</sup> Favour. It seems highly necessary R<sup>t</sup> Hon<sup>ble</sup> that there be a Judge of y<sup>e</sup> Admiralty Co<sup>m</sup>issionat<sup>d</sup> for this his Ma<sup>ty</sup>s Province.

I humbly begg yo<sup>r</sup> Lord<sup>ps</sup> pardon for the trouble of these tedious lines wherein I have Endeavoured to lay before his Ma<sup>ty</sup> & yo<sup>r</sup> Lord<sup>ps</sup> as briefly as I well could a plain Narra-

tive of the late passages of moment relating to his Maj<sup>ty's</sup> Service beseeching yo<sup>r</sup> Lord<sup>ps</sup> Favour in countenancing the humble Address and applications made unto his Ma<sup>ty</sup> by his poor distressed Subjects within this Governm<sup>t</sup> That they may receive a Gracious Answer to the same.

I crave leave further to observe unto yo<sup>r</sup> Lord<sup>ps</sup> That whereas y<sup>e</sup> Narrative given in by some of y<sup>e</sup> late Garrison at Pemaquid Fort, It's said that the Wall in one of the Flankers was defective haveing been prop<sup>t</sup> up all winter and began to tumble down upon firing the [guns] That stood thereon. I never was advised by the Cap<sup>ne</sup> or any others of any such defect which should have been timely cared for, and have Examined Several others of the Souldiers thereabout who deny the same; and say the wall was good and did not give way upon using of their Guns.

*Letter from Vincent Bigot to George Turfrey*

[Translation.]

Vincent Bigot of the Society of Jesus to the Most friendly Person George Turfrey,

Sendeth Greeting

What is the matter most friendly George that now for a long time we have not recd the Least Line from you in answer to ours. Certainly there is some reason, as I suppose; or if there be none, it is a great fault in you than which nothing hath befallen me more contrary to my Expectation, a long time. I prethee do you think is it fair and friendly not to return an Answer; and so to cause your friend to pine away w<sup>th</sup> longing for your Letters. If any thing had been written by us somewhat harshly; I should have thought that you had revenged our ungentleness with your Silence. But neither would this have justified your not returning an answer. For thus I think with my self,

Certainly he would have courteously expostulated with me, if I had any way offended him : and then I should willingly and Easily have cleared my self. But I am well assured that whatsoever I writt to you it was written most kindly, by which you might see our most ready inclinations to you. Indeed I am not ignorant wherein the civilities of friends consists in writing to one another or in contending about Religion in a friendly way. If I did affirm that the Principles of your Religion were altogether idle ; I do stand to it and will evince that you might see by my writing, I did it not out of anger. My George, believe me, This One thing I aim at in writing, Warning, Chiding ; that you may be sensible of the vanity of your Religion, that so you may look out and take care of yourself. For you are Undone unless you take care of your Salvation ; which if it were possible I would willingly secure to you with my blood. Neither may you imagine that I write these things by chance, or upon some sudden fancy. What I speak is of set purpose, so that nothing could prevail with me to change my mind. But hearken most courteous George to what I am about to say to thee. I did and do still very much wonder at what I lately heard of a certain Indian ; viz. that the Earl of Bellomont earnestly desires to get us into his hands ; so as to hire the Indians themselves with a great Reward that they would effect it ; and that he gives out that if he once take me, that I shall not go away Scot-free but that he will thrust us into a most loathsom Prison, where we shânt see a glims of Light at Noon-day ; and that he will keep us there at his pleasure by the space of six whole years ; and then take order for our transportation to England. But when a certan Indian that heard this, replied that the Earl of Bellomont went about a business that was odious to the Indians as well as to the French, He added that the Earl of Bellomont indeed desired the Friendship of the Indians but was not very thoughtfull about the

French whether they were friends or foes. I have not writt this in my own, but in the very words of him that related it to me. I call to witness that holy and inviolated Faith & Credit among all Nations mutually one towards another, unless happily it be banished from you, how barbarous this Design! With the good Leave of the most illustrious Earl I would say, that He would not thus Speak, if He would a little recollect, and come to himself, and weigh what a manner of thing it is in a time of Peace to deal Cruelly and rigidly with an ingenuous people that love & cherish Peace being innocent and uncondemned. But whence is this I beseech you, that He should have so much hatred and Malice against us as not to be able to hide it. For certain, as to me reasoning with my self, and viewing things with the greatest heedfullness, Nothing occurs whereby we might deserve this Animadversion w<sup>ch</sup> he would exercise towards us. But this He has effected by his Threats even to afford me the most pleasant Remembrances of my Conscience. For I remember how industriously I behaved my self, that I might save many English from death, which I also obtained: Others I brought to French mens Houses: And such as I could not do this for, living here as I doe, they are not ignorant how great my care was to do them good, helping of them with my small estate comforting them, getting some Supings for the Sick, asswaging y<sup>r</sup> misery, and easing their mind one way or other. This they themselves I suppose will not disown that there was no duty of ours lacking to them: I might rather say, that I had a ready mind to do them good. But I am ashâmd to cast this in your teeth, my George, as if it repented me of my good deeds. Yet they have more need to be ashâmd, who by their unmercifullness and Inhumanity compel us to do so. I beseech you, what could I doe more fully to oblige all y<sup>e</sup> English to me, if they had any thing of a thankfull mind. Are these the incentives of so ungenteel a Hatred against

us? If we have procured so Unmercifull an Inclination against us by loving the English, cherishing, helping, comforting, truly pitying them: if we had evil entreated them not much regarding how the wretches pined away with grief & Misery, how they destroyd themselves with continual Cares and by themselves bemoan their own misfortune. We Speak what I think: Surely I think no less than that things are otherwise circumstanced with you, than any where else in any other place: and that which elsewhere is accounted the chief Benefit; is with you accounted an ill Turn, and so taken as an Injury & Reproach. Truly upon this head I am very freely willing to be hated by you; and I should chuse nothing rather than that the Earl of Bellomont should know that we are not the men that should be stricken with a sluggish fear althô we should have fallen into his hands, forasmuch as we are innocēt, and have a good Conscience. If that should hapen I would comfort my self with this hope; that hereafter I and the Earl of Bellomont shall have the same Judge, which will give unto every one according to his Works; and therefore unto him, if he should have ventured to deal any thing harshly or unmercifully by us, unto whom it would more have becomd him to have given Thanks. For happy were we, if that only befell us w<sup>ch</sup> befell our brethren who it is certain only upon the account of Religion y<sup>t</sup> was hateful to you, were hangd and slain with all ma<sup>n</sup>er of punishments: and not being at all affrighted with the death of their Brethren, succeeded one another as heirs of their Labors and Death. Neither do we complain of their being made away, but rather envy them their Lot, accounting it a great Honor if so great a good should befall us, being ready to render immortal Thanks to the Earl of Bellomont, and to beseech God with our daily prayers, for his return to our most holy Religion. By this one thing he may certainly know that we love him, concerning whom he talks so vainly that we hate

him. I know well enough and will maintain it, that no sufficient cause can be produced by the most illustrious Earl, for which he should hate us. But what can one doe to that man that has a mind to hate one for nothing. Be sure thô he hate, he shall not get this by his hatred of us, that we should hate him again. He shall not gain it I say, as I suppose. Yea our Love towards him and you shall increase daily. We will conquer & overcome Hatred with Love. It is a sure and ruld case that a man in publick place, as is fit, and is in vogue not only for his Nobility but also for his Warlike Valor, should very much value himself upon his Honor. And when I recount that these chief Ornaments belong to the Earl of Bellomont I can hardly imagin that he should have so unpleasing & unmercifull design against us. I mean that he never of his own accord contrived, whose innate Civility joined with his Nobility I know. I am well acquainted with the guise of Tale-bearers who so greatly hate our Country-men, that they cãnt contain themselves but they must do them some Mischief, & y<sup>t</sup> at unawares. I say, the Hatred of Back-biters is inveterat, and they have been accustomed to hate our Country-men, who for the restoring of them to the Catholick Religion did lay out themselves in England many years agoe, and their Labor & life; Bestowing their Endeavours to the Catholics privatly & under a disguised habit: Not at all shunning death, but suposing they should do rashly, if crouding themselvs upon death, they should anticipat the time fore-ordained them of God, and by an untimely death have withdrawn their small Endeavour how little soever from the Catholicks: Therein following the Example of the Apostles & others of the holiest of Men; who were not at all ashãnd to abscond & conceal themselvs, when the affairs of Christianity required it. Out of all doubt we are become Odious to them upon no other Account. For certain they mistake themselvs, and are unacquainted with us, if they

suppose that we shall be frightened from our undertaking by these Odiums. We will not give over to reprove, chide, in friendly manner call upon you, that you speedily remand & banish from your Coasts that Religion which hath imported so many Monsters of Religion into your Country of England. It doth appear, and will be manifest to after Ages of what profligate manners those men were, that were the authors of that Religion: that so at length you may give place to Truth, being so often convinced of the vanity and folly of your Religion. He that shall deny the Truth of what I say, he is unacquainted with what has passed in our Times. Hearken a little I say, most dear George; I speak of the most famous things that have been done in France & England. In France how often have the most learned champions of your Religion been convicted that they profess & teach a false Religion; insomuch that some of them there have been driven ingenuously to acknowledge their Conviction; and having owned the Catholick to be the True Religion, have heartily embraced it and having thus embraced it, have defended it by publick Writings. Others much more Unhappy refused the Sincere Light of the Truth which shined upon them; postponing the Loss of their Soul to dishonourable Gains, making a foolish Excuse that if they should yield the acknowledged Truth they should be Undone with their family, Wives & Children for whom by their Ministry they provided the Supports of Life.

Also in your England, we are not ignorant that your Ministers were often convinced by the Catholicks; yea that the whole Rout of your Ministers has been once & again conquered by one single Catholick. I will Instance one. One Parsons not unknown to you shall be in stead of all (except you are altogether ignorant of things transacted among you) whom a glorious death undergon by the hatred of our Religion, enroll'd him in Heaven. For what should your Ministers doe, when they saw their ignorance openly

exposed by a publick dispute with Parsons about Religion? What should they doe I say, not being able to endure their Disgrace & Reproach?

They reckond they should be contemned by all; unless by renewing the Combat they did overcome him by whom they had been basely foiled. They goe to Elisabeth and petition. Was ever any more Unworthy Action done! They starve the man with long hunger, supposing they should not find him a very difficult Enemy, that he would hardly be able to speak with any Sense or Coherence, being enfeebled with long hunger.

A Day is set for the New Encounter. Both the Nobles & coñon people With great Eagerness flock to the place assigned for the Dispute. After they were set, Persons is brought forth pined away with hunger and Leanness, and is placed upon a low Bench thwackd with a great parcell of the Ministers books. You may see the Contest was managed very Unequally; viz. That one single man should encounter Many Men; One naked man an armed Multitude. In the first place for fear the Dispute should never come to an End, this Rule was established by the Peers; That whom they should pronounce Overcome: It should not be at all Denied. They go to it. One Antagonist after another sets upon Persons, and is as easily overcome by him. Inasmuch as the Truth of our Most holy Religion in this weak dwarf pined with long Continued hunger, was not Weak! Inasmuch as it stands in no need of humane help for its own defence! What needs many words, Ile be above board, and declare plainly what was done in your Country of England in the Open Light.

At last it came to this, The principal men grudging at it, and openly Complaining of the indignity offered them by their Ministers in setting a false gloss upon Religion: the ministers were forced to provide for their safety by flight: And hardly so did they escape the assaults of the iraged

Multitude, who in like manner clamored that they were Mock'd by their Ministers. In truth I think those Ministers of yours were very much to be pitied! The same Persons whom they dreaded as the Enemy of their false Religion; which they defended, and he opposed in his health and vigor; they find him an Antagonist not a whit weak-end, when debilitated by long continued hunger. So that their most wicked Tricks did nothing avail them. Nay, they were so far from gaining the victory that they were Cock-sure of, as also their Honor shaken in the first Encounter, the Loss of which they hoped to have repaired in this new Dispute, they Utterly lost; having much ado to escape with their Lives.

Look ye, most dear George, and diligently weigh with your self. I assert, and will evince, that almost all the Learned and sound Men amongst you do thoroughly see the Errors of your Religion; that you may not think I write all this to you out of Ingorance & Imprudence. How long yet it shall it be before you take care of your Salvation? How long will you cheat yourselves, or however suffer your selves to be Cheated with the silly forgery of your most Vain Religion? I pity thee, and thy people, most friendly George; and there is nothing that I desire more than that you would at length unlearn your Errors, and embrace that one only most uncorrupt Catholick Religion; which for so long a time did most holily flourish in England, as I have now written to thee, which is yet also there most holily observed; which hath brought forth so many most sacred Kings for Heaven, so many most valiant Martyrs. Except perchance you excell these (Oh immortal God, how Great Men) in Judgment & Prudence. You should have more regard to these the Uprightest of men, your own Countrymen; and not to those filthy Varlets which have cheated you with a most foppish Religion.

The day I think will fail me before I make an end of writing. But you will say, To what purpose is all this?

Did you manage this affair? What is become of the Earl of Bellomont, how did he get away from you?

My most courteous George, I my self scarce well know from whence, which way, and in what manner I am come to this place, being unmindfull of my first Design. Sure by this you may plainly discern two things; first how Unangry, yea how friendly an adversary the Earl of Bellomont has: the other is, How vehemently I desire that you would study the Catholick Religion. But I must dispatch, I return to your most Illustrious Earl, whom be sure I Love & honour with my whole heart; and to whom I believe it is not natural to think or speak so harshly and unmercifully of us. That He doth under the severest penalties forbid the English furnishing us with provisions; no great hurt or trouble accrues to us thereby. 'Tis twenty year & more that I liv'd among the Indians, without any lack of your diet. If indeed we have among them lead a life hard and sorrowfull enough be sure it was voluntary; we were not brought to it by the force of any person. Unless the love of Christ, which always puts us forward, have constrained us. Moreover the Earl of Bellomont effects nothing by all this; Will he, nill he, so far as I can conjecture, your provisions will be brought to me. Unless perhaps he should bring you to this, that no provisions at all should be bought of you by the Indians. For certain, in my opinion it had been more mild, if he had warned us in an amicable manner, or caused us to be warned. We could have cleared our selves with a wet finger; and have taken away all suspicion out of his mind concerning us. But let this suffice. My George I embrace thee with all my heart, most friendly of men. Farewell, and always love me. In the Village called An-messoukkanti, the fifth of October.

Gent<sup>n</sup>

You were not altogether unsensible of the dangerous and difficult circumstances attending this his Ma<sup>ty</sup>s Province at the time of yo<sup>r</sup> late departure from hence which are since no whit abated but rather augmented, more especially by the unhappy disappointm<sup>ts</sup> of the Expeditions then on foot under the conduct of L<sup>t</sup> Col<sup>o</sup> Hathorne and Major Benj<sup>a</sup> Church, the issue whereof was chiefly the recovery and bringing away the Ordnance Shot and other appur<sup>ces</sup> there-to belonging, brought from France this last Sum<sup>er</sup> and landed at y<sup>e</sup> River of S<sup>t</sup> Johns in Nova Scotia for the En-forcem<sup>t</sup> of that River. The General Assembly have formerly and by this Convayance do renew their humble Address unto his Maj<sup>ty</sup> for a Supply of A<sup>m</sup>unition and other War-like Stores w<sup>th</sup> an addition of further Naval Force for the Security and defence of his Interests within this Province and that the same may be dispatch<sup>t</sup> so as to arriue here very early in the Spring. Our Agents are referred to amore full and particular Information of our State from yo<sup>r</sup> Selves. And it is desired by my Selfe and the Council that you with other of our Countrymen in London with such Gent<sup>n</sup> as are concern<sup>d</sup> in Trade hither would wait upon them, and acquaint them with our particular wants, and difficultys and how insupportable the War will be unto us without we may be assisted by the Neighbouring Governm<sup>ts</sup> of Rhode Island and Conneticot, who you know have been greatly increased and enriched by the War whilst the burden and charge thereof has layen upon this Province;

*Address to his Majesty. Dec. 5, 1696.*

To the most Illustrious and Mighty Prince  
William the third of England Scotland  
France & Ireland King, &c.

The humble Address of the L<sup>t</sup> Govern<sup>r</sup>, Council  
& Assembly of yo<sup>r</sup> Ma<sup>ty</sup>s Province of the Mas-  
sachusetts Bay in New England in America

Renowned Sovereign

Upon a Review of our warlike Stores; which are exceeding low; and the very Sensible apprehensions entertained by us, how much yo<sup>r</sup> Maj<sup>ty</sup>s Interests within these yo<sup>r</sup> Territorys are in danger of being exposed unto the Insults of a powerful Enemy flush<sup>t</sup> with late Successes in the parts of America and thereby animat<sup>d</sup> to make further Attempts wherewith we are particularly threatned at the return of the year, has moved us in sense of duty, esteeming it highly necessary for yo<sup>r</sup> Maj<sup>ty</sup>s Service in all humility to lay before yo<sup>r</sup> Princely and Compassionate Consideration the greatly distressed and very hazardous State & Condition of yo<sup>r</sup> Ma<sup>ty</sup>s Interests and Subjects within this yo<sup>r</sup> Province, almost quite exhausted and ready to sinke under the Calamitys and fatigue of a tedious consuming War, the direful Effects as well as charge for the prosecution whereof has principally

fal'n Upon the Estates and persons of yo<sup>r</sup> Maj<sup>ty</sup>s good Subjects within y<sup>e</sup> same, divers very costly and well formed Expeditions have been made and cheerfully Supported by them in their own Neighbo<sup>r</sup>s defence and for the disresting and Subducing of yo<sup>r</sup> Ma<sup>ty</sup>s Enemies, tho unhapily failing of the desired & Expected Success.

The circumstances of this yo<sup>r</sup> Ma<sup>ty</sup>s Province we conceive with humble Submission to be very different from most of yo<sup>r</sup> Ma<sup>ty</sup>s other Planta<sup>cons</sup> we haveing not onely the same warlike & Politick Enemy with them to guard against and oppose: whose appearances near to vs of late have been more formidable; But are very grievously oppressed also with the bloody Salvage perfidious Indian Rebels, who are borderers on all o<sup>r</sup> Frontiers, and can at their pleasure make inroads into y<sup>e</sup> bowells of y<sup>e</sup> Province (such is y<sup>e</sup> Scituation of our Towns) and all y<sup>e</sup> by passages leading thereto so well known & traversed by them) So that we are obliged to maintain constant Guards to secure us from their Incur-sions as well as upon the Sea Coast, the benefit whereof extends unto yo<sup>r</sup> Maj<sup>ty</sup>s Subjects of the Neighbouring Govern-ments: who notwithstanding decline to afford either a Quota of men or money thereto: which is humbly Represented in our late Address transmitted by yo<sup>r</sup> Maj<sup>ty</sup>s Ship the Sorlings Convoy to the Mast Ships.

We probably hope, That the Severitys of the winter and difficultys of the Coast at that Season will give us a present Respit from Forreign Invasion; Yet have reasonable grounds to expect That so soon as the Spring advances we shall be attacked by a considerable Naval Force; besides what Force of the French & Indians may be drawn together at the same time to fall upon our Frontiers, the apprehensions of our danger puts us upon makeing all the preparations we are capable of to Repel the Enemy, but all that we can do therein is likely to be ineffectual; Unless yo<sup>r</sup> Maj<sup>ty</sup> be gra-

ciously pleased of yo<sup>r</sup> Royal bounty to afford us early Supplies of Ammunition and other warlike Stores necessary for our defence.

We therefore most humbly Supplicate yo<sup>r</sup> Ma<sup>ty</sup>s favourable acceptance, and Gracious Consideration of what we have herein very truly Represent<sup>d</sup> of the distresses and dangerous Circumstances attending your good Subjects within this yo<sup>r</sup> Province; who have none under God but the Lord the King to cry unto for help and Succour haveing formerly rec<sup>d</sup> very sensible marks and expressions of yo<sup>r</sup> Ma<sup>ty</sup>s Royal Favours, care of and regard unto them, and have been particularly encouraged by an express dispatcht from the R<sup>t</sup> Hon<sup>ble</sup> the Lords of yo<sup>r</sup> Ma<sup>ty</sup>s most Hon<sup>ble</sup> Privy Council; with Notification of the French Preparations for an Attack upon some parts of America in y<sup>e</sup> Sum<sup>r</sup> past and assurance of such Speedy assistance to be sent as the State of Affayres at home should permit w<sup>th</sup> particular regard to y<sup>e</sup> Exigencies they should lye under.

We are humbly emboldned to hope and pray. That yo<sup>r</sup> Maj<sup>ty</sup> of yo<sup>r</sup> wonted Grace and innate Goodness will be pleased to Order a Sutable Supply of Gunpowder and other warlike Stores to be forthw<sup>th</sup> dispatch't into this yo<sup>r</sup> Maj<sup>ty</sup>s Province; And that we may be further Strengthened by some of yo<sup>r</sup> Maj<sup>ty</sup>s Frigatts of greater Force than those at present in this Station for guarding of the Coast during the Sum<sup>r</sup> Season; The hearts of yo<sup>r</sup> Ma<sup>ty</sup>s good Subjects will be hereby revived and Encouraged to expose themselves with utmost hazards in the defence of yo<sup>r</sup> Maj<sup>ty</sup>s Interests and the opposing of all yo<sup>r</sup> Enemys

and a considerable Branch of yo<sup>r</sup> Maj<sup>ty</sup>s Dominions by the blessing of Almighty God will be preserved; otherwise in no small danger to be Swallowed up and made a triumph to the Enemy —

Province

The Select men of Kittery humbly Petition That yo<sup>r</sup> hono<sup>rs</sup> would Condescend to take thought concerning o<sup>r</sup> poor Estate and accordingly be helpfull to us. Tis more difficult abundantly plainly to represent our Calamity to yo<sup>r</sup> Hono<sup>rs</sup> than solemnly here to groan under it; the latter during Gods good pleasure we must endure: which we hope by your sensible acquaintance therewith may in some measure be alleviated, if it might please yo<sup>r</sup> Hono<sup>rs</sup> to abate the whole set proportion in that Province Rate which was Granted Nov<sup>br</sup> 18<sup>o</sup> 1696 amountting to 36<sup>lis</sup> according to y<sup>e</sup> Treasurers Warrant Mar. 17<sup>o</sup> 169<sup>z</sup> which (seuerall things considered) we think scarce possible to be collected within our precincts

1 May it be thought on the Town in Generall are almost ouercome & discouraged by the tediousness of the Warr finding their Estate daily decaying and Expecting Poverty to come upon them like an armed man

2 As indeed (blessed be God) some and those but a very few that can w<sup>th</sup> much adoe Get a Comfortable lively-hood, so uery many are in the greatest extremity not having a days Prouision to live upon nor any thing where by to procure sustenance insomuch that it's wonderfull y<sup>t</sup> some do not perish for want, and as they are destitute of money wherewithall to assist y<sup>m</sup>selues with things necessary (so we yo<sup>r</sup> Hono<sup>r</sup>s humble supplicants cannot (with conscience) impose any burthen upon y<sup>m</sup> except yo<sup>r</sup> hono<sup>r</sup>s after Consideration of y<sup>e</sup> Circumstances are pleased not to release y<sup>r</sup> Taxes.

3. As many of oure Inhabitants are very poor so we are uery much charged by the maintainance of others who are not capable of getting y<sup>r</sup> necessary sustenance, as some aged some maimed and severall whose livings (further toward the East) the Enemy has ruined w<sup>ch</sup> makes o<sup>r</sup> own Town taxes not a little burthensome.

4 No small charge considering our Poverty is expended in repairing o<sup>r</sup> Garrisons whereby yet we are more disenabled.

5 We have disbursed this year already more for y<sup>e</sup> Publick then doth well consist with o<sup>r</sup> Living especially seing thô we are for the most part husbandmen yet the greatest part of y<sup>e</sup> Town haue had little or no help by y<sup>r</sup> Summer Lab<sup>r</sup> for Grain w<sup>ch</sup> has occasion the disbursm<sup>ts</sup> of most to be Large and of many Greater then their Incomes.

6 We are daily in Expectation of the Enemies invading us (The Good Lord prevent them), We beg yo<sup>r</sup> Hono<sup>r</sup>s would Consider our condition and be mindfull of our hard Circumstances, and would see Cause to release us from w<sup>t</sup> Publicq charge your Hono<sup>r</sup>s Prudence shall think fit, Especially the forementioned Tax: However we humbly signify o<sup>r</sup> Case (resting in Yo<sup>r</sup> Judgm<sup>t</sup>) which if yo<sup>r</sup> Hono<sup>r</sup>s please to pittty in this regard we shall be very thankfull. The humble Petition of Cap<sup>t</sup> James Weemes  
Sheweth

That whereas yo<sup>r</sup> pet<sup>r</sup> was Leiv<sup>t</sup> of a foot Company during the time S<sup>r</sup> Edmond Andros was Govern<sup>r</sup> of New England, and was in the service at the Eastward ag<sup>t</sup> the Indians for severall months, and continued therein till the time of the Revolution here w<sup>ch</sup> happened on or about the 18<sup>th</sup> day of April 1689, and at that time yo<sup>r</sup> pet<sup>r</sup> and Company was at the Garrison of Pemaquid; and the Govern<sup>r</sup>, Council and Rep<sup>s</sup>entatives convened at Boston agreed and ordered that yo<sup>r</sup> pet<sup>r</sup> should be written unto, to take care of the s<sup>d</sup> Garrison, with a promise to him & his Company of the Kings pay, And yo<sup>r</sup> pet<sup>r</sup> continued in the s<sup>d</sup> Garrison till the 13<sup>th</sup> day of August, then next following, where yo<sup>r</sup> pet<sup>r</sup> suffered very much hardship, severall of his Company deserting him, and those that remained were very disorderly and threatned to run away unless yo<sup>r</sup> pet<sup>r</sup> would pay them dayly w<sup>ch</sup> he was necessitated to do for the p<sup>s</sup>ervac<sup>o</sup>n of the said Garrison, and having but 30. men left the said Garrison was forced out of his possession by the french & Indians, where yo<sup>r</sup> pet<sup>r</sup> also suffered greatly, having his face very much injured with the blowing up of some gun powder, and narrowly escaped with his life, and lost all his furniture to his further damage, for w<sup>ch</sup> yo<sup>r</sup> pet<sup>r</sup> never rec<sup>d</sup> any pay.

Now for asmuch as their Ex<sup>c</sup>yes the Lords Justices in Council the 26<sup>th</sup> day of August 1697. have rec<sup>o</sup>mended yo<sup>r</sup> pet<sup>r</sup> to his Ex<sup>c</sup>y the Govern<sup>r</sup> to take Effectuall care, that yo<sup>r</sup> pet<sup>r</sup> be satisfied what shall appear due to him for his

Convened in General Assembly for his Maj<sup>ties</sup> Province  
Of the Massachusetts Bay in New England  
we The Subscribers, (in behalf of the Parish of Barwick)  
Humbly Shew

1. Whatsoever Building, Shipping, or Fishing the town of Kittery is Concerned in, doth not pertain, any of it, to Barwick, Neither are any persons thereof Interested therein.
2. The greater part of y<sup>e</sup> s<sup>d</sup> parish is wholly wasted by the Enemy.
3. Our principal dependence hath been on Mills, which brought the most of our incomes to us : w<sup>e</sup> are all burnt or by the war made Useless.
4. The whole Parish (remaining) is much Exposed to the danger of the war, & as much a Frontier

place as Any town in the prov<sup>e</sup> Every one being Closely Confined to Garrison, and Cannot attend their Ordinary Occasions, w<sup>th</sup>out Extreme danger.

5. Our Inhabitants are generally Exceeding poor, & not w<sup>tho</sup>t great Scarcity & Suffering able to live.
6. The Enemy have very Lately destroyed Several men, made some widows, & wounded Others, whereby much of their Little Estate will be expended if not all wasted.
7. Our Crops of Corn (w<sup>e</sup> at best are very small because of y<sup>e</sup> want of safe Land) have Extremely failed; the last year not a tenth part (scarce) of grain being raised w<sup>ch</sup> y<sup>e</sup> people needed for their years Provision. Insomuch, that, Several families might have perished w<sup>th</sup> hunger, had not y<sup>e</sup> Charitie of o<sup>r</sup> Connecticut Neighbours prevented.
8. We are very much oppressed by y<sup>e</sup> maintainance of poor y<sup>t</sup> are Continually admitted at Kittery.
9. We have been forced (by y<sup>e</sup> Continuance of y<sup>e</sup> War) to Expend not a little in Repairing all o<sup>r</sup> Garrisons.
10. Although we have been by degrees almost utterly Consumed by this tedious war yet Rates have fallen very frequent & heavy upon us.  
We humbly petition, y<sup>t</sup> yo<sup>r</sup> Hono<sup>rs</sup> would Consider of these things & Believe that unless o<sup>r</sup> Intreaties find Audience, we must of Necessity, before long, Quit all y<sup>e</sup> Little we have Left, & flee before the enemy; And to prevent Such a Ruine to o<sup>r</sup> selves & Dammage to His Maj<sup>tie</sup> & yo<sup>r</sup> Hono<sup>rs</sup> we beg~
1. That whereas by o<sup>r</sup> Numerous Calamities we are rendred uncapable to maintain the Publiq wor-

ship of God among us (although to o<sup>r</sup> Utmost ability we endeavour it) without your help. Your honours would, while o<sup>r</sup> Sufferings are so Deep please to grant us the Sum of twenty pounds a year, for that end, by the Addition of w<sup>ch</sup> & no Less, to what we may raise among o<sup>r</sup>selves, we hope to accomplish it.

2. And, that we may receive for the Year Past, to y<sup>e</sup> same end, the sum of ten Pounds, which have Already petitioned the Hon<sup>ble</sup> Liev<sup>t</sup> Gov<sup>r</sup> & Council for, as presuming it was granted in y<sup>e</sup> year 1696 witho<sup>t</sup> which it will be hard to pay o<sup>r</sup> Last-years arrears to y<sup>e</sup> Ministry.

3. And Lastly we would Request y<sup>t</sup> we in y<sup>e</sup> Above<sup>d</sup> Parish may be Considered in regard to the present & future Rates, for we are wholly unable to pay them, & Stand in need of relief o<sup>r</sup>selves in almost All respects.

If o<sup>r</sup> Condition thus faithfully Represented (tho' not fully) meet not with yo<sup>r</sup> Hono<sup>rs</sup> favo<sup>r</sup>, we are (Unless God unexpectedly & speedily Change his dispensations of Judgm<sup>t</sup> into mercy) Quite Undone: but if Yo<sup>r</sup> hearing affects you w<sup>th</sup> a Compassionate resentm<sup>t</sup> of o<sup>r</sup> woes, we are then, more than Others, Obliged to Acquitt o<sup>r</sup> selves

Humbley Sheweth

That your petetion<sup>r</sup> haueing been Considerabley Improued In his Maj<sup>ty</sup>s Service in this present warr with the Indians, for severall yeares together, as most of your hon<sup>rs</sup> know, — but your petetion<sup>r</sup> hath not yett rec<sup>d</sup> y<sup>e</sup> acustomed Wages nor that Incouragement, that others (of the like circumstances) haue had, for in the Yeare ninty, & part of the year ninty one, by a Comission from the Gov<sup>r</sup> and Council, for halfe a yeare together he had a truce with the Indians, in ord<sup>r</sup> to the Redemption of Captiues, for which service he rec<sup>d</sup> but five pound p<sup>r</sup> month, there was six pound of y<sup>e</sup> acustomed Wages kept back, also in y<sup>e</sup> yeare ninty three Your peteti<sup>r</sup> (by a Comission from his Exelency S<sup>r</sup> W<sup>m</sup> Phipps) had the Cheif Comānd of A small Regament, against the ffrench and Indian Enemy, as Maj<sup>r</sup>, which Exspedition held about three months, at which time also your petetio<sup>r</sup> rec<sup>d</sup> but Eight pounds p<sup>r</sup> month, when as the Rule of this Court then was, and pass<sup>d</sup> into an act since, ten pounds p<sup>r</sup> month, so that there was six pounds kept back of the acustomed Wages, also If Your Hon<sup>rs</sup> pleas to Remember, that som other Comanders of the like Circumstances, as Maj<sup>r</sup> Church and Maj<sup>r</sup> March, did not only Receiue ten pound p<sup>r</sup> month wages but money to bare their Exspence, for Mustering and the like, one of them twenty seven pound, y<sup>e</sup> other Eightene or twenty, now y<sup>e</sup> Comission<sup>rs</sup> promised your petetion<sup>r</sup> that as Maj<sup>r</sup> Church and other Comanders of the like Nature, did receiue, he should have the same made vp to him afterwards, and your petetion<sup>r</sup> hath Exspended of his own money vpon these Ocasions

about thirty pounds, and hath not rec<sup>d</sup> one peñey of the Countreys to help therein, and the most part of the pay he rec<sup>d</sup> was in bills, which then were sold som for twelue som forteene or sixteene shill<sup>s</sup> in y<sup>e</sup> pound, whereby your petition<sup>r</sup> lost considerabley; som Coñmand<sup>rs</sup> bought their mens debent<sup>rs</sup> vnd<sup>r</sup> price, whereby some haue been s<sup>d</sup> to advantage themselues hundreds of pounds, but your petetio<sup>r</sup> never bought somuch as one thô he had y<sup>e</sup> offer of many hundreds, — so y<sup>t</sup> in the whole he never Rec<sup>d</sup> clear for his Wages not three shillings a day, and somuch A porter might haue had Every day, besids your petition<sup>r</sup> supplied the place of A Chirurgeon in his severall Companyes for near two years, and as yett hath not had one peney allowance, which saued the prouince above a hundred pounds, and further y<sup>t</sup> other Comanders haue had the benefit of Captives & plunder but your pet<sup>r</sup> had all his captiues Improued to redeeme som of our English, Maj<sup>r</sup> Church had fīe pound apeice for his. Your petition<sup>r</sup> also in y<sup>e</sup> year (93) did by the Gover<sup>rs</sup> ord<sup>ers</sup> twelue days hard work at Salco fort, In Clearing ground near twenty acres, and diging stons (made hand barrows) and Carried them to place, and dugg Clay and loom Enough to build the fort with (as was Judged) other Comanders haue been allowed for such Extraordinary work but your petitioner was allowed nothing, and furthermore your petition<sup>r</sup> in y<sup>e</sup> year (92) was sent Eastw<sup>d</sup> in ord<sup>r</sup> to y<sup>e</sup> Redemption of Captiues, where y<sup>v</sup> lay along time in Cold wether, and he being Ill when he went from hom, got an Exstream Cold in his head, which much Impairs his hearing, of which Mallady (as yet) he can gett no Remēdy thô he hath been at pains and Cost about it

The premises Considered in Each and Every part your Hon<sup>rs</sup> petetio<sup>r</sup> humbly prays that he may haue ordered him by this Court som meet Compensation, in A way of Equity Compared with others of his fellows, as to all y<sup>e</sup> former pertic-

That yo<sup>r</sup> Petition<sup>r</sup> for the Space of three Yeares

Together hath Served his Maj<sup>tie</sup> and this country in the present warr ag<sup>t</sup> y<sup>e</sup> Indian Enemy and Last fall being in said Service in the Eastern parts und<sup>r</sup> the Command of Cap<sup>n</sup> Brackett he was by him Employed as a scout; and otherwise. and in the performance of his duty and office by watching warding and wading through rivers he gott such Surfeits, as that the Effects thereof first settled in his right side and afterwards fell into his Groyne and there swelled & broke insoemuch as that he was forced to come und<sup>r</sup> the hand of one M<sup>rs</sup> Littlefield who administred some Externall applycations to him, & whilst he was und<sup>r</sup> her hands, there came an ord<sup>r</sup> from the L<sup>t</sup> Gover<sup>r</sup> to bring the sick and wounded men from Wells to Boston, amongst w<sup>ch</sup> yo<sup>r</sup> petition<sup>r</sup> was one, and being come to Boston one M<sup>r</sup> Geerish a Chyrurgeon Appointed to look aft<sup>r</sup> y<sup>e</sup> sick & Lame men, for some small time before he left him applyed some plaisters to his body w<sup>ch</sup> slightly healed up y<sup>e</sup> wound without being throughly searched, and yo<sup>r</sup> petitio<sup>n</sup> growing careless of himself by reason of some small Ease neglected to apply himselfe to a skilfull Physitian, to make a thorow cure of said Wound, insomuch that the said Wound & his paynes & swelling anew Increased againe upon him w<sup>ch</sup> have beene soe greivous to him that he was necessitated to goe to Docter Cutler whose hands for a considerable time he has now been und<sup>r</sup> & knowes not when he shall be well haveing at this time a  
of five Inches long in his Body

Now Forasmuch as yo<sup>r</sup> Petition<sup>r</sup> is a poore man & by this sad disaster gott in the Countrys Ser-

vice is wholly disencappacitated from doeing any worke whereby to procure himself a subsistence Or to pay y<sup>e</sup> Docto<sup>r</sup> for Lookeing aft<sup>r</sup> him haueing neith<sup>r</sup> house nor home to goe to, nor any support other then the charity of good people to relieve his present streights and exegencies

He doth therefore humbly Entreate the favo<sup>r</sup> and Compassion of this high and hon<sup>rd</sup> Court to take his miserable & distressed condition unto Consideration Soe as that he may receive a supply for his subsistence out of y<sup>e</sup> publick Treasury whilest und<sup>r</sup> the Docto<sup>rs</sup> hands and that some care may be also taken for paym<sup>t</sup> of y<sup>e</sup> Docto<sup>r</sup>

Since my last to you. I am Informed it would a been Convenient for me to be at Boston my selfe in case any objections should be offerd but it is too Late neither can I imagine that any such thing may happen if Rightly Considered. for my case was then Singular and Such perhaps as never or Seldome hath hapened for an officer to be Posted at a fronteer Garrison by his Generall with a Sufficient force to defend it. and afterwards have them privately commanded away from him and he Left with a handfull Exposed to all danger., the which proceedings gave opportunity to some of my men to Leave me as the Rest did Intend. for they apprehended the danger that followed and became disobedient & told me that I was no longer there commander since the Cap<sup>t</sup> Gen<sup>l</sup> was out of all power and that they were not obliged to Stay after the 3 Companies was gone to become a pray for a morsall of Salt provision: on which I was forced to come with capp in hand to them and used severall arguments to perswade them to Stay but all would not doe unlesse I would oblige my Selfe to pay them the kings pay over and above there provisions which proposalls I was very Ready to Embrace which I then thought Reasonable as may appear to men of Sence on which they all promised to stand by me as Indeed they did till there Enemy knocked them downe and accordingly I payd them Every day in money or money worth and if M<sup>r</sup> Jeckson who was then our doctor

be a Live he can declare the truth of y<sup>e</sup> matter so that if those Gentl<sup>m</sup> of the Committee should demand any other proove or Vouchers it is not in my power to produce it the major part of the men being kiled on the Spott (and Some of the Rest Since in flanders) where I was wittnesse neither was it Ever Customary in any Regement Troop or Compaignie that a Soldier should Every day give a Receipt for his pay, when payd dayly or weekly for I am this day Some hundred pounds out upon my Comp<sup>e</sup> and no mans Receipt to show for it Except officers, this is all I can afford only my most humble Service to those worthy Gen<sup>l</sup>men and Except y<sup>e</sup> Same your Selfe from

And whereas 'tis certain the s<sup>d</sup> Town is unable to  
afford a competent Maintainance and that there  
is as much need of help as ever, having no

That the Inhabitants of said Towne by reason of the late Distressing Warr have been brought very low, and are still conflicting with many difficultys, yett nevertheless by the help of y<sup>e</sup> Lord they have obtained a minister among them to carry on the publiek Worship of God (namely M<sup>r</sup> Samuell Moody a worthy Young man (for whome they have been att a considerable charge in Building an house for the accomodation of himself and family, and not being able for the present to afford him such suteable maintenance as the Circumstances of his Condicon Calls for y<sup>e</sup> s<sup>d</sup> Towne being only able to aford him thirty pounds for y<sup>e</sup> present yeares salery)

Yo<sup>r</sup> Petition<sup>r</sup> in behalf of s<sup>d</sup> Towne doth therefore humbly entreat this high and hon<sup>ble</sup> Court, to consider the premises, by being pleased to ord<sup>r</sup> unto their s<sup>d</sup> minister, out of y<sup>e</sup> Publiek Treasury such farther supply, as in yo<sup>r</sup> wisdoms shall seeme meete.
